3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This

Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. 10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	<p>History and Industry Longevity</p> <p>Over 50 years ago, CORT began with a single goal in mind: to deliver unparalleled customer service to people and businesses. We began with residential furniture rental in five regions across the United States and have grown to become the nation's leading provider of transition services, including furniture rental for home and office, event furnishings, destination services, apartment locating, touring and other services. In addition to our 100+ offices, showrooms and clearance centers across the United States, we provide furniture rental in more than 80 countries around the globe.</p> <p>Our team takes pride in providing world-class service in a very personal, customized way. We believe that the details matter, because it's the little things that separate good from great. We believe that our customers, colleagues and partners deserve great. And we believe that great things come from an authentic commitment to delivering our very best, every time, everywhere.</p> <p>CORT's original parent company, Mohasco Corp. based in Amsterdam, NY, operated</p>

primarily in the furniture manufacturing and carpeting business. In 1972 Mohasco expanded its home furnishings activities with the purchase and merging of five regional furniture rental companies in the northeast, southeast and midwest, which became CORT Furniture Rental.

In the beginning, the business was almost exclusively focused on furniture rental to properties, students and military for their temporary residential needs. This included opening clearance centers to sell the pre-rented furniture, keeping control on inventory and adding cash for new furniture to rent. In the late 70s, CORT responded to the growing need for corporate furnishings and started the office furniture rental business. In 1980, CORT moved its headquarters to Fairfax, Virginia and is located in Chantilly, VA today.

In 1989, CORT was spun off to its own business as part of a leveraged buyout, and in 1995 the company went public, changing its name to CORT Business Services Corporation. In 1997, CORT expanded into the trade show and events business servicing major trade show contractors, corporate exhibitors and special events from coast to coast. In 2000, CORT was acquired by Warren Buffett and became a Berkshire Hathaway Company.

CORT expanded our home and office furniture rental and retail business over the years to include our own line of housewares rental (essentials for kitchen, bed and bath), Destination Services (helping customers relocate to and within the US getting settled faster), ApartmentSearch.com (for those looking for a place to rent that meets their needs), Roomservice by CORT (UK office that offers furniture rental), Party Rental (developing a model for expansion), and the CORT Global Network (for customers in need of rental furniture outside the US and the UK).

Today, CORT has more than 100 showrooms, clearance centers and distribution facilities across the United States, operations in the United Kingdom and a Global Network of partners servicing more than 80 countries around the world. CORT is the nation's leading provider of transition services, helping millions of individuals and more than 80 percent of Fortune 500 companies with their event and relocation needs.

Our Vision

Everything is possible through service.™

"Everything is possible" denotes the expansive promise to reach higher than the ordinary and consider the extraordinary everyday. Everyone, each individual, holds potential to make things happen; everyone is empowered.

Our concept of "services" transcends CORT and the customer relationship to include – colleague-to-colleague, department-to-department, management to employee and your personal and professional aspirations.

Our Mission

Our mission at CORT is to be an indispensable resource to people and companies who are looking to make a house a home, an office a great place to work, and an event a memorable celebration.

We accomplish this by listening, learning, and providing exceptional value to our customers.

We empower our team to deliver an extraordinary customer experience, every time.

Our Core Values

We embrace unique perspectives, fresh thinking and ingenuity that helps develop valuable solutions for our customers.

We respect our customers' needs and ambitions, understanding that their satisfaction is the greatest measure of our success.

We can be counted on to deliver with a profound sense of commitment to our customers and colleagues.

11	What are your company's expectations in the event of an award?	<p>CORT understands that a Sourcewell contract award is no guarantee of future business. It is up to CORT to market and educate current and potential Sourcewell members on the value of Sourcewell membership, CORT and furniture rental as a service.</p> <p>On our current Sourcewell contract, over the past 3 years, 14% of our reported revenue was from new members. These are clients who joined Sourcewell due to our sales people sharing the features and benefits of the program. We have had solid year over year growth in our revenue since our initial Sourcewell contract award in 2015. As the COVID-19 pandemic impacted business overall, we did experience a slight decline in Sourcewell revenue in 2021. Q2 2023 was one of our strongest quarters in reported Sourcewell revenue and 2023 overall is trending to be our best year yet. We are forecasting a 20% increase over 2022. Our expectation is for CORT to continue our sales and education efforts to continue to grow this revenue should we earn a subsequent contract.</p>	*
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	<p>CORT is a Berkshire Hathaway company. We have the financial backing to easily purchase furniture for large scale projects, with over \$300 million in furniture stocked nationwide, and the national infrastructure to ensure complete operational coverage. 13	What is your US market share for the solutions that you are proposing?	CORT's market share is 75% in the furniture rental industry.	*
14	What is your Canadian market share for the solutions that you are proposing?	N/A; CORT currently holds operations in the United States and United Kingdom only.	*
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	N/A; No, CORT has never filed for bankruptcy.	*
16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	<p>CORT is best described as a service provider. We do not have a dealer network. Our sales and service force are CORT employees and not the employees of a third party.</p> <p>We purchase our furniture directly from the manufacturers. The CORT-owned product is stored in CORT distribution centers across the country, greatly reducing the lead times required. Furniture rental leases are fulfilled utilizing this CORT-owned furniture, delivered by CORT employees on CORT trucks. All CORT locations are leased or owned by the company.</p>	*
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	CORT holds the standard business licenses required by the States in which we operate. Our business (furniture rental, delivery and installation) does not require industry specific licenses or certifications.	*
18	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	N/A; CORT has not been subject to any Suspension or Debarment throughout our 50 year history.	*

