Participation is open to federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Grounds Maintenance Equipment, Attachments, and Accessories with Related Services from which Vendor was awarded a contract.

Vendor desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires April 30, 2025, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended up to one additional one-year period upon request of Sourcewell and with written agreement by Vendor.
- C. **SURVIVAL OF TERMS.** Articles 11 through 14 survive the expiration or cancellation of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

- A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Vendor will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Vendor's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new/current model. Vendor may offer close-out or refurbished Equipment or Products if they are clearly indicated in Vendor's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Vendor warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Vendor warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended for the duration of Vendor's written warranty for such item. Other than the warranties in this paragraph and Vendor's express written warranty for its product, Vendor expressly disclaims all other warranties, express or implied. Vendor agrees to work with its dealers and distributors to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that is effective past the expiration of the Vendor's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution, Vendor will make available to Sourcewell a means to validate or authenticate Vendor's authorized dealers, distributors, and/or resellers relative to the Equipment, Products, and Services related to this Contract. This list may be updated from time-to-time and is incorporated into this Contract by reference. It is the Vendor's responsibility to ensure Sourcewell receives the most current version of this list.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced as stated in Vendor's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Vendor must permit the Equipment and Products to be

returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery.

Vendor must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Vendor in breach of this Contract if the Vendor intentionally delivers substandard or inferior Equipment or Products. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Vendor as soon as possible and the Vendor will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

B. SALES TAX. Each Participating Entity is responsible for supplying the Vendor with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Vendor may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Vendor determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Vendor may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Contract Administrator. This form is available from the assigned Sourcewell Contract Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and

- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Vendor understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Vendor is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

Vendor's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Vendor that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Vendor. Typically, a Participating Entity will issue an order directly to Vendor. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration of this Contract; however, Vendor performance,

Participating Entity payment, and any applicable warranty periods or other Vendor or Participating Entity obligations may extend beyond the term of this Contract.

Vendor's acceptable forms of payment are included in Attachment A. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Vendor, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be worked out directly between the Participating Entity and the Vendor. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements) not addressed in this Contract, the Participating Entity and the Vendor may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Vendor in the event of any of the following events:

The Administrative Fee must be included in, and not added to, the pricing. Vendor may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Vendor will submit payment to Sourcwell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Vendor's name and Sourcwell-assigned contract number in the memo; and must be

mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Line Item	Question	Response *
23	Sales force.	<p>Toro has a national sales team of more than 50 Regional and District Sales Managers that represent our Commercial, Landscape Contractor, Irrigation, Siteworks Systems, and BOSS products across the United States and Canada. These representatives are assigned to various distributors and dealers to provide training, programming, and strategy for initiatives such as this one with Sourcewell.</p>
24	Dealer network or other distribution methods.	<p>Most of our distributors and dealers are privately-owned companies that are the connection between Toro and the end-user customer. The sales managers of these companies will manage a team of representatives responsible for selling and marketing Toro products. Every area of the United States and Canada has a representative assigned for sales coverage from one of our distributors/dealers. We have included a listing of these distributors/dealers with this proposal. See Distributor_Dealer List 2021 attached.</p> <p>All of Toro's Commercial products are shipped from our warehouse in Tomah, Wisconsin to distribution. Distributors' facilities range in size depending on the services offered at the facility such as sales, service, parts, etc. Toro's Commercial Channel of distributors have over 100 offices nationally ranging in size from 10,000 square feet to 150,000 square feet.</p> <p>In addition, Toro has thousands of local dealers that represent Landscape Contractor products, Irrigation, Siteworks Systems, and Boss snow removal equipment throughout the US and Canada.</p>
25	Service force.	<p>Toro utilizes our channel partners to provide service and support to our end-user customers. For our Commercial division, we have 26 distributors in the United States and Canada with many satellite offices to meet your needs. All distributors maintain a service parts fulfillment operation and carry A, B, and C moving parts to ensure they are positioned to respond to their customer service needs. Additionally, they also maintain service facilities staffed with full-time technicians to provide services in the area to meet Toro's service level objective of 9+ in Overall Satisfaction. They have protected territories which allows them to make significant investments in their facilities and people to support the equipment and services they provide.</p> <p>The Toro Company provides on-going technical training (on-line and in-person) to our channel partners ensuring the service technicians have the technical knowledge and aptitude to support advanced technology. The Toro company also provides centralized and advanced technical assistance and support to our distributor operations teams. This includes troubleshooting equipment issues, providing updates to equipment, issuing service bulletins, working through warranty issues, implementing performance standards and measurements, providing on-site support when needed for product quality concerns, and developing action plans for improvement. We have processes in place to help our channel partners exceed the needs of our customers developed through our 100 years of experience. These include monitoring our customer's opinion of their service experience and developing improvements as necessary to achieve Customer Satisfaction Index scores above 9.</p>
26	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	<p>The Toro Commercial Customer Care group operates a Voice of Customer program in North America that focuses on the end-customer service experience. Commercial distributors provide Toro their completed customer repair orders for the week or month then Toro contracts an independent 3rd party to complete customer experience surveys. The insights gained are used to correct processes and provide additional resources as we collectively strive to maintain a 9+ overall customer satisfaction index, which is above industry standard. See attached labeled (Question 26) Graphs) for rolling 12-month performance. These metrics along with additional operational metrics are factored into a distributor's overall annual performance rating which has specific incentives tied to it.</p> <p>Distributor response time:</p> <p>Response time is dependent on many factors but generally, our distributor partners respond to a customer call or email immediately and determine an agreeable time to service the equipment. Most distributors have field service capabilities that allow service work at the customer's site. Toro Commercial Customer Care measures our distributor on two performance metrics specific to service repair turnaround time and their ability to respond and repair a customer service issue in 6 calendar days or less.</p>

27	Describe your ability and willingness to provide your products and services to Sourcwell participating entities in the United States.	<p>As described in response to our reach and capabilities, Toro has the ability to fully support the needs (products and service) of public agencies throughout the US.</p> <p>As independent companies, our distributors/dealers have the ability to choose whether or not they participate in the Sourcwell agreement. However, Toro strongly encourages our distributors/dealers to participate in the Sourcwell agreements and provides financial support for those who do. Furthermore, most of our dealers and all of our Commercial distributors see the value of simplifying the buying process and encourage their customers to use the agreement.</p>	*

34	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	<p>a) The Toro Company's expectations of Sourcewell's role in promoting the contract would include; jointly publishing a press release announcing the award, deployment of an eBlast to the Sourcewell membership announcing the new contract, and/or announcing it on the Sourcewell social media channels, updating The Toro Company contract on the Sourcewell website, and that Sourcewell would promote the contract at the appropriate industry trade shows and forward any inquires directly about The Toro Company to Toro in order for The Toro Company to convert that inquire into a sale.</p> <p>b) Regarding the integration into our sales process, and beyond those referenced in response to question (32), Toro has made the Sourcewell agreement a standard part of our onboarding training for internal and distributor/dealer personnel. Our distributors/dealers see the value of the Sourcewell agreement for their organization by simplifying the buying process, and for their customers (end-users) by offering competitive pricing and simplifying the buying process on their end. INFOCENTER™ CONTROL PANEL Real-time information delivered to the operator's fingertips for ultimate control.

