3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be negotiated directly between the Participating Entity and the Supplier. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

36	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	<p>Diamond brings in education around Sourcewell and it's offerings at the very beginning of our sales process. Sourcewell is incredibly beneficial to our customers allowing them to save time and money and ultimately end up with a product that meets their needs. Our sales force is highly trained to fit our customers with products that meet their needs, not necessarily that meet their wants.</p> <p>Sourcewell's role, in our view, is to create customer awareness through national marketing of the value and services provided. Diamond identifies opportunities and merges them into an existing sales funnel supported by a team of inside and outside sales resources. We want to ensure the entire sales process remains consistent for all Diamond customers.</p>
37	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	<p>Currently, our municipal products are not available through an e-procurement process. Our municipal product line including boom mowers, side fold mowers, etc. require a thorough technical review, and are tailored to each customers needs. Being a more custom process to meet customers specific needs, an e-procurement process does not fit this method.</p>

We also offer a best price guarantee on all of our parts. If a customer finds a better price, Diamond matches it. Diamond offers the most advanced spindle design in the industry. Most spindles require daily greasing while ours is required once every 500 hours. Diamonds proprietary blade carriers are the most advanced in the industry. They come standard with a 5 year warranty vs the competitions 1 year warranty. Diamonds hydraulic actuators on our boom mowers offer a greater range of motion vs the competition and are less maintenance compared to the traditional hydraulic swing cylinder design. Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
44	Do your warranties cover all products, parts, and labor?	Yes, all products sold by Diamond Mowers come with a warranty covering product, parts and labor. See attached Warranty Information document.
45	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Yes, the warranty is void if (1) the product is modified or altered in any way not approved, in advance and in writing, by Diamond Mowers. (2) if other than genuine Diamond Mowers parts have been installed, or (3) the product or its components have been subject to misuse, neglect, accident, damage, improper maintenance or improper operation.
46	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	No, responsibility of the purchaser to pay all transportation costs associated with request for warranty service.

Diamond has over 350 authorized dealers across the US and Canada and has the capability to service the entire continental US and Canada.
48	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Yes, Diamond Mowers assumes responsibility and ownership of all components used to make our products.
49	What are your proposed exchange and return programs and policies?	Diamond offers a 30 day buy back guarantee, See attached Warranty Information document
50	Describe any service contract options for the items included in your proposal.	All Diamond products come with a standard warranty but we do have options for extended warranties at an additional cost.

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
51	Describe your payment terms and accepted payment methods?	Diamond Mowers payment terms are Net-30.
52	Describe any leasing or financing options available for use by educational or governmental entities.	Diamond works with multiple firms to offer financing and leasing options. All leasing and financing programs are managed by third parties.
53	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell participating entities' purchase orders.	Orders will either be processed by a Diamond Regional Sales Manager (RSM) or directly through a Diamond Mowers Dealer. Our Application Engineers, RSM's and dealer sales reps will work directly with customers to find the solution that best fits their needs based on their specific application. After qualifying and making a recommendation, a firm quote is given to the customer based on the Sourcewell contracted price. The customer would then issue a purchase order to Diamond Mowers or to the Dealer listing the corresponding Sourcewell contract number. Internally, Diamond verifies Sourcewell membership prior to processing the order, this is recorded on the sales order and the order is flagged for quarterly reporting. If a Dealer sells a Diamond Mowers unit out of their inventory, a purchase or sales order is provided to Diamond with the Sourcewell member number, these are then added to the quarterly report.
54	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Diamond uses Salesforce as our CRM for producing requested quotes. Diamond also invoices directly. See attached Standard Transaction Documents
55	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Diamond does not currently accept the P-card procurement process.

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *
56	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Sourcewell pricing will be offered as a discount off of List Price for all items on our price list. Please see the attached Price List, this shows all items offered including part code, description and our List Price and proposed Sourcwell price.
57	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Diamond has presented a 20% discount off of List Price for all items on the price list. See attached Price List Document
58	Describe any quantity or volume discounts or rebate programs that you offer.	Multiple unit sales are rare in our industry but we do look at these on a case by case basis. Diamond does not currently offer any rebate programs.
59	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	It is not common at Diamond to be asked to Source product or equipment for customers. We occasionally do get asked to design/modify product for a specific solution. In this instance, Diamond would honor the same Sourcwell discount as agreed upon and establish a list price, the same as any other product.
60	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	All total cost of acquisition are clearly stated on our price list (see attached). This includes a mounting/installation fees when necessary. Customers should not incur any other costs that are not clearly identified on the invoice.
61	If freight, delivery, or shipping is an additional cost to the Sourcwell participating entity, describe in detail the complete freight, shipping, and delivery program.	Diamond calculates freight charges at the time of the quote. We work with a variety of providers to provide cost-conscious solutions for all shipments. Actual freight/shipping costs are marked up 10% to cover Diamonds overhead costs related to shipments. These include but are not limited to, labor, materials and packaging. Diamonds freight costs are set and do not vary to customers based on any additional incurred charges. The customer pays the original quoted freight price.
62	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Diamond calculates freight for Alaska, Hawaii, Canada and all other offshore deliveries using the same shipping method. We partner with our variety of providers to find the best possible freight solution. Shipping costs are marked up 10% to cover overhead costs.
63	Describe any unique distribution and/or delivery methods or options offered in your proposal.	N/A This does not apply to Diamonds proposal.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
65	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcwell. This process includes ensuring that Sourcwell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcwell.	Diamond performs monthly financial review to ensure all sales for state contracts are reported correctly and fees are calculated appropriately
66	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	State contract sales to total sales volume will be tracked routinely as well as looking at monthly, quarterly, and annual state contract sales growth.
67	Identify a proposed administrative fee that you will pay to Sourcwell for facilitating, managing, and promoting the Sourcwell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Diamond Mowers proposes a 2% administrative fee.

Table 14A: Depth and Breadth of Offered Equipment Products and Services