19	Describe any relevant industry awards or recognition that your company has received in the past five years	Please see attachment "Industry Recognition 19-Industry Awards and Corporate Social Responsibility" for a complete listing of awards received from 2019-2023, as well as CORT's community involvement.

21	What percentage of your sales are to the education sector in the past three years	4%
22	List any state, provincial, or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	CORT currently holds a Sourcwell contract (121919-COR), and also held a NJPA/Sourcwell contract previous to that (031715-COR). CORT does not currently hold any other state, provincial, or cooperative purchasing contracts, as we have found this to be a successful contract for CORT. Our strategy is to continue our efforts with the Sourcwell contract versus pursuing other state cooperative purchasing contracts that may dilute our messaging externally and internally across the state/local government and education verticals.
23	List any GSA contracts or Standing Offers and Supply Arrangements (SOSA) that you hold. What is the annual sales volume for each of these contracts over the past three years? Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *

26	Sales force.	<p>CORT has a total of 2,254 employees, 469 (21%) of which are sales representatives. These full-time employees are direct employees of CORT and are not employees of a 3rd party. Sales staff work at a local, regional or national level.</p> <p>CORT also has a dedicated sales support team for the Sourcewell contract. These additional 18 employees primarily work from home offices across the country to provide sales and customer service support regardless of time zone. Once the sales representative has determined the Sourcewell member's furniture rental requirement, this dedicated team is responsible for producing all Sourcewell quotes to ensure contract pricing and terms compliance. This team also provides customer service support throughout the life of the furniture rental agreement.</p>
27	Dealer network or other distribution methods.	<p>CORT does not have a dealer network. Our \$300m inventory of furniture is purchased directly from the manufacturers and stored in CORT distribution centers across the country. Our Asset Management team works to ensure predicate inventory levels are maintained across the country by transferring product or purchasing more furniture as needed. Please see reply to question #30 for additional detail.</p>
28	Service force.	<p>CORT has 1,292 operations/service employees, 57% of our overall total of 2,254. These full-time employees are also direct employees of CORT and are not employed by a 3rd party. Our operations staff work at a CORT distribution center. The quantity of distribution centers we maintain across the country allows CORT to service the needs of Sourcewell members across the US.</p> <p>Please see Deliver Service 31-CORT Distribution Centers for a complete list of our distribution centers.</p>
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	<p>The Sourcewell member may request a quote and/or finalize a lease agreement via a variety of methods. They may contact the Sourcewell Supplier Contact directly, reach the dedicated Sourcewell support team via email at govsales@cort.com or phone at (888) 472-2678, place an order via our website at www.cort.com, or work with one of our local showrooms and/or sales representatives. Some Workplace requirements may require a virtual or on-site visit by one of our sales people for needs analysis and/or space planning before an order may be finalized. Once product requirements are finalized, a quote is submitted for review and approval. The Sourcewell member completes a credit application, if required.</p> <p>Upon quote approval, a lease agreement is entered in our Oracle-supported internal Rent to Rent Network System, Version 2 (V2), matching the product and pricing provided in the CORT quote. Once entry is complete, product is automatically reserved and the system immediately notes which items are in back-ordered status. Mutually agreed upon substitutions are entered. Lease agreement is sent to the Sourcewell member for signature. The signed lease and payment document (Purchase Order or completed P-Card Authorization) are returned by the Sourcewell member. A delivery date is scheduled. For locations within 50 miles of one of our CORT Distribution Centers, delivery turn-around is typically 3-5 business days, but can sometimes be accommodated within 2 business days.</p> <p>Every Monday, our system auto-generates a report of all leases delivered in the previous 2 weeks to Sourcewell members. This acts as an internal check and balance to ensure that all opportunities that were quoted under the Sourcewell contract are reported as such.</p> <p>CORT does not have a dealer network.</p> <p>For additional information, and for how the ordering process integrates with our overall delivery and customer service program, please see the attachment "Deliver Service 30-CORT Delivery and Service Process".</p>
30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	<p>The attachment "Deliver Service 30-CORT Delivery and Service Process" details the roles of each team (sales, operations, admin) that contribute to a positive customer experience.</p> <p>Customer Service</p> <p>Since 1972, CORT has been at the forefront of the furniture revolution. Over the past 50 years, we've empowered millions of people with the flexibility and freedom of furniture rental. CORT's mantra is that the details matter, because it is the little things that separate good from great. We believe that our customers, colleagues, and partners deserve great. We believe that great things come from an authentic commitment to delivering our very best, every time, everywhere. CORT utilizes Furniture-as-a-Service (FaaS). Furniture-as-a-Service allows CORT to assist the Sourcewell member to adapt to their project's changing needs.</p> <p>Response Time Capabilities</p>