Outcross 9060

Don't mistake the Outcross 9060 for the agricultural tractors often found on golf courses and sports fields. It is not a tractor! The Outcross 9060 does all the work of a tractor AND a super-duty utility vehicle without the headaches often associated with operating each in turf maintenance applications. Outcross's 4-wheel steering makes it highly maneuverable, stable, and extremely turf-friendly. Its electronically-controlled traction drive and low center of gravity help it traverse side hills and challenging terrain. The Outcross 9060 has a hydrostatic drive system, eliminating the need for an operator who is proficient with the complicated controls and shifting commonly associated with a traditional tractor. Simply select forward or reverse, and drive! Pre-set parameters and programable "guardrails" ensure the operator is productive while keeping them from operating outside the manager's specifications. Simple one-action operation of complicated attachments, such as an aerator, keeps the operator focused on the task at hand. Cruise control, shuttle shifting, a passenger seat, and intuitive controls add to the ease-of-use and efficiency. Save money by maintaining one machine instead of two or three. Spread fertilizer and seed more accurately to reduce waste. With three-point, drawbar, bed, and loader capabilities, productivity comes standard. Outcross owners can mow grass, spread fertilizer, load sand, haul a pallet of sod, aerate, top dress, remove snow and ice, blow leaves, prune roots, spread seed, tow a trailer, sweep a path, chop wood, and much, much more.

38	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	<p>Sustainability is not a new concept for The Toro Company. It is deeply rooted in our purpose - to help our customers enrich the beauty, productivity and sustainability of the land.</p> <p>At our corporate website we have full details of our Sustainability initiative, which is more comprehensive than a policy. Please see: https://www.thorocompany.com/sustainability/sustainability-endures</p> <p>Alternative power, smart-connected products, and autonomous technologies are important areas of focus for us. For example, our Reelmaster® 5010-H and Greensmaster® eTriFlex™ hybrid mowers provide fuel savings over comparable mowers, plus they reduce noise levels and operating costs for our customers. In addition, the new e-Dingo is designed to provide customers with the ability to work indoors with zero emissions and lower noise pollution. We also recently established a new technology acceleration center, which is designed to support our development of smart-connected technologies.</p> <p>Key sustainability initiatives and accomplishments include:</p> <ul style="list-style-type: none"> • Deepening commitment to diversity, equity, and inclusion. In addition to designating DEI as part of the formal responsibilities within Toro's human resources team, the company is broadening the lens from workforce and workplace practices to seeking out synergies with supplier management practices and philanthropic giving. • Employee health and safety is a paramount value of Toro. Toro implemented a comprehensive environmental, health and safety data management system to help drive engagement and increased transparency for proactive safety performance. Toro saw reductions in both its total recordable injury and lost workday rates during fiscal 2020. • Impacting our communities and smallholder farmers in developing countries. As part of its Land. Water. Thrive. philanthropic initiative and employee immersion experience, Toro partnered with iDE to work with smallholder farmers in Honduras to better understand their irrigation practices to help develop drip systems and water storage solutions that are affordable, sustainable, and meet the needs of both growers and their communities. • Continued focus on water stewardship. Toro was recognized by the U.S. Environmental Protection Agency with the WaterSense Excellence Award for its dedication to water management innovation and education, marking the fifth consecutive year that it has received the prestigious award. • Improving operational efficiency. Toro began its journey to implement a new energy management system to better access site energy consumption and resource efficiency at its production facilities. The new system provides real-time access to data with analytics to identify key performance trends and opportunities for operational efficiency, as well as energy and environmental impact reduction. • Energy-efficient technologies. With a focus on energy efficiency and developing sustainable solutions, Toro introduced several products to further expand its alternative power offerings. Examples include a new line of 60V lithium-ion products for homeowners, the Greensmaster eTriFlex hybrid riding greens mower, and the all-electric e-Dingo 500 compact utility loader. • In Australia Toro refreshed its product packaging and received an "advanced" classification in a recent audit of sustainable packaging activities undertaken by the Australian Packaging Covenant, a government body. • We participate in a "closed loop" recycling partnership in CA with Revolution Plastics; this recycles our drip irrigation materials. In the first six months of the program, 381,000 pounds of materials were recycled. • Toro has replaced its printed operator manuals with online guides, in order to improve comprehension and reduce paper usage. • Our Hammerhead business introduced "Cured-in-Place Pipes" whereby aging pipes are repaired with a revolutionary bluelight LED system. Repairing rather than replacing extends the life of existing pipe networks and reduces overall landfill waste. <p>Other sustainability-related awards include:</p> <ul style="list-style-type: none"> - Wyland National Mayor's Challenge for Water Conservation Co-Sponsor - Urban Park Innovation Award - 2019 Everyday Hero Award - ISO 14001:2004 compliant

