3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcwell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcwell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcwell Price and Product Change Request Form to the assigned Sourcwell Supplier Development Administrator. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity

payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

One of the unique options we offer for our wheel loaders is a 3 point hitch, this is not an option with many of our competitors. Our sub compact and compact wheel loaders offer a variety of interesting technological advantages over mini-skidsteers, wheeled skidsteers or CTL's (Compact Track Loaders) that lead to a couple very important benefits for the user: High ground speed, low Total Cost of Ownership, low vehicle weight with a high lift capacity, telescoping booms for more reach or lift height, 360 degree cab visibility for increased safety and comfort, easy accessible cab (no stumbling over lift boom!), high comfort cabs to lower operator fatigue and decrease the risk for errors. We are in the process of developing telematics for our product line which will be great advantage for customers managing larger fleets. *
42	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each. Our plan is to have diesel and electric versions of all wheel loaders in the coming years. As a manufacturer, we have manufactured over 1,000 electric wheel loaders since 2019. Our compact wheel loaders offer the Sourcwell entities a wide range of features and options across the largest model lineup in the industry. From the G1200's ability to sneak through a 36" gate to access back yards, the G2700's high lifting capacity and one of the largest machines available that is still narrow enough for a 48" trail or sidewalk, to the G5000 X-Tra's tipping load of nearly 5 tons. Our wheel loaders articulate and oscillate providing a superior stable ride while virtually eliminating surface damage. With the ability to run our machines without having to have a high throttle range, we offer significant fuel savings over competitors. Our models have optional boom types for heavy loads or higher reaching capabilities. Our industry standard quick attach plates allow users to utilize their existing attachments instead of having to purchase proprietary attachments like some of our competitors. ROPS, Folding ROPS and Cabs are offered on most models, allowing for true 4 season operation. The natural feeling of driving a rear seat articulated wheel loader and the visibility you gain puts us ahead of the competition. Many of our machines have 2 different speed ratios, limited slip differentials and all have 4 wheel drives. Our machines have an extremely high tipping load compared to the weight of the machine. We also offer hi flow Hydraulic options for many of our models (up to 35.7 gpm on our G5000). With a top of the line product and our North American sales, service and support coverage, we feel our offering is one that must be considered. *

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Pricing for all machines is based off our MSRP listing attached.
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	We will offer an additional 7% Discount off standard MSRP for Sourcewell members.
59	Describe any quantity or volume discounts or rebate programs that you offer.	For individual orders of 3 machines or more we will offer an additional quantity discount. This discount will be determined on a case by case basis.
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Giant branded attachments are also offered as part of this RFP and will be discounted 30% off our listed MSRP.
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	All deliveries are Ex-Works Cedar Falls IA, freight to dealer location or Sourcewell member location not included. Canadian Customs, brokerage, or other related fees are not included. Electric machines will have an on-board charger as standard, super chargers (opportunity chargers) are not included with machine purchase but are available to purchase from Giant Loaders and Sourcewell customers will receive additional 7% discount on charging equipment as well.
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Machines are received and PDI is done at North American headquarters in Cedar Falls, Iowa. All freight charges to dealers are additional and dependant on their location.
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Freight to Alaska, Hawaii and Canada is available. These charges are also dependent on the location and means of transport.
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Machines can be picked up at Giant Loaders USA in Cedar Falls, Iowa in lieu of shipping charges. There is no additional charge for customer pickup.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Giant Loaders USA administrative personnel will be able to track and identify all Sourcewell contract sales through warranty registrations and sales documents. All Giant Territory Sales Managers will be tracking sales through Sourcewell and will have performance indicators in their performance system. All Sourcewell sales will be logged with identifiers and we will issue payment of administrative fees on a monthly basis.
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	# of machines sold, Total Sales \$'s, Location of sold machines, entity sold to (gov't, educational, municipal).
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	We will pay Sourcewell a 2% fee of the net sales price to the Sourcewell member (excluding freight). This fee has not been and will not be added to the member costs.

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. 4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

At that point, proposals become public data.