Once a lease agreement is signed, we are typically able to deliver within 3 to 5 business days for local deliveries less than 50 miles from our nearest distribution center. Delivery turn-around time will vary depending on the size of the order and furniture required, and site logistics, such as before or after hours or union requirements. Expedited delivery may be available in some areas in as little as 2 business days, but to do so CORT must be able to substitute product as necessary, and additional charges may apply. Our ability to deliver within 3 to 5 business days assists with lead time gaps and provides a faster and more efficient response than other models can typically meet.

When the Sourcewell member is ready for the complete pick-up of their rental furniture, a 15 business day notice is required. If pick-up is required sooner, we will make every effort to accommodate the request as we are able, but additional charges may apply.

While every effort will be made to accommodate preferred delivery or pick-up preferences, CORT cannot guarantee exact times due to traffic, weather, and delivery conditions. Time frames will be supplied to the onsite contact the business day before the service in a three-hour window.

The furniture supplied to all CORT customers will arrive clean, undamaged and comparable to that on display in our showroom. However, due to the nature of the industry, CORT does not guarantee that the product delivered will be new. By utilizing the combination of "new" and "showroom condition" product, CORT can provide large volumes of high-quality rental furniture at reasonable prices to both the public and private sector. CORT will continue to support the Sourcewell member and their lease with CORT from cradle to grave providing distinguished and outstanding support. This can take place in the form of the new delivery, an add-on service, a partial pick-up service, an exchange, a repair, and a move if needed.

CORT Connect Onsite App

CORT utilizes the CORT Connect Onsite app to document conditions of delivery site pre- and post-delivery. This app allows our drivers to take photos and complete a delivery checklist, noting any punch list issues, whether online or offline. This generates a detailed report that may be sent to the customer for their records. The Onsite report details the following: the scheduled three-hour arrival window, the actual arrival and departure time, site inspections for pre-existing damage, signs of infestation, photos of the finished job, any punch list issues that may need to be addressed, records of any missing or damaged furniture (in the case of a pickup) before it is loaded on the truck, and driver and customer signature. Please see response to Line 41 for additional information.

Variation in Quantity

It's important to remember that furniture rental is a service more than a product. CORT is looking to provide an extensive variety of furniture in relatively significant quantities under most circumstances. However, in the rental business, a company cannot always predict the breadth or depth of a customer's requirements, nor the daily levels of its overall inventory. In order to meet the quick turnaround desired by Sourcewell members, CORT must be able to substitute product per its "Personal Service Guarantee" as it does for its commercial customers. The substitution policy is as follows:

"We guarantee that if a substitution is unavoidable, the item substituted will be of the same or higher value than the item ordered and that you will be given the option to keep the item substituted at no additional charge or to exchange it on the first available date after your original selection is again in stock."

Should CORT employ this substitution policy to expedite service, then deliveries are considered to be made in full, and billing commences on the date of delivery. CORT will provide partial shipment of the furniture order and send the remaining product as it becomes available. The customer is responsible for payments once products are delivered. Should CORT be unable to accommodate an order, it will notify the requesting customer within three days of receipt of order so that the Sourcewell member may acquire supplies from another source.