Because of these relationships, we have developed documents to help streamline the process for our tax-exempt customers. This includes the credit application, approval, and non-appropriation language. Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
53	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	<p>For the contiguous United States, our pricing model is a discount off US MSRP that includes freight charges to the customer's dock.</p> <p>For Hawaii, Alaska, and US Islands, the discount structure is the same (discount off US MRSP) but freight is not included in the price. Freight will be determined at the time of the sale by the distributor/dealer.</p> <p>For Canada, the pricing model is our US MSRP multiplied by the exchange rate at the time of order (exchange rate based on the monthly average published rate at that time according to the Bank of Canada – Monthly Exchange Rate). This creates a new MSRP for Canada and then the discount off that price is applied.</p> <p>Bank of Canada – Monthly Exchange Rate https://www.bankofcanada.ca/rates/exchange/monthly-exchange-rates/</p>
54	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	<ul style="list-style-type: none"> • Toro Commercial products: 22% off current US MSRP • Bullseye Products: 5% off current US MSRP • Toro Landscape Contractor Equipment (LCE): 27% off current US MSRP • Toro Landscape Contractor SNOW Equipment (LCE SNOW): 20% off current MSRP • Toro Golf Irrigation: 40% off current US MSRP • Toro Residential Commercial Irrigation: 40% off current US MSRP • Irritrol Irrigation Wholefoods, Attachments and Accessories: 40% off current US MSRP • Rainmaster Irrigation Wholegoods (RA): 35% off current US MSRP • Rainmaster Irrigation Parts (RB): 0% off current US MSRP • Sentinel Irrigation Wholegoods: 35% off current US MSRP • Large Commercial Rotors: 15% off current US MSRP • Site Works Systems (SWS) Equipment: 17% off current US MSRP • Ventrac Products: 12% off current US MSRP • Toro BOSS Snow Removal Products: 25% off current US MSRP • Used and Demonstrator equipment: pricing will be set by the distributor/dealer based on product condition, age, hours, etc. • Third-party attachments: distributors/dealers will set the price but will not exceed the list price and may include setup and freight charges.
55	Describe any quantity or volume discounts or rebate programs that you offer.	Toro authorized distributors/dealers understand these are ceiling prices and may choose to provide additional discounts based on unit quantity or total purchase volume..
56	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	Toro authorized distributors/dealers may provide third-party equipment that attaches to Toro products. These products will be priced no higher than that products List Price. Freight and set-up fees may also apply to these products.
57	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	We have identified the pricing and potential cost variations in items 53, 54, 55, and 56.
58	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Shipping charges for Toro equipment outside the contiguous United States are not covered as part of the product price. Shipping costs will also be added for any third-party attachments purchased for Toro products.

59	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	<p>For Hawaii, Alaska, and US Islands, the discount structure is the same (discount off US MRSP) but freight is not included in the price. Freight will be determined at the time of the sale by the distributor/dealer.</p> <p>For Canada, the pricing model is our US MSRP multiplied by the exchange rate at the time of order (exchange rate based on the monthly average published rate at that time according to the Bank of Canada – Monthly Exchange Rate). This creates a new MSRP for Canada and then the discount off that price is applied.</p> <p>Bank of Canada – Monthly Exchange Rate https://www.bankofcanada.ca/rates/exchange/monthly-exchange-rates/</p>	*
60	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Most products will be shipped from a distributor/dealer to the customer, but many of the products in the Landscape Contractor Equipment or Irrigation divisions may be available at the distributor/dealer location and may be picked up on-site.	*

62	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	The Toro Company will be paying all administration fees to Sourcewell for sales on this contract. Toro distributors/dealers supporting the Sourcewell contract will receive rebates from Toro for equipment sold under the Sourcewell contract to Sourcewell members. Toro distributors/dealers will be required to submit documentation to ensure compliance with contract in order to receive rebate. Additionally, Toro may contact Sourcewell members purchasing Toro product under the Sourcewell cooperative purchasing contract to ensure member satisfaction. For our Commercial products we have a pricing system that allows our distributors to choose the Program pricing they need. We will have the Sourcewell pricing established in this system for them to select, and verification against this system will be used during the rebating process.
63	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Toro agrees to pay administrative fees to Sourcewell in the amount of 1.5% of all sales of whole goods and accessories, less freight, shipping, and set-up costs, associated with this contract.

