The dedicated CAM will endeavor to respond within one hour (typically much faster) to all inquiries by the Member, and will always respond within 24 hours. There will be no additional cost for these services. Direct employees provide all of GovDeals' services. In addition to their salaried compensation, GovDeals' employees are further incentivized with monthly commission or annual year-end bonuses determined by the company's profitability.

27	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	Properly managing the sale of government assets and ensuring maximum ROI requires a great deal of knowledge and expertise. Although our platform is designed for the efficiency of self-service, GovDeals is committed to sharing our strategy knowledge with Sourcewell participating agencies through very interactive and hands-on service. We combine an easy-to-use website, a large and targeted bidder audience, knowledge of auction best practice, a robust marketing program, and a history of compliance with government requirements and regulations, to offer a service that is unequaled by other vendors. GovDeals will provide easily accessible, highly responsive technical support and customer service to all Sourcewell participating entities. Typical response time is under an hour, and we commit to always respond within 24 hours. Client Account Managers may be reached by cell phone or email 24 hours a day, 7 days a week. If for any reason a participating agency's Client Account Manager is not immediately available, they may contact GovDeals' Client Help Desk. Staffed by fully trained Client Services Representatives, the Help Desk provides technical support and problem-solving by toll- free phone, live chat, and email. The Help Desk is available Monday through Friday, 8 a.m. ET to 7 p.m. ET. We have 46 Client Account Managers and Business Development Representatives based strategically throughout the U.S. to provide direct service to participating entities nationwide.
28	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	We have a team of four Canadian Client Account Managers and Business Development Representatives led by a Managing Director exclusively to serve clients and drive adoption of GovDeals by Canadian government agencies. As stated in Line Item 27 above, we continue to properly and proactively scale our business so that we may deliver on our promises by hiring and retaining solid, hardworking, and dedicated employees in all regions of the U.S. and Canada that believe in what we do. Our extremely low turnover has allowed GovDeals to create a strong culture of shared success and ownership in the best practices that make us a committed partner in success. Canadian Sourcewell participating agencies will receive the same level of service and support that agencies in the United States receive.
		Importantly, www.GovDeals.ca transacts in Canadian dollars.
29	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	GovDeals can serve all geographic areas of the United States and Canada through the proposed contract. The only caveat that may apply to non-contiguous state and U.S. Territories is that training could be limited to remote services such as webinars.
30	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for- profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	GovDeals provides services to state/provincial and local government entities throughout the United States and Canada, including higher education and K-12 agencies. Although we hold several cooperative purchasing contracts, these agreements do not limit our promotion of other contracts. GovDeals does not serve commercial or private not-for-profit entities that are not affiliated with a government entity. If any Sourcewell Members don't qualify to sell on GovDeals, they may qualify to become a seller on our sister company's marketplace, AllSurplus. AllSurplus is a separate Business Unit and has its own distinct client base and customer service organization dedicated to commercial and other private entities and is not intended for the sale of new or resale items. AllSurplus was developed separately from GovDeals in order to keep GovDeals purely focused on our government clients.
31	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	There are no specific contract requirements or restrictions that would apply to Sourcewell Members in Hawaii, Alaska, and territories. GovDeals currently serves nearly 30 clients in Alaska, including the State of Alaska. The only caveat that may apply to non-contiguous states and U.S. Territories is that training could be limited to remote services such as webinars.