31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	<p>CORT has the ability and willingness to provide our products and services to all Sourcewell participating entities in CONUS. We have a proven track record of providing furniture rental services to Sourcewell members in a majority of States under our previous and current Sourcewell contracts, which we will continue should we be awarded a subsequent contract. We have 55 distribution centers across the country, so most metropolitan areas are within our local service area. For deliveries outside CORT's local service area, we will work with the Sourcewell member on the requirement and provide a delivery fee that based upon the product required, the associated site logistics and resources required to complete the delivery.</p> <p>Part of the reason CORT holds a 75% market share in the furniture rental industry is our ability to service locations nationwide, with an unparalleled quantity of in-stock furniture and truck capacity. Our inventory is narrow in what we carry, but deep, so that we may respond quickly to client needs.</p> <p>Clients utilize furniture rental when their furniture need is not permanent, when they require the flexibility to easily add and subtract furniture, or when unforeseen circumstances arise that require furniture, such as disaster recovery or unexpected lead time gaps due to supply chain issues.</p> <p>Sourcewell members relied on CORT during the COVID-19 pandemic. Many government offices, hospitals and schools either had to remain open to the public or re-open quickly post lockdown. They required furniture solutions that kept their employees, students and general public safe, and they needed those solutions delivered quickly. We provided items like freestanding panels, mobile room dividers, acrylic panel toppers and other barriers to improve social distancing within the work space. Some Sourcewell members, like the Dublin San Ramon Services District transitioned their employees to temporary work from home status, and utilized CORT to provide sit to stand desks and desks for their employees' home offices.</p> <p>The global supply chain still remains impacted post-pandemic. It is has become the norm for lead times for permanent furniture to get pushed back by months. When permanent furniture is not going to arrive in time, Sourcewell members utilize CORT for furntiure rental so that they may continue operations until the permanent furniture arrives. If lead times are pushed back, the Sourcewell member may easily extend their rental lease by notifying CORT. Once a lease term is fulfilled, it continues to roll on a month-to-month basis at the current monthly rental rate, until the customer is ready for the rental furniture to be picked up. That scheduled pickup may be pushed back as needed if there are additional delays on the arrival of some or all of the permanent furniture getting delayed again. CORT has not only the capacity, resources and ability to provide furniture rental services to Sourcewell members, we also have the flexibility to make this service easy to use and accommodate members' changing needs.</p>	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	CORT is not able to service Canada at this time. If we should acquire capabilities to provide service in Canada post-award, we will work with Sourcewell contract admistrators to modify the contract to include Canada.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	Deliveries to Alaska, Hawaii, and the US territories will be considered on a case-by-case basis. CORT is not able to service Canada at this time.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	CORT will fully service all Sourcewell Member sectors via a proposed contract award, just as we do now with our current contract. We do not hold other cooperative purchasing contracts that would limit our ability to promote Sourcewell.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	As deliveries to Alaska, Hawaii and the US territories involve shipping product over water, the Delivery/Installation/Final Pick-up charge for each delivery will be determined by the CORT Distribution Center that will service the transaction and as agreed to by the Sourcewell member, based on the delivery distance and associated logistics.	*

36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	<p>We have found our current Sourcewell contract to be an effective closing tool in the government, education and not-for-profit sectors. The contract award lends credibility to CORT and our services, and it provides members with an approved source for furniture rental requirements, which by nature, usually require delivery within a few business days.</p> <p>Many Sourcewell members that are government or education entities have multiple contract vehicles to choose from. Non-profits typically do not, so this vertical is very receptive to learning about Sourcewell, especially the potential savings on their overall purchases so that they can preserve more of their capital for their core mission. The majority of clients that we introduced to Sourcewell and became members were in the non-profit category, and this will continue to be an area of focus if awarded a new contract. Our current marketing strategy is as follows:</p> <p>Marketing Strategy - Revenue Growth Key Strategies:</p> <ol style="list-style-type: none"> 1. Internal team of sales management and marketing identified to review CORT's go to market strategy. They are currently working with our ad agency to update CORT's digital advertising that speaks to Flexible Furniture Solutions. 2. Higher Education National Sales Team in place to facilitate Higher Education needs. 3. Sourcewell Profile in CORT's National Accounts System to Communicate Terms, Conditions, Pricing and Registration Guidelines. 4. Sourcewell Landing Page in CORT's internal Sales Site HighSpot (includes marketing materials, product information, presentations and templates): <ol style="list-style-type: none"> a. Overview of Sourcewell and Clients b. Informational Video with Client Success Stories c. Sales Strategies d. Marketing Content e. Tips for doing Business with Sourcewell Customer f. Member Look-up 5. Marketing collateral created to communicate to Sourcewell clients the value of Furniture as a Service and the discount and terms they are entitled to. 6. Monthly Webex Training by CORT's Workplace Training Manager to inform sales teams how Sourcewell clients may need CORT's services and best sales practices. 7. Create a landing page for all Sourcewell clients so we have a dedicated digital destination that communicates what's new, promotions, case studies and highlights CORT Services available to them. 8. Marketing content utilized to encourage client interaction via email, intended to introduce CORT's services and spark interaction. 9. Coordinate with Sourcewell's social media team to add Sourcewell content to social media messaging. <p>Please see attachment "Marketing Plan 36-Sourcewell Marketing Samples" for representative samples of CORT's Sourcewell marketing materials.</p>
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	<p>CORT utilizes Salesforce to manage its customer account, contact and sales opportunity data. If a sales representative leaves the company, it allows for a smoother transition when their replacement takes over the ownership of their accounts. Contact information from Salesforce is also utilized to create awareness of new products, services and programs to our customer base via html campaigns. As a current Sourcewell vendor, we have a dedicated Sourcewell chatter group to share contract updates, sales tactics and success stories with our sales people. We also created a Sourcewell Association Member section in Salesforce. Sourcewell members are flagged at the account level so that all of their applicable membership info is easily accessible and all sales staff understand their program benefits.</p> <p>We will continue to run HTML drip campaigns, as we do now with our current Sourcewell contract, to all SalesForce leads and contacts that work for government, non-profits or have been tagged as Sourcewell members. Our current Higher Ed HTML campaigns include Sourcewell contract verbiage and target approximately 10,000 contacts.</p>
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	<p>Sourcewell embraces the marketing of their vendors to a degree we have not experienced with previously held state-level contracts. CORT appreciates the continued efforts Sourcewell makes to market the contracts to their membership via newsletters and other marketing materials. That being said, we understand that it is CORT's responsibility to promote and market the Sourcewell contract.</p>

