In addition, Vendor warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Vendor's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that is effective past the expiration of the Vendor's warranty will be passed on to the Participating Entity.

**C. ### **3. PRICING**

All Equipment, Products, or Services under this Contract will be priced as stated in Vendor's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

**A. SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Vendor must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable

time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery.

Vendor must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Vendor in breach of this Contract if the Vendor intentionally delivers substandard or inferior Equipment or Products. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Vendor as soon as possible and the Vendor will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

B. SALES TAX. Each Participating Entity is responsible for supplying the Vendor with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Vendor may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Vendor determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

#### **4. PRODUCT AND PRICING CHANGE REQUESTS**

Vendor may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Contract Administrator. This form is available from the assigned Sourcewell Contract Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing

restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and be incorporated by reference.

Typically, a Participating Entity will issue an order directly to Vendor. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration of this Contract; however, Vendor performance, Participating Entity payment, and any applicable warranty periods or other Vendor or Participating Entity obligations may extend beyond the term of this Contract.

Vendor's acceptable forms of payment are included in Attachment A. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

**B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Vendor, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Vendor will require Participating Entity's acceptance of Vendor's then-current Additional Terms and Conditions. To the extent that the Additional Terms and Conditions conflicts with the Contract, as between the Vendor and Participating Entity the Additional Terms and Conditions will govern. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be worked out directly between the Participating Entity and the Vendor. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

**C. SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements) not addressed in this Contract, the Participating Entity and the Vendor may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

The Vendor will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Vendor's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. 39	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	There are no third-party eco-labels, ratings or certifications to share.
40	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	Verizon Connect is not a WMBE, Small Business, or Veteran-Owned Organization. **Table 9: Warranty**

**Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.**

Line Item	Question	Response *
42	Do your warranties cover all products, parts, and labor?	Yes.
43	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	No.
44	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	No.
45	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	There are no restrictions. Verizon Connect provides a web-enabled, cloud-based solution which can be accessed via any supported web browser or mobile device (via mobile app). With presence in 15 countries globally, Verizon Connect has no limitations to providing support in those areas that we provide services. Additionally, Verizon Connect utilizes a network of subcontractors to provide professional installation (if required by customer) of telematics devices. Assignment of subcontractors are managed based on location to customer and timeline based on customer's requirements.
46	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Verizon Connect has a robust portfolio of OEM agreements, connecting more vehicles and equipment over-the-air without ever touching the vehicle. OEM partnerships mean vehicles are ready to use from day one with factory warranty coverage and allow for online activation without any need to take the vehicle or equipment out of use for installation.
47	What are your proposed exchange and return programs and policies?	Hardware devices do not require maintenance. Technical issues with hardware devices have initial troubleshooting done by contacting our Customer Support team. A support representative will work to correct the issue or issue a Return Merchandise Authorization (RMA), so the hardware may be returned to Verizon Connect for additional troubleshooting or process a warranty replacement. Replacement devices will be received within seven (7) days.
48	Describe any service contract options for the items included in your proposal.	There are no service contracts related to the proposed services. The proposed services are provided as cloud-based, web enabled services. All maintenance is managed behind the scenes without interruption to the end-user's utilization of services. Hardware devices do not require maintenance. Technical issues with hardware devices have initial troubleshooting done by contacting our Customer Support team. A support representative will work to correct the issue or issue a Return Merchandise Authorization (RMA), so the hardware may be returned to Verizon Connect for additional troubleshooting or process a warranty replacement. Replacement devices will be received within seven (7) days. For some hardware options, there is no warranty needed as the hardware and replacements are included in the monthly cost. Other hardware options provide hardware warranty for one (1) year with options for extended warranties.

