3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
26	Sales force.	Our team comprises three dedicated, full-time salespeople, management, and seven contract salespeople spread geographically across the US.	*
27	Dealer network or other distribution methods.	We have numerous partners in the industry who often funnel customers to us, such as Draxxon, Dronesense, and MissionGo. UVT is generally the supplier and direct contact for customers to ensure that the process, education, and support meet our standards.	*
28	Service force.	UVT maintains a service center in Fayetteville, AR, with 6 team members. These include a dedicated, certified support specialist and an ASE Master Technician for repairs. Additionally, our vast sales team has an incredible amount of in-the-field knowledge available to assist.	*
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Our ordering process is flexible. Our preference is to work with the end-user directly on the purchase to be sure they are getting the correct equipment for their use case. Once a quotation is generated, we are happy to accept POs, Letters of intent, or prepayments via Wire, Check, or Credit Card. From there, the customer will receive confirmation of the order and an expected delivery date. At any point, the customer may log in to our web portal and check the status of their order. Once shipped, the delivery contact will receive an email with tracking information. We have one of the latest cut-off times in the industry of 1700 CST for in-stock orders to ship the same day.	*
30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	UVT prides itself and is known in the industry for our support. Our customers don't always work 8-5, so neither should we. Government customers automatically receive our ProLine Support Premium, which includes 24x7x365 phone and email support. Additionally, we work directly with each manufacturer on warranty issues. Our team will evaluate the repair and then route the aircraft to the most efficient and cost-effective avenue for repair. This often eliminates issues for the customer by having one point of contact for questions, billing, and payments.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	UVT is proud to be able to offer Sourcewell as another purchasing avenue for current and prospective customers. In our experience, purchasing contracts offer customers a more efficient and pleasurable experience.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	UVT is happy to offer a new avenue for our friends in Canada. This contract will allow UVT to expand its reach into Canada and consider bringing on additional team members.	*

It is worth noting that oftentimes our shipments contain Lithium batteries and must be shipped by ground. UVT is HazMat certified for emergencies as well.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. UVT is proud to support all Sourcewell participating entities.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	Special shipping rules may be required for some areas.	*

Regularly outperforming competitors in reach and engagement despite more extensive access to personnel and resources, our team meets weekly, pivoting where need be and reflecting with monthly and yearly reviews to help target our brand to an ever-changing demographic.</p> <p>The captured data from form fills, event registrations, mailing lists, blog sign-ups, and more are used to identify opportunities for engagement and inform future/current advertising initiatives.</p>
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	<p>We place high importance on the consultation component of the sale. This process thoroughly explores the desired use cases and expectations, allowing us to make accurate recommendations. During this consultation, we provide multiple purchasing paths, starting with contract vehicles.</p>
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	<p>The majority of our products are available through our website, however, we highly recommend a consultation prior to placing an order.</p> <p>For governmental customers and entities that may have extenuating circumstances such as tax exemption, our online procurement system allows them to build out their order and then provide necessary certifications and exemptions to one of our Solutions Specialists. This process takes minutes, as it removes any barriers or hurdles associated with approvals or specific authorizations. This ease of use has helped us work with many government customers over the past several years.</p>

What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities? We are able to source and supply products, process COA's and FAA Authorizations, conduct repairs and maintenance, and train our customers in on all aspects of Safe Operation and Care/Maintenance. Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
-----------	----------	------------

57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Based on prior contract experience, the easiest price methodology is a flat discount broken down by the manufacturer. This industry introduces new products daily, this frequency creates a burden on everyone.	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	DJI Enterprise - 5% Autel - 5% Brinc Drones - 2.5% Teal - 2% Parrot - 2% FLIR - 2.5% Skydio - 0% Vantage Robotics - 2.5% Ascent Aerosystems - 2% LifThor - 5% FreeFly - 2.5% PowerVision - 2.5% Micasense - 5% Go Professional Cases - 5% Colorado Drone Chargers - 5% Lume Cube - 5% Hoodman - 5% Tattu - 5% Deep Trekker - 2.5% CZI - 5% Sandisk - 5% Energen - 5% MavMount - 5% Elistair - 2.5% PolarPro - 2.5% UVT-Brand Products - 10% Pix4D - 5% DroneSense - 5% Hardware Leasing - 5%	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	UVT provides Free Shipping for all orders over \$150 and free UVT Academy Turnkey Delivery & Training for orders over \$25,000.	*
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	UVT regularly sources items we don't typically stock to make a purchase easy for the end user. These items will be passed on at cost.	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	At UVT, our priority is to make the acquisition and program development cost on the customer as simple as possible. We don't typically charge any additional fees for our services. Many services, such as inspection, testing, and updating, are included as standard at no charge.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Ground shipment to the 48 contiguous states is free of charge on orders greater than \$150.00. Expedited shipments will be billed directly to the end user. Expedited shipments that require HazMat certification will incur an additional fee, and the full shipment cost will be billed to the end user.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Any shipment to Alaska, Hawaii, or Canada that includes batteries will be subject to additional restrictions and fees by the courier. The full shipment cost in these situations will be billed to the end user. Any duties or tariffs for shipments to Canada will be billed to the end user.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	We work with several couriers to offer the best delivery method for each order. We also accept pickups from any courier if an end-user would prefer to make their own delivery arrangements for their order.	*

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	We use a system that creates automatic activities for our Operations Team to ensure each sale won from this contract is put into our Sourcewell account at the end of each month. As long as each sale references Sourcewell in the PO or quote, our administrative fees owed to Sourcewell will be automatically calculated. Any sales not found in Sourcewell will be rectified by the end of each month. Upon renewing the contract each term, we will double-check our pricing catalog, and on each sale, our Sales Team will adhere to the required pricing, if any.
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	On each sale, we will have a line item that lists the Sourcewell Contract, which can be used for sales reporting. Reports can be generated on demand or at regular intervals and provided to the Sourcewell team for verification.
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	UVT typically pays a 1% fee for contract services.