39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	The variables with furniture rental pricing – length of lease and delivery area – make e-procurement systems difficult. Our customers are able to order Residential rental furniture, both packages and a la carte, online via www.cort.com. However, to ensure contract compliance for Sourcwell rental agreements, those requests are sent to our dedicated Sourcwell sales support team to quote and assist.	*

40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcwell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	N/A; training is not applicable to furniture rental.	*
41	Describe any technological advances that your proposed products or services offer.	<p>Technology continues to be a critical component of the furniture environment. Power kiosks, additional outlets and furniture with its own power source are all items we've added to our product offering to meet this growing need. We are also currently reviewing phone and laptop charging stations to add to our line-up; we would add these to our Sourcwell contract once selections are finalized and added to CORT's inventory.</p> <p>CORT continues to utilize technology to provide superior service to our clients. We do so by utilizing two apps for all of our driver teams.</p> <p>Descartes MobileLink</p> <p>Each CORT truck is assigned a route with assigned deliveries and pickups for the day. The Descartes MobileLink app is utilized while drivers are on truck and in route from one stop to the next. This gives real time data to our Dispatch teams so that if a client wants an update on the status of arrival, we can provide good estimates. It also allows us to pivot in the case of unforeseen delays due to weather, road conditions, etc. Our Dispatch team can proactively reach out to clients to advise of delays and/or reroute another truck to a stop.</p> <p>CORT Connect Onsite</p> <p>This app is used while the drivers are at a customer site, and works both online and offline. They complete the following checklist, which is then available as a report we can email to the client as needed:</p> <ol style="list-style-type: none"> 1. Key Release - Are we able to gain entry to the space? 2. Truck Inspection - Is truck safely parked with appropriate wheel locks and safety cones? Photo documentation required. 3. Property Inspection - Is there any pre-existing damage to exterior, hallways, elevators, public areas of the building, etc? If yes, photos must be taken before any work may commence. 4. Unit Inspection - Is there any pre-existing interior damage to actual delivery site (office, apartment, etc? If yes, photos must be taken before any work may commence. The space is also checked for any sign of bug infestation. If yes, drivers must take photos and call their Dispatch team immediately. 5. Delivery Setup - Once delivery is complete, pictures are taken of each room. If it is a pickup, pictures are taken of empty rooms and any missing or damaged furniture is noted. 6. Signature - Both driver and client sign electronically. 7. Key Return - Driver returns key to property management, if applicable. 	*

42	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	<p>CORT's model is to purchase new furniture directly from manufacturers. Our business model works to reduce waste by repairing and reusing sturdy furniture. We invest in durable products manufactured to our high-quality standards and expertly maintain the pieces throughout their rental life at CORT. Our products are rented anywhere from two to six times longer than the traditional procurement models, for a total of three to four years on average. This intentional longevity reduces waste. At the end of its rental life, almost all of our furniture (97%) is discounted and sold to the public.</p> <p>CORT is on a mission to positively impact the communities we serve, while reducing our impact on the environment. CORT's business model of use, fix, reuse, repeat, buy keeps more greenhouse gases out of the atmosphere. Renting extends the life of every piece, keeping more furniture out of landfills and reducing the amount of greenhouse gases produced by 66% less than direct sales models.</p> <p>Please see attachment Value-Added Attributes 42-CORT Sustainability for additional statistics and references.</p>	*
43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	<p>CORT does not manufacture the furniture we offer on rental. As a result, our company has not received any eco ratings or certifications. However, many of the furniture lines we purchase for our rental line-up does. Please see attachment "Value-Added Attributes 43-Environmental Certifications for Applicable Furniture Series" for a complete listing of products and their applicable environmental ratings.</p>	*
44	Describe any quality management and environmental system certifications attained by your organization (LEED, Greenguard Indoor Air Quality, ANSI, BIFMA or others).	<p>As part of CORT's quality management system, our IT Department has earned ISO 27001 Certification. The scope of the ISO 27001:2013 certification is limited to the ISMS supporting CORT's information technology department and external and internal-facing applications managed by CORT information technology department, including CORT's IT personnel and IT systems, along with the policies, procedures, standards, tools, utilities, and data used in the business execution and the design, development, testing, and support of external and internal-facing applications. Please see Value-Added Attributes 44-ISO Certification for the actual certificate.</p>	
45	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	<p>CORT is a large business concern.</p>	*