**Table 10: Payment Terms and Financing Options**

Line Item	Question	Response *	
49	What are your payment terms (e.g., net 10, net 30)?	Verizon Connects Payment Terms are Net 30.	*
50	Describe any leasing or financing options available for use by educational or governmental entities.	Customers purchase telematics hardware units to be installed within the customer's vehicle (hardware can be leased upon request. Lease pricing can be provided based on number of units). Thereafter, a monthly subscription fee is paid to access GPS tracking and Diagnostics data.	*
51	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell participating entities' purchase orders.	<p>Customer's providing an electronic signature as part of completing a Verizon Connect electronic Order Form or submitting or signing an Order Form for products and services offered pursuant to the Sourcewell Contract indicates Customer's acceptance of the terms of the Sourcewell Contract, including Verizon Connect's additional terms and conditions. If a Customer does not agree to the Sourcewell Contract, including Verizon Connect's additional terms and conditions, the Customer may not order such products or services. If there is a conflict between the terms of a Customer's Accepted Order Form and its Agreement, the terms of the Agreement (without reference to its Accepted Order Form) shall prevail.</p> <p>Customers may not modify, rescind or cancel an Accepted Order Form, in whole or in part, without Verizon Connect's written consent; any such action by Customer shall be considered null and void and have no effect on the Accepted Order Form. The transmission to the Customer of an Order Form does not constitute an offer. All orders are subject to acceptance by Verizon Connect, evidenced either (a) in writing via email, or (b) by shipping the Devices or provisioning the Verizon Connect Service.</p> <p>Under our current Sourcewell contract, all Verizon Connect sales are captured under the Sourcewell contract number to make reporting seamless. Our Finance department is able to easily determine any and all sales made under the contract for all three platforms.</p>	*
52	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Verizon Connect does currently support Procurement Card payment. There are no additional fees imposed by Verizon Connect for use a P-card.	*

### Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
53	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Pricing for Verizon Connect telematics services (includes Verizon Connect NWF Inc., Verizon Connect Telo Inc., and Verizon Connect Fleet USA LLC) includes the following: - A one-time fee to purchase telematics hardware unit (units can be leased if required) - A monthly subscription fee to access GPS and diagnostics data - A one-time fee for professional installation (customer can opt to manage installation internally)
54	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	The prices offered to Sourcewell for the three product platforms are being discounted between 0.36% and 100% from the standard Commercial Price List. Verizon Connect will also offer further discounts to our customers guaranteed quantity orders of 2,000+ units for hardware. The pricing offered for the products is in line and consistent with those currently provided by Verizon Connect and other vendors offering similar products and services.
55	Describe any quantity or volume discounts or rebate programs that you offer.	Tiered pricing can be provided based on the number of units purchased by the customer. Price reductions will be provided when customer achieves the next level of outlined unit volume, purchased.
56	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Verizon Connect does not have a process or method in place to facilitate "sourced" products and/or services.
57	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Installation is an optional service, as our customers may utilize self-installation via their internal, organizational technicians. Verizon Connect has relationships with numerous, certified installation partners that can assist our customers should they prefer their telematics units to be professionally installed. Installers are assigned based on close proximity to the customer's location, timeline required by the customer and the number of units and locations that require installation. The cost of installation services may be found in our proposed Price List. For the Networkfleet and Fleet for Government platform's professional installation is charged as a one-time fee and it is charged for installation and de-installation of devices. For our Reveal platform, professional installation is included in the monthly service charge for the platform. Should the customer opt to self-install their devices, the customer's monthly fee would be lower than if they were to choose professional installation.
58	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Not Applicable. Shipping is included in the price of unit.
59	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Not Applicable. Shipping is included in the price of the unit.
60	Describe any unique distribution and/or delivery methods or options offered in your proposal.	The proposed platforms are provided as web-enabled, cloud-based services and are available at any time, from any supported web browser or mobile device. During initial implementation, units are shipped to installation locations and installed professionally by certified Verizon Connect partner companies (if required by customer), or may be installed internally by the customer.

### Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
61	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Please see our proposed Sourcewell pricing attached in this response.

**Table 13: Audit and Administrative Fee**

Line Item	Question	Response *
62	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	Verizon Connect has a tracking report that is managed and reviewed for every government, public sector and non-profit opportunity that is managed. Metrics tracked include customers that are proposed/offered pricing, terms and conditions under the Sourcewell contract, revenue based on sales, solution which is priced under agreement.
63	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Under Verizon Connect's current contract with Sourcewell, Verizon Connect currently pays Sourcewell 1 1/2% of total sales under the Sourcewell contract, quarterly.

