Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

Line Item	Question	Response *	
58	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	MSRP Pricing with Line Item Sourcwell Discount. Full Pricing Matrix can be found in docuemtn upload section.	*
59	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Discount Range off of MSRP is 10-15% for Sourcwell members.	*
60	Describe any quantity or volume discounts or rebate programs that you offer.	KM International will offer an additional 2% discount off of MSRP for orders of 9 units or more to a single entity. The total discount % would equal 12-17% off of MSRP.	*
61	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	In the event a customer has a special request for a sourced item that is not currently on KM's option list we will do everything within reason to accommodate these special request. Sourced items will be billed to the customer as cost+25% mark up.	*
62	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Equipment purchased through an Authorized KM International Distributor may incur a Pre Delivery Inspection (PDI) fee of \$550 that will include onsite delivery and training as well as a full tank of fuel (if applicable).	*
63	If freight, delivery, or shipping is an additional cost to the Sourcwell participating entity, describe in detail the complete freight, shipping, and delivery program.	Because KM International's equipment line is so diverse shipping charges are calculated on a per quote basis based on equipment dimensions and destination. Shipping quotes are obtained through the KM International logistics team and can be provided to customers within 24 hours.	*
64	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	The KM International logistics team has the expertise and experience to ship units to Hawaii, Alaska, Canada, and any other "unique" locations. Typically for these type of shipments we prefer using UPS Supply Chain or XPO Logistics as they have a global reach and are highly reliable.	*
65	Describe any unique distribution and/or delivery methods or options offered in your proposal.	KM International can work directly with customers to fulfill any "unique" request proposed.	*

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
67	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	The KM International comptroller currently oversees the audit process and quarterly reporting for all of KM International's cooperative purchasing programs. To ensure the correct pricing structure an individual customer group for Sourcewell members will be set up with the pre-negotiated pricing structure in our POC system. This will ensure that NJPA members receive the correct pricing as determined by the contract. To convey the contract pricing to our distributions we will upload the negotiated pricing onto our online distributor portal in which all distributors have access too. Before any distributor supplies an order being placed through the Sourcewell, a KM International representative will confirm that the pricing is correct according to the contract pricing. In order to accurately report all sales made through the Sourcewell, the KM International comptroller will set up a customer category labeled "Sourcewell" and any orders processed through the Sourcewell will be listed as sub customers with the individual entities information. This will allow the KM International accounting department to accurately track individual sales made through the Sourcewell and the total sales through the contract for quarterly reporting and administrative fee payments.
68	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	KM International tracks a variety of internal KPI's to determine success. To determine success with a potential Sourcewell contract KM International would do quarterly reviews of revenue's and number of units sold on the Sourcewell contract.
69	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	KM International is prepared to offer the Sourcewell organization a 3% administrative fee based on the sales dollar amount.