**AMENDMENT #1
TO
CONTRACT # 031121-TTC**

THIS AMENDMENT is by and between **Sourcewell** and **The Toro Company** (Vendor).

Sourcewell awarded a contract to Vendor to provide Grounds Maintenance Equipment, Attachments, and Accessories with Related Services to Sourcewell and its Participating Entities, effective April 29, 2021, through April 30, 2025 (Contract).

The parties wish to amend the following terms within the Contract.

1. This Amendment is effective upon the date of the last signature below.
2. Vendor wishes to modify its pricing model to offer Product-category discounts off of current MSRP will apply as described in items 54-60. In Canada, the pricing model will be US MSRP multiplied by the exchange rate at the time of order (exchange rate based on the monthly average published rate at the time of order, according to the Bank of Canada – Monthly Exchange Rate). This creates a new MSRP for Canada and then the discount off that price is applied. Bank of Canada – Monthly Exchange Rate: <https://www.bankofcanada.ca/rates/exchange/monthly-exchange-rates/>
3. Vendor will offer a “Smart Value” volume discount that includes the following incentive for individual large orders.

Toro Commercial Purchases	Customer Goods	Toro Commercial Purchases	Customer Goods
\$ 150K - \$ 199K	\$ 4,500	\$ 550K - \$ 599K	\$ 22,000
\$ 200K - \$ 249K	\$ 6,000	\$ 600K - \$ 649K	\$ 24,000
\$ 250K - \$ 299K	\$ 10,000	\$ 650K - \$ 699K	\$ 26,000
\$ 300K - \$ 349K	\$ 12,000	\$ 700K - \$ 749K	\$ 28,000
\$ 350K - \$ 399K	\$ 14,000	\$ 750K - \$ 799K	\$ 30,000
\$ 400K - \$ 449K	\$ 16,000	\$ 800K - \$ 849K	\$ 32,000
\$ 450K - \$ 499K	\$ 18,000	\$ 850K - \$ 899K	\$ 34,000
\$ 500K - \$ 549K	\$ 20,000	\$ 900K*	\$ 36,000

Only single Purchase Orders (POs) on Toro Commercial Equipment qualify. Multiple POs may not be combined to qualify.

Vendor-authorized distributors/dealers understand these are ceiling prices and may choose to provide additional discounts based on unit quantity or total purchase volume.

- 4. Vendor-authorized distributors/dealers may provide third-part equipment that attach to, or are used in, the configuration with any of Toro’s products. These products will be priced no higher than the products List Price.

Freight and setup fees may apply.

Vendor-authorized distributors/dealers may include setup fees – not to exceed 2% of the total Product cost, plus up to an additional 6% for cab-unit setups. Setup fees must be identified as a separate line- item on the quotation.

For the contiguous United States, delivery fees may be included at the distributor/dealer discretion – not to exceed 2% of the total product cost. Delivery fees must be identified as a separate line-item on the quotation.

For Alaska, Hawaii, US Islands, and Canada, freight and delivery fees may be included at distributor/dealer discretion – delivery fees not to exceed 2% of the total product cost; freight not to exceed actual pass-through costs. Freight and deliver fees must be identified as a separate line-item on the quotation.

- 5. Vendor will encourage and incent its authorized dealers to provide contract terms to Sourcewell members consistent with the terms of this Amendment; however, participation in the program described in the Amendment will be at the discretion of each Toro dealer.