Table 7: Marketing Plan

Line Item	Question	Response *	
32	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	 GovDeals will continue to market this contract as follows: Promotion by the 46 field-based sales and client service representatives Promotion at the 140+ national, regional and local trade shows and seminars we attend annually (Note: attendance to such events is limited during the COVID-19 pandemic) Encouraging cooperative contract utilization when responding to solicitations Promotion through our formal consulting representation by Government Sourcing Solutions (GSS) Samples of marketing materials promoting GovDeals' cooperative contracts are provided in the document upload section. 	*
33	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	We utilize social media and many other methods to promote and increase awareness of GovDeals, as well as specific client assets. Our experienced web development team uses rich search engine optimization (SEO) strategies to foster online visibility for all our clients' assets listed on GovDeals. Additionally, our marketing team places targeted advertisements and writes press releases to drive traffic to our clients' auctions. Our Marketing Communications Team utilizes tools such as HubSpot, Constant Contact, and PowerBI.	*
34	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	The Sourcewell award has been strongly integrated into GovDeals' sales processes and culture based on over 10 years of increasingly enthusiastic promotion of the contract where and when a cooperative or more formal contracting vehicle is needed. Our experience is that Sourcewell's role has been to equally promote all vendors sharing an award. Our view is the award would be even more successful, overall, if the specific advantages of a single online self-service vendor could be directly promoted by Sourcewell.	*
35	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	As a service provider, e-procurement ordering is not applicable. However, GovDeals' website features a one-time sign-up feature to simplify onboarding. Sourcewell Members may sign up online to utilize our service, including the ability to indicate their desire to ride the Sourcewell contract.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	
36	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	There is no additional cost for initial and ongoing training and support. Details regarding training, which is conducted by each entity's regional Client Account Manager, are provided in uploaded documentation, including a typical schedule for implementation of the GovDeals platform. There is no limit to the number of users that can be trained for each entity. A key difference between GovDeals and other vendors is GovDeals' commitment to enthusiastically support of the Participating Entities' auction management personnel. We believe strongly in the value of our best practices strategies, and we are eager to help Sourcewell Members realize untapped revenues. The GovDeals system and service offers Sourcewell Members value-added benefits such as Reallocation Tiers, Elevated Service Models, Departmental Billing, and so much more. See the uploaded documentation for the full list of such attributes.	*
37	Describe any technological advances that your proposed products or services offer.	 In addition to the inherent advantages of in-place online auctions, GovDeals' emphasis on stable, scalable technology provides many vital benefits: The GovDeals system continues to be operated by our own internal IT Department. This very experienced and agile 7-person team is dedicated to development, operation, and support of the GovDeals system. Based at GovDeals' headquarters, this team is backed by a larger IT infrastructure within our parent company's global organization. The GovDeals system and website infrastructure is hosted on the Microsoft Azure cloud platform, increasing the reliability and performance of the seller-facing and buyer-facing websites through the country and around the world. Development releases are scheduled for every 2 weeks to strengthen code, add features, and mitigate potential risks. GovDeals' real-time, interactive reporting capabilities are hosted in a very secure environment. Each Sourcewell Member will have 24/7 access to robust account reports providing a complete audit trail for each asset from the time it is added to the GovDeals system until it is sold and proceeds are collected. This audit trail will be available in each Participating Entity's GovDeals account in perpetuity. GovDeals recently launched our integrated mobile site. The availability of these tools will undoubtedly further improve the selling and buying experience for mobile users. 	*

