DiaMedical Pricing Proposal

We are pleased to present our pricing proposal for Sourcewell members. Our entire catalog of products, available on our website listed below, is available through this agreement. This includes a wide range of categories, with many items eligible for additional discounts based on total spend, bulk quantity purchases, and special promotions.

https://www.diamedicalusa.com/

Minimum Floor Discount

We are offering a minimum floor discount of 5% off all categories available on our website. This is the baseline discount; however, many products are eligible for additional discounts based on order size, total spend, and negotiated agreements.

Exceptions – 'Call for Quote' Items

Certain items on our website are marked as 'Call for Quote.' These products are generally capital equipment items that require special handling. Due to manufacturer restrictions and fluctuations in market conditions, these items will be quoted separately upon request.

Minimum Orders & Shipping

We are waiving all minimum order fees for Sourcewell members. Additionally, we have implemented a special discounted shipping chart specifically for Sourcewell members. Lead times will vary depending on the products and quantities ordered, but our dedicated Shipping Department will provide timely updates and coordination.

New Account Setup

In order to establish a new account, Sourcewell members will be required to submit the same standard documentation as our other customers – a W-9 and Tax Exempt Form if applicable.

Accounts may be set up on credit card or with Net 30 terms, subject to approval. Please note that credit card purchases are subject to a 3% processing fee.

We are committed to providing Sourcewell members with competitive pricing, outstanding service, and transparent account management. Please contact our sales team for any additional information or to discuss customized pricing opportunities.