<p>46</p>	<p>What unique attributes does your company, your products, or your services offer to Sourcwell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcwell participating entities?</p>	<p>Speed and Flexibility</p> <p>CORT carries a narrow but deep line of CORT-owned furniture in our distribution centers. We are a solution for when a Sourcwell entity has a temporary need for furniture rather than permanent. As such, unlike a manufacturer or dealer, we don't offer our furniture lines in multiple fabric and finish options. Our catalog options are neutral and meant to blend with existing furniture in a space. Accent chairs and pieces, and other items like rugs and artwork, provide the opportunity to personalize the furniture selection. Our inventory is designed this way to eliminate long lead times. As a result, CORT can deliver in as little as a few days post receipt of purchase order and signed lease.</p> <p>Sourcwell members require a fast turn-around time from quote to order to delivery due to the reasons that drive furniture rental. These needs aren't permanent and are usually a response to an unplanned event - such as disaster recovery, unexpected increases in staffing or students, or lead time delays for permanent furniture. Speed and flexibility are critical.</p> <ul style="list-style-type: none"> •COVID-19 Pandemic - furniture for social distancing requirements and employees temporarily transitioned to work-from-home status •Mobile Classrooms - rental training tables and seating utilized to furnish modular classroom buildings •Student Housing - surges in on and off campus housing demands •Disaster Recovery - furnish temporary offices while permanent offices are restored/rebuilt, mobile offices for state emergency management personnel, temporary housing for impacted residents •Supply Chain Challenges - lead times are longer and subject to multiple delays; rental furniture provides employees with temporary desks, seating, etc until permanent furniture arrives <p>Space Planning</p> <p>CORT has an in-house design department that provides space planning services for workplace furniture rental quotes, free of charge, which is unique in the furniture rental industry. We do not have to rely on a third party to provide this service. Our turn-around time is 1-2 business days; to put this in perspective, drawing requests can typically take a few weeks for furniture dealers. Upon receipt of the Sourcwell member's furniture rental requirement and CAD file, the designers will turn the furniture requirements into an effective space plan, maximizing the use of the space available. If panel systems are required, drawings will also be provided at this time, which will detail the parts and pieces necessary to build the desired workstation layout and applicable quote.</p> <p>Furniture Barcoding</p> <p>CORT is also the only furniture rental provider in the industry to barcode its furniture. Each furniture item is bar-coded for proper inventory management. As items are pulled for delivery, the barcodes are scanned and entered into CORT's rental system. Any items that are refused at delivery are scanned back into available status upon the truck's return to the warehouse, thus ensuring an accurate inventory list and invoice. Once delivery is complete and confirmed in V2 (CORT's Oracle-supported internal Rent to Rent Network System, Version 2), an inventory list is generated. This complete inventory listing of all items currently out on any given lease includes lease location, item sku and barcode, item description, and rental rate.</p> <p>4SITE</p> <p>4SITE by CORT is a subsidiary of CORT and offers customers user analytics for operational efficiency and space utilization in the workplace. The cloud-based platform aggregates information in real time, so customers can see what matters most, any time, any place in their smart building. The more information clients have about their workplace strategy, the more equipped they are to make decisions that drive innovation and long-term growth in their space. Moisture and temperature sensors protect their space as well, with real-time flooding and temperature irregularity notifications, and offer loss prevention support for insurable events. This service is also offered on an Open Market basis to Sourcwell members.</p>

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
-----------	----------	------------

47	Do your warranties cover all products, parts, and labor?	<p>The manufacturer's standard commercial warranty will apply to the proposed contract. CORT uses a combination of new and lightly used furnishings and guarantees all product to be in showroom Grade "A" condition. CORT agrees to provide on-site service and maintain all products under the rental agreement. There is no charge for any services, repairs, or replacement for product damage resulting from normal use. For damage caused by misuse or neglect, the customer pays for the lesser of the repair or the replacement cost.</p> <p>CORT shall retain full title and ownership of all of the Rented Property. The Rented Property is and shall at all times remain the sole and exclusive property of CORT. The Sourcewell Member shall not become, or have the option of becoming, the owner of any of the Rented Property through this proposed contract, and the Sourcewell Member shall have no right, title, or interest therein.</p> <p>Any furniture purchase by any Sourcewell Member of product supplied by CORT, either while on an existing furniture rental lease or from in stock inventory, shall be considered an Open Market transaction. Acquisition for ownership of any used product shall be on an "as is" basis with no warranties expressed or implied.</p>	*
48	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	<p>CORT's warranty covers normal use of the furniture. As stated above, damage or loss caused by theft, disappearance, gross negligence, misuse or abuse (including without limitation damage by cigar or cigarette burns, pets, and insect infestation), or natural disaster is not covered under our warranty. While CORT is happy to repair or exchange such items, customer will be charged the lesser of the repair or the replacement cost.</p> <p>CORT shall inform the Sourcewell Member of damage or of a furniture loss, and its estimated cost as soon as possible after the pick-up of the Rented Property. Upon request, CORT will hold damaged merchandise separately for a reasonable period of time for inspection.</p>	*
49	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Yes.	*
50	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	In long-distance scenarios, such as deliveries to Alaska, Hawaii, and the US territories, or locations over 100 miles from our closest distribution center, CORT may elect to ship a replacement versus attempt a repair by CORT personnel.	*
51	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	As CORT does not manufacture the proposed products included in this contract offering, all suppliers are required to have product liability insurance. CORT maintains certificates of insurance from those companies on file at its corporate office. All manufacturer warranties, guarantees, etc. convey to the end-user/Sourcewell Member. Copies of these binders are available upon request.	*