38	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	Because the GovDeals online auction solution operates on an "as is, where is" basis, the environmental impact of further vehicle/equipment transportation is eliminated. More importantly, since vehicles and equipment are able to be auctioned constantly and not stored for lengthy periods of time in holding lots, the environmental risks associated with dripping mechanical fluids and mechanical degradation (which can occur rapidly on out-of-service vehicles) are virtually eliminated. An additional benefit is reduction in facility and outdoor space utilization. The GovDeals' continuous, as needed, "as is, where is" auction model enables surplus vehicles and heavy equipment to be sold from any location within the Sourcewell Member's jurisdiction. This means there is no need to transport to a holding lot or auction facility, and no need to accumulate vehicles for an auction "event." The quick turnover of surplus property that is achieved through an efficient and short sales cycle has delivered significant space savings to our Client sellers at all levels of government throughout the United States and Canada. GovDeals' terms dictate that Buyers are obligated to pick up their purchases from the current location, and Buyers are responsible for arranging their own removal of the vehicles they have purchased. Numerous GovDeals clients have been able to repurpose their warehouse space, vehicle lots, and other facilities as storage space needs diminished. Thousands of government agencies have realized the comprehensive environmental benefits and increased profitability far outweigh the risk of cultural change within their internal departments.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
42	Do your warranties cover all products, parts, and labor?	As a service provider, warranty information as expressed in this Table is not applicable to GovDeals. GovDeals' auction platform is entirely web-based, and no software will be installed on any Sourcewell Member computer.	*
43	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	As there are no warranties, there are no usage restrictions or other limitations that adversely affect coverage.	*
44	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	As there are no products to install, our technicians do not need to travel to make repairs to the GovDeals system.	*
45	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	As there are no products to install, our technicians do not need to travel to make repairs to the GovDeals system. GovDeals utilizes multiple internal and external notification systems to ensure that the appropriate people are notified if there are any IT warnings, critical issues, or other matters that need immediate attention 24 hours a day, 7 days a week, and 365 days a year.	*
46	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	GovDeals does not utilize any other manufacturers to provide the services proposed in this response.	*
47	What are your proposed exchange and return programs and policies?	GovDeals' fiduciary responsibilities to Sourcewell and its Members are guaranteed through a \$10,000,000 insurance policy. When a Sourcewell Member utilizes GovDeals' system and its Financial Settlement Services (FSS) payment collection and remittance program, the Member will not be liable for any payment fraud or chargebacks that may occur.	*
48	Describe any service contract options for the items included in your proposal.	Additional service models will be made available upon request at a rate to be determined by the specific needs of the Sourcewell Member. This may include service such as creating auction listings and managing the auction process. More information is available to Sourcewell and its Members upon request. We have made provisions in our pricing model for these elevated services, although specific pricing will be determined by Member needs, asset quantity, and sales volume. GovDeals will follow Sourcewell's Cost Change Form procedure if and when elevated service models are negotiated that are beyond the scope of the pricing provided within this proposal.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
49	What are your payment terms (e.g., net 10, net 30)?	The majority of GovDeals' clients elect for our company to withhold our fees from their auction proceeds remittance payment, eliminating the client from having a bill to pay. For clients that wish to receive full proceeds and remit fee payment directly to us, our payment terms are net 30 days.	*
50	Describe any leasing or financing options available for use by educational or governmental entities.	N/A	*
51	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell participating entities' purchase orders.	To access GovDeals' services, a Sourcewell participating entity can fill out the "Become a Seller" information form on our website and enter "Sourcewell" in the comments box. Our Sales Support team will then contact the entity for any additional information that may be needed. GovDeals has a built-in Partner Report which provides sales reports for all cooperative participants and can be run in any date range, e.g. monthly or quarterly. GovDeals is experienced in reporting quarterly sales to Sourcewell and will continue to efficiently and consistently do so throughout this contract. Please note, our company does not utilize a dealer network.	*
52	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Yes, we accept P-card payments. There is no additional cost for using this process.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as desribed in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
53	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	GovDeals proposes a success-based fee structure, charged only on completed auctions. There will be no additional fees or charges for our services. There will be no fee if an auction does not result in a completed sale, and there will be no charges to the Member for any marketing efforts, training, software upgrades, or consultation and support provided on-site or remotely. The pricing model detailed below is consistent with our well- established market pricing where the 12 Western states have lower base pricing than available to the rest of the US. Individual cooperative selling entities (clients) have access to a volume-based fee structure based on their actual annual sales on GovDeals or documented previous year(s) sales utilizing other disposition methods. The Member may choose to utilize GovDeals' system and service with our payment collection and remittance services (FSS) included; or may elect to collect its own payments and be invoiced by GovDeals (Non-FSS). Under any of our pricing options, GovDeals' fee may be shared between the Member and winning bidders, may be withheld from the Member's auction proceeds or may be wholly incurred by buyers. The most common option chosen is 7.5% Client Fee and 5% Buyer's Premium.	
		 'A' Pricing (Available in AK, AZ, CA, CO, ID, MT, NV, NM, OR, UT, WA & WY) 7.5% for Non-FSS 10% for FSS No Annual Volume Discount Program (AVDP) for 'A' Pricing since this pricing already reflects a 2.5 percentage point discount 	*
		 'B' Pricing (All other US states not eligible for 'A' Pricing; and all Canadian entities) 7.5% for Non-FSS 12.5% for FSS Sellers paying 12.5% fee (not passing a portion of the fee to Buyers) qualify for AVDP. AVDP qualifying annual volume is based on an aggregation of only sellers paying 12.5%. All other 'B' Pricing categories do not qualify for AVDP. 	
		'C' Pricing - Offered on a case-by-case basis. GovDeals recognizes that various government agencies have different needs. In this spirit, we offer ceiling pricing of an additional 20% fee (total up to 32.5%) to accommodate special circumstances. These services may include, in addition to the services offered herein, taking photographs/video of assets for promotion and sale purposes; uploading descriptive content and media to create auction listings; full-service tasks such as transportation and storage of assets (limited to areas where such service is offered) and total management of the auction process. Note: When a client requests this elevated service model, GovDeals will review the client's specific needs, projected volume, and other related details of the prospective account in order to determine this option's availability on a per-case basis.	
54	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	The pricing offered in this proposal is consistent with our offers to state governments, cooperative entities, and large local government entities. It is consistent with our current Sourcewell award.	*
55	Describe any quantity or volume discounts or rebate programs that you offer.	Due to contract volume, qualifying entities will receive an annual rebate of 1.25%. GovDeals' Annual Volume Discount Program (AVDP) is available to Sourcewell Members paying 12.5% fee under the 'B' Pricing described in Line 53.	*

56	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Not applicable; GovDeals does not sell commodities.
57	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre- delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	All costs are included in the pricing model(s) quoted in Line Item 53. There will be no additional fees for standard support, training, on- site service, platform upgrades, etc.
58	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Freight/shipping/delivery are not directly applicable to our service. Most of our clients require items to be picked up in person by the bidder or the bidder's agent, but we do offer an optional shipping feature wherein responsibility and any associated costs for shipping remains with the bidder or the bidder's agent. If a Member desires shipping to be allowed, GovDeals will enable the "Will Ship" option in the auction creation process. This will enable providers such as UShip to give an estimated shipping cost to prospective buyers. Whether local, in-state, out-of-state, or international, shipping will be the responsibility of the bidder and his/her third-party shipper.
59	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	See Line Item 58; Removal of items from a completed sale remains the responsibility of the winning bidder, including any shipping/packing fees should the seller allow shipping.
60	Describe any unique distribution and/or delivery methods or options offered in your proposal.	N/A

