Sourcewell's approval of such requests shall not be unreasonably withheld. Notwithstanding anything herein to the contrary, all Equipment, Product, and/or Service prices are subject to immediate increase without limitation in the event of material change to applicable duties, taxes, tariffs, similar charges, or other government action. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Participating Entities and/or their authorized purchasing agent, contractor, or similar designee shall be solely responsible for noting the applicable Sourcewell contract number on all purchase orders. Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

Table 3: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
33	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	

Table 4: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *

34	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	We value the buying power of Sourcewell and that value is reflected in the pricelist we created. It includes line-item discounts generated to be competitive while delivering the best value to the member. To simplify our extensive offering, we have created a special price list that is easy for you and your members to understand that includes columns for the list price, the discount, and the member price. Additionally, we have included the product name and style number but not a specific SKU; a SKU would be specific to the selected color, and there is no price change based on color.	*
35	If Proposer is including installation services within its proposal, please describe how installation services will be priced, including applicable labor rates that may apply. How will Proposer address any prevailing wage requirements of Participating Entities?	Shaw works with more than 500 flooring installation providers nationwide to provide turnkey services for our customers. We communicate with our installation providers on a regular basis to ensure that we are providing our customers with labor rates which are both competitive in the local market and sustainable for our installation providers. We have divided the country into 5 distinct regions to provide competitive, local labor rates for all of the customers within any given region. Our labor rates are based on the unit of measure for each individual service required for a job. We work with our installation providers to ensure that the unit-based pricing meets any hourly prevailing wage requirements. In the event where prevailing wage requirements exceed the maximum labor rates on the contract, we have a supplemental benefits line to compensate the installation providers any difference to meet their prevailing wage requirements.	
36	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Your proposed products are priced with a percentage discount from list price. The percentage discount range is 17.73-39.41%	*
37	Describe any quantity or volume discounts or rebate programs that you offer.	Our pricing contains a 17.73-39.41% discount range. Additionally, volume discounts may be considered case by case.	*
38	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	At Shaw, we strive to meet our client's ever-changing demands. Sometimes this means we must find innovative solutions, products, and services to complete a project. If Shaw or SIS does not have a viable solution, we will work diligently with our service partner to source one. In this case, we would offer a cost-plus model to stay within fair market value.	*
39	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	<p>The proposed pricing is not inclusive of use tax which is imposed upon the contractor for turnkey installation as this can vary depending on the project location. For these projects, Shaw will seek reimbursement of the use tax paid from the Participating Entity.</p> <p>Additionally, Accessorial Fees are required additional freight charges that can be applied for any of the following reasons:</p> <ul style="list-style-type: none"> ● Residential Delivery - \$300.00 + Standard Freight Charges ● Job Site Fees - \$75.00 + Standard Freight Charges ● Liftgate - \$75.00 + Standard Freight Charges ● Pallet Jack - \$75.00 + Standard Freight Charges ● Redelivery - \$75.00 + Standard Freight Charges ● Storage Fees - \$10.00 per piece/roll/tube/pallet per week after 2 weeks (10 business days) in warehouse. <p>Job Site Fees A job site fee will be charged for any non-standard delivery. These charges will be applied as follows: \$75.00 will be charged for the initial delivery. Additional fees of \$55.00 per hour could apply if the delivery is delayed and will be left to the discretion of the regional distribution center management.</p> <ul style="list-style-type: none"> ● Examples: New construction, apartment complexes, hotels, restaurants, etc. 	*
40	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	<p>The cost of freight is not included in the provided material prices. Freight is calculated per unit of measure based on the following parameters:</p> <ul style="list-style-type: none"> • Truckload or Less-than-a-Truckload per shipment • Location (zip code) • Delivery dates • Base rate with fuel surcharge or fixed fee • If fixed fee, length of time rates is to be held 	*

41	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Shaw uses partner carriers to deliver to Hawaii, Alaska, and Canada. For Hawaii customers, our Los Angeles distribution center delivers the product to our partner's dock and is shipped twice a week. For Alaska customers, our Seattle distribution center delivers the product to our partner's dock and ships twice weekly to Alaska. Shaw ships to Canada daily from our North Georgia hub distribution centers using our core partner carrier, which has terminals in all major cities in Canada.	*
42	Describe any unique distribution and/or delivery methods or options offered in your proposal.	If an area is determined to not be accessible with a Shaw truck, the Shaw RDC can set up a "hot shot" carrier which is a smaller box truck for an additional cost to the customer. Expedited deliveries can be arranged for additional charges.	*

44	Describe any leasing or financing options available for use by educational or governmental entities.	We do not have any leasing or financing options available.	*
45	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	For each project, Shaw will provide the customer with a formal proposal/quote outlining all of the project details and pricing. Each proposal contains terms & conditions of sale that are necessary for a successful turnkey project. Any additional transaction documents required by the customer will be managed on a project-by-project basis. We have included an example project proposal with our submission.	*
46	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Yes, Shaw does take P-Cards as a form of payment. There is a 2.5% processing fee required unless otherwise determined by state law.	*

Table 6: Audit and Administrative Fee

Line Item	Question	Response *	
47	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Before installation partners are able to sell to a Sourcewell member, Shaw requires them to sign a dealer participation agreement agreeing to abide by the terms of the Sourcewell contract. Each authorized installation partner is required to place their orders through Shaw Integrated Solutions (SIS) to ensure contract compliance and the correct pricing is used. This process also ensures that the orders are properly coded for reporting and the accrual of the required administrative fee is included.	*
48	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	We will track the following metrics to measure whether we are having success with the contract: <ul style="list-style-type: none"> • On time in full metrics • Contract compliance • Quality of installation • Accurate reporting of sales • Accurate rebate payment • Success of promoting contract to increase contract use • Customer satisfaction survey • Sustainability metrics (landfill diversion, reclamation) 	*
49	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	The proposed administrative fee is 2%.	*

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