52	What are your proposed exchange and return programs and policies?	<p>CORT stands behind the quality and condition of our furnishings, and we will promptly correct any issues that may arise. We provide on-site service and maintain all furnishings included in the rental agreement. There is no fee for any service, repair or replacement for furniture damages resulting from normal use.</p> <p>Through CORT's Personal Service Guarantee, we guarantee the following:</p> <p>Your furniture will arrive clean, undamaged and comparable to that on display in our showroom.</p> <p>Within one week after delivery, if you are unhappy with the condition of any piece of furniture, we will exchange it with an item of equal or higher value.</p> <p>If any of the above commitments are not met, you will not be charged for the unacceptable furniture until the problem is corrected.</p> <p>Finally, if the problem cannot be corrected, we will pick up your furniture and refund your original payment.</p> <p>During the lease term, if an item needs to be exchanged, the Sourcewell Member may contact the local CORT showroom for assistance, or call or email the dedicated Sourcewell support team at (888) 572-2678 or govsales@cort.com. A transportation fee for the exchange may apply if the exchange is due to customer-caused damage or customer preference.</p> <p>Partial pickups may be requested throughout the lease via the same method as above. A transportation fee will apply. In addition, if a Sourcewell Member requests pick up of product prior to completion of the rental term, the member agrees to pay a lease term adjustment to reflect the rental rate that applies to the rental term the furniture was actually on site.</p>	*
53	Describe any service contract options for the items included in your proposal.	<p>N/A; as referenced above in our reply to question 52, on-site service and maintenance of the rental furniture is a part of the rental lease agreement. Rental is meant to be flexible so that customers may add and subtract furniture as needed.</p>	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
54	Describe your payment terms and accepted payment methods.	Payment terms are Net 30. Accepted payments methods are ACH, check, credit card or P-card.	*
55	Describe any leasing or financing options available for use by educational or governmental entities.	N/A; Leasing or financing options are not applicable to furniture rental and is not part of our contract offering.	*
56	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	<p>CORT does not utilize order forms. As both the lease term and delivery location have an impact on the rental rates, we find it works better all around for Sourcewell member to advise what is needed and provide a Sourcewell quote for their review and approval. Please see attached "Payment Terms 56-Sample Sourcewell Quote". This template also allows us to easily disclose any Open Market items included in the quote. Once the Sourcewell member has finalized their furniture requirement and approved the final version of the quote, it is converted to a lease agreement.</p> <p>Please see attached "Payment Terms 56-Sample Lease Agreement" for terms and conditions applicable to furniture rental. This lease document would apply to each furniture rental lease executed with a Sourcewell member. Should the Sourcewell member have exceptions or alternate requirements due to the Member's local policies, CORT will work with the Member to create a lease addendum to address those concerns to both Parties' mutual agreement.</p>	*
57	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Yes, CORT accepts payment via P-card. We do not charge additional costs to Sourcewell members for using this payment method.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product

Change Request Form.

Line Item	Question	Response *
58	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	<p>CORT's pricing model is based upon line-item discounts. A "City Price Level Key" is provided for each pricer (Workplace, Residential, Housewares), which identifies each CORT District and their respective Price Level. The Price Level is used in conjunction with each pricer, which provides line item pricing for each SKU on contract, based upon the lease term commitment.</p> <p>Please see attached price schedules, which includes list/public pricing as well as the Sourcewell discounted rates. Residential and Workplace catalogs are also included for reference.</p>
59	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	All pricing is based on a 20% discount off of list/public pricing.
60	Describe any quantity or volume discounts or rebate programs that you offer.	Additional quantity or volume discounts will be considered on a case by case basis.
61	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	If the Sourcewell Member has a requirement for a furniture item not on contract, CORT will work with the member to source the item at a mutually agreed upon rental rate. Any items will be noted as "Open Market" on the proposal quote.
62	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	<p>Customer Protection Plan The Customer Protection Plan (CPP) fee is 12% of the total month base rent. The Sourcewell Member may decline the fee if they provide CORT with a Certificate of Insurance, listing CORT as additionally insured or loss payee. Government entities may alternatively provide a proof of self-insurance. If Lessee agrees to pay the CPP fee, CORT will bear all risk of damage or loss to the rental furniture (including damage or loss caused by natural disasters such as fires, floods, earthquakes and tornadoes) Except for damage or loss caused by theft, disappearance, gross negligence, misuse or abuse (including without limitation damage by cigar or cigarette burns, pets, and insect infestation), for which Lessee will remain responsible.</p> <p>Taxes The unit prices included in the price schedule do not include state or local sales taxes. Sales and Use Taxes are based on the prevailing tax rates of the jurisdiction in which the rental furniture is delivered. CORT will add the applicable taxes (if any) to each invoice unless CORT receives verification of tax exemption.</p> <p>Security Deposit A security deposit may be applicable depending on the results of the credit application. This deposit is fully refundable at the end of the lease.</p> <p>Delivery, Installation & Final Pick-up Charges See response to question 63 for additional detail.</p>
63	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	CORT charges a one time transportation charge that covers the delivery, installation, break down and final pick-up of the rental furniture. Any customer requested furniture additions or partial pickups may result in additional charges. Please see attached "Pricing and Delivery 63-Delivery and Installation Rate Program" for details.
64	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	<p>Deliveries to Alaska, Hawaii, and the US territories will be considered on a case-by-case basis. As this involves shipping product over water, the Delivery/Installation/Final Pick-up charge for each delivery will be determined by the CORT distribution center that will service the transaction and as agreed to by the Sourcewell Member, based on the delivery distance and associated logistics.</p> <p>CORT is not able to service Canada at this time.</p>