The pricing offered in this proposal is consistent with our offers to state governments, cooperative entities, and large local government entities. It is consistent with our current Sourcewell award.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
62	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	In selling and billing a service, GovDeals has very few pricing variables and they are based on the same criteria for all selling clients, whether under contract or not. Once a client account is established, the pricing is a fixed percentage of the price items sell for on GovDeals.com. Because of this, all pricing and pricing changes require management approval. We have established system utilities that track cooperative member sales in a real time report; this data is archived and available, ad hoc, at any time. One senior staff person at GovDeals is dedicated to verifying the accuracy of the quarterly report and presenting it to a senior manager for payment approval. These same utilities and processes are in place for the Annual Volume Discount Program (AVDP) that has returned approximately \$850,000 in rebates directly to Sourcewell members for their contract sales during the current contract period.	*
63	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	GovDeals proposes to pay 2% of what we are paid for our services. Example: A member utilizes the Sourcewell contract to sell an item for \$1,000 on GovDeals and the fee for this member is 12.5%. GovDeals is paid \$125 which represents the gross profit for the transaction. GovDeals will remit 2% of the \$125 (\$2.50) to Sourcewell when it makes its quarterly payment.	*

Table 15: Industry Specific Questions

Line Item	Question	Response *
69	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	GovDeals recognizes the importance and value of cooperative contracts and partner relationships. One of the company's senior managers, Christy Logan, oversees these partnerships. Contract compliance is ensured through quarterly and monthly reports detailing participating agencies' contract activity, as well as timely payment of applicable cooperative fees or revenue sharing. We have backend functionality in place to report all sales under the cooperative contract. GovDeals' system functionality also includes a simple way for Sourcewell to review the cooperative usage of its contract at any time, and each cooperative agency's sales amount is included on this report.
70	Describe your roles and responsibilities for each service you are proposing.	GovDeals will provide easily accessible, highly responsive technical support and customer service to Sourcewell Members. Sourcewell Members will be given direct phone numbers and email addresses for each person on their respective account team. Each team is comprised of the following: - Dedicated Client Account Manager in the Member's region who will be the Member's primary point of contact for any technical questions, advice, training, assistance loading auctions, etc., throughout the duration of the business relationship. Every Client Account Manager may be reached by cell phone or email 24 hours a day, 7 days a week and will provide on-site support whenever warranted. - Customer support help desk team to provide additional service and support. - Regional representative to confirm that the service provided by GovDeals meets the Member's specific needs and requirements and to ensure contract compliance. - Note: Sourcewell Members that are State or Higher Education entities will receive a 3-person team dedicated to State-Level Government accounts. - Marketing support team to market the Member's assets to targeted bidders to maximize competition and return on investment. - Bidder help desk team to ensure bidders comply with the terms and conditions of Sourcewell Members' auctions. - Accounting team to ensure Sourcewell Members' auction sales and proceeds are properly reconciled and remitted weekly.
71	Describe the agency's roles and responsibilities for each service you are proposing.	To simplify the onboarding process, the GovDeals website enables Members to sign- up online and designate Sourcewell as their contracting vehicle. GovDeals will receive this one-time "order," and the Member's account will be established according to the options chosen at sign-up. Sourcewell Members will then be responsible for taking photographs and entering descriptive details on an asset inspections form (provided by GovDeals) for each asset deemed surplus. hey will also be responsible for uploading the photos and information to an auction creation template located in their GovDeals' account. GovDeals' auction calculator can recommend starting bid, bid increment, and auction dates for the auctions; these values can also be input manually. While the auction is live, Members will be able to monitor their own auctions and answer bidder questions through their individual GovDeals account. Members will also be responsible for responding to winning bidders to set up removal appointments. Member representatives must verify buyer ID and sign the Bill of Sale to release the asset(s). Once asset(s) have been removed, the representative marks the asset(s). "Picked Up" in the GovDeals system and GovDeals will remit payment for the asset(s). See our Auction Timeline in uploaded documentation for more information.
72	Describe your process of assessing market value of the items to be auctioned (where applicable).	For high-value items deserving of an appraisal (e.g. helicopters or airplanes), GovDeals will arrange for an independent appraisal at our expense. For the vast majority of surplus items, GovDeals can provide valuation recommendations based on actual historic auction data both within our system and from general auction results data to help Sourcewell Members determine fair market value. Our company also has an expert on staff to provide pricing guidance and listing strategies for maximizing returns for heavy equipment.