The Service Partners have no legal, equitable or other liability of any kind to Customer, and Customer hereby waives any and all claims or demands therefore. Customer is not a third-party beneficiary of any agreement between or among VCN and the Service Partners, but the Service Partners are intended third party beneficiaries of this Agreement, and the protections set forth in this Agreement, including, among other things, the disclaimers of warranties, limitations of liability, and indemnification provisions, do apply to the Service Partners.

20.2. The provisions of an Accepted Order Form, including without limitation, this Agreement, and any action related thereto will be governed and interpreted under the laws of the State of Delaware without giving effect to any conflicts of law principles to the contrary.

20.3. EACH PART OF THIS AGREEMENT THAT LIMITS LIABILITY, DISCLAIMS WARRANTIES OR GUARANTEES, OR EXCLUDES DAMAGES IS SEVERABLE AND INDEPENDENT OF ANY OTHER PROVISION AND IS TO BE ENFORCED IN SUCH MANNER. IF ANY REMEDY FAILS TO FULFILL ITS ESSENTIAL PURPOSE, THE LIMITATIONS OF LIABILITY AND EXCLUSIONS OF DAMAGES REMAIN IN EFFECT TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW.

20.4. Except as otherwise expressly permitted in this Agreement, each party must deliver all notices or other communications required or permitted under an Accepted Order Form or this Agreement to the other party, in the case of VCN to Verizon Connect, One Verizon Way, Basking Ridge, New Jersey 07920, Attention: Legal Department; and in the case of Customer at the address listed on the signature page of the Accepted Order Form, by courier, by certified or registered mail (postage prepaid and return receipt requested), electronically with proof of receipt, or by a nationally-recognized express mail service. If delivered by courier or express mail service, any such notice shall be considered to have been given on the delivery date reflected by the courier or express mail service receipt. Each party may change its address for receipt of notice by giving notice of such change to the other party.

20.5. Customer may not assign, sublease, sublicense or in any way transfer or assign any of its rights and obligations under this Agreement without VCN's prior written consent, including by operation of law, change of control, merger or otherwise.

20.6. This Agreement, together with any Accepted Order Form and any documents or policies referred to herein or in an Accepted Order Form, constitutes the entire agreement between Customer and VCN with respect to the Verizon Connect Services and all related hardware, software and service components. The aforementioned shall prevail over all prior or contemporaneous oral and written communications or agreements between Customer and VCN. In the event of any conflict or inconsistency between the provisions of this Agreement, an Accepted Order Form, or any documents or policies referred to herein or in an Accepted Order Form, the parties agree that any such conflict or inconsistency shall be resolved first in favor of an Accepted Order Form, and next in favor of this Agreement. VCN will not be bound by,

and specifically objects to, any term, condition or other provision that is different from or in addition to the provisions of this Agreement or an Accepted Order Form which is proffered by Customer in any purchase order, receipt, acceptance, confirmation, correspondence or otherwise, unless VCN specifically agrees in writing.

20.7. Any waiver or failure to enforce any provision of this Agreement or an Accepted Order Form on one occasion will not be deemed a waiver of any such provision or any other provision on any other occasion.

20.8. In any arbitration, mediation or other legal action or proceeding to enforce any right or remedy under an Accepted Order Form or this Agreement, the prevailing party will be entitled to recover, in addition to any other relief to which it may be entitled, its reasonable attorneys' fees and other costs incurred in that action or proceeding.

20.9. If any provision of an Accepted Order Form or this Agreement is held by a court of competent jurisdiction to be unenforceable, the enforceability of the remaining provisions of the Accepted Order Form and this Agreement will not be affected and the unenforceable provision will be deemed modified such that it is enforceable and accomplishes the intention of the parties to the fullest extent possible.

20.10. Customer agrees that the Verizon Connect Services may be provided by, and all related information (including Collected Data) accessed and/or stored by, resources located within and outside the United States and consents to such performance of services, including access and storage of information, from outside the United States.

21. **ORDER OF PRECEDENCE:** In the event of a conflict between provisions, the following order of precedence applies: (1) these additional terms and conditions as included in this Exhibit C-1; (2) VCN's proposal; (3) the RFP; and (4) documents attached to or incorporated by reference in the RFP.