65	Describe any unique distribution and/or delivery methods or options offered in your proposal.	N/A	*

CORT does not currently hold any other state or cooperative purchasing contracts. The pricing we offer Sourcewell is based upon a 20% discount off of our list line item pricing; for comparison, the standard discount we offer our National Accounts clients varies from 0-20%.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *

67	<p>Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.</p>	<p>CORT's dedicated Sourcewell support team will provide quotes for all Sourcewell member leases to ensure pricing and terms compliance. All lease transactions are audited after delivery by our Government Admin team to ensure that all pricing is at or below current Sourcewell rates. If any pricing adjustments are required, the Government Admin team will do so prior to sending the first monthly invoice to confirm accuracy.</p> <p>CORT employs a series of checks and balances to promptly locate and correct any deviations from the contract pricing and terms. This includes daily monitoring for any orders that may be out of compliance.</p> <p>CORT's current self-audit process begins with a review of quotes to existing Sourcewell members entered the prior business day. As such, CORT is able to determine early in the order process whether any pricing adjustments may be needed.</p> <p>This self-audit process also allows CORT to review opportunities with customers that are not existing Sourcewell members but may be eligible to join. In such cases, the sales representative is contacted and provided with information regarding the Sourcewell contract and its potential benefits to the customer, should the client wish to join. If customer elects to sign up for Sourcewell, a revised quote is provided upon receipt of their member number.</p> <p>In addition, all delivered Sourcewell leases are monitored daily and entered into a monthly report. This report is utilized by CORT's dedicated Government Admin team, which handles the invoicing and reporting of all Sourcewell orders.</p> <p>Upon receipt of a new lease, the CORT Government Admin team prepares a lease file. The lease file will include:</p> <ul style="list-style-type: none"> •Sourcewell quote •Certificate of insurance – if applicable •Tax exempt form – if applicable •Payment document •A copy of the lease •Inventory list post-delivery <p>After the lease file is compiled, a review is conducted. The review will confirm that the pricing on leased items (and all fees that were quoted to the customer) are accurate.</p> <p>Post delivery, the lease inventory is reviewed again – to confirm that all planned inventory was delivered. If product substitutions were made, the pricing will be checked. Any required price reductions are applied and the customer is notified.</p> <p>Orders are added to a monthly delivery log – in preparation for accurate quarterly reporting. They are also added to a monthly invoice log as invoices are prepared. All Sourcewell leases are invoiced monthly, in arrears.</p> <p>All Sourcewell contract leases are tagged in our system as Sourcewell, which allows to pull revenue reports unique to this contract. When calculating amounts for quarterly reporting, a report is run and amounts are reconciled against what was invoiced for the quarter. This allows us to confirm that the billed revenue for all orders is factored in when quarterly fees are calculated and paid.</p> <p>The quarterly reporting is completed after each quarter ends. The reporting is calculated for each month in the report period. Leases and amounts billed are reviewed for accuracy as they are added to the report. After the report is balanced, the Sourcewell fee is calculated. A copy of the report is then submitted to Sourcewell - and an ACH payment request is submitted internally for payment.</p>

68	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	<p>Every Monday, CORT's sales management team receives an auto-generated report that provides a list of the Sourcewell opportunities quoted in the previous 2 weeks. The information is used, in conjunction with Salesforce data, to discuss sales strategies, review opportunities and determine required logistics to properly execute a closed deal.</p> <p>CORT tracks the following data on a quarterly and annual basis to measure contract performance: Sourcewell Member, Member Type (vertical), CORT District (geographic location), Lease Number, Monthly Base Rent, Lease Term (in months), Term Revenue (based upon signed lease term), and Member Status (existing Sourcewell member or client who joined Sourcewell due to our marketing efforts). This data allows us to measure where we have had success as well as where we need to focus our sales and marketing efforts. Based upon year-to-date performance, we forecast for 2023 a YOY 20% increase in Sourcewell contract reported sales.</p>	*
69	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	If awarded another Sourcewell contract, CORT will continue to pay a 2% administrative fee that will be calculated as a percentage of our sales under the contract each quarter.	*

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
