**EXPIRATION DATE AND EXTENSION.** This Contract expires February 28, 2028, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

### 3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

#### **4. PRODUCT AND PRICING CHANGE REQUESTS**

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

#### Leader Emergency Vehicles

##### The History of Leader

In 1974, Gary Hunter was working at a motor home manufacturer looking to expand its product line. Hunter's idea to build ambulances on cutaway truck chassis instead of the usual Cadillac station wagon chassis was met with skepticism. But his first efforts were so well received that the ambulance division was soon spun off.

Gary Hunter and the other employees at the newly formed Leader Ambulance plant got to work. The first vehicles they produced were two 1975 Chevrolet G20 Type 2 ambulances with a revolutionary molded fiberglass design that wrapped around to a partial street-side wall.

Leader soon began building Type 3 modular ambulances in addition to van-chassis

ambulances. From gasoline shortages of the 1970s to the consolidation of the ambulance industry in the 1990s, we maintained a reputation for producing reliable vehicles built to last. In 2010, Leader became part of REV Group, a holding company comprised of over two dozen industry leading specialty vehicle manufacturers.

We have built our reputation on listening to the people who work in our ambulances day in and day out.

Each vehicle we make starts with a 3D CAD drawing customized to your specific needs.

production is then carefully scheduled to ensure your vehicle is ready by the promised date.

Components are cut to exacting tolerances using our industrial CNC high-speed router and our edge banding machine provides a long-lasting, highly durable finished edge.

At Leader we are constantly looking for new technologies to enhance the quality and durability of the product, like 3D printing, vacuum forming, decal and laser cutting.

Then the assembly process begins. We build our own wire harnesses to ensure an electrical system you can rely on, and even mix our own paint to avoid waste and make sure we match your colors perfectly.

Everything comes together in our state-of-the-art final assembly plant. We provide our personnel with only the best equipment and use lean manufacturing techniques to provide you with the best possible value.

#### Wheeled Coach

##### History of Wheeled Coach

In the heart of downtown Orlando in 1975, Robert Collins Sr. envisioned a company that would revolutionize the emergency vehicle industry. With that vision, Wheeled Coach, Inc. was birthed. With only a team of five, they initially specialized in crafting Wheelchair Vans and Type II Ambulances. As the years progressed and the demand surged, 1980 saw them relocating to their present headquarters on North Forsyth Rd in Winter Park.

A pivotal moment arrived in 1983 when Wheeled Coach went public. By 1985, Collins Industries, a prominent name in Kansas bus and small ambulance production, acquired them. This acquisition briefly moved Wheeled Coach's operations to Kansas. However, by the early 1990s, all manufacturing operations returned to Orlando, marking a renewed emphasis on innovation, quality, and safety. The year 1993 was notable as the company began producing Type III ambulances.

Wheeled Coach's reputation in the EMS industry solidified in the early 2000s. A commitment to harnessing technology meant enhanced efficiency and consistency in production. The company was also setting new safety benchmarks, leveraging scientific data for better results. A landmark event in March 2010 saw Wheeled Coach testing their Type III ambulance using the Insurance Institute for Highway Safety Side Impact Crashworthiness Evaluation Protocol IV, which attested to the resilience of the Wheeled Coach design with only minor damages observed.

Incorporated within the REV Group family now, Wheeled Coach's commitment to pushing boundaries didn't wane. A 2017 independent test on modular body rollover further vouched for the robustness and safety of Wheeled Coach ambulances. 2020 celebrated 45 remarkable years, underscoring why they are deemed "Trusted by the Toughest."

##### Core Values

A lineage rooted in unyielding passion; Wheeled Coach ambulances are a testament to relentless performance even in the harshest conditions. They are crafted to mirror the indomitable spirit of the heroes who use them.

##### Longevity

For over four decades since 1975, Wheeled Coach has been synonymous with superior custom ambulances. Our vision is to amplify our footprint in the ambulance domain year after year. Our support extends beyond just products; our dedicated five-member team stands ready to assist customers with electrical schematics, engineering drawings, and more. Furthermore, our extensive dealer network, encompassing 19 dealers across the U.S., all come equipped with service facilities. Most even offer mobile services, ensuring our ambulances are always ready to serve.

29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	<p>REV Ambulance Group brands have a well-defined and efficient ordering process that ensures our customers a smooth and seamless experience. While our extensive network of independent dealers primarily handles orders, our role as the Proposer is integral to the overall process. Here's a detailed explanation of the ordering process and the respective roles of REV Ambulance Group and our distributors/dealers:</p> <p><b>Customer Inquiry and Consultation:</b> The process typically begins with a customer inquiry. Customers can reach out directly to REV Ambulance Group brands and our individual dealer network. Our internal sales team and the dealer's sales representatives work collaboratively to understand the customer's specific requirements, including model preferences, customizations, and any additional features needed.</p> <p><b>Proposal and Quotation:</b> The REV Ambulance Group brand or the individual dealer provides a detailed proposal and quotation based on the customer's needs. This proposal includes specifications, pricing, and any other relevant information. Our internal team assists dealers in creating accurate and comprehensive proposals, ensuring all customer requirements are met.</p> <p><b>Order Placement:</b> The order is placed once the customer reviews and approves the proposal. If a dealer handles the order, the dealer communicates this to REV Ambulance Group's respective brand along with the necessary order details. Our role in this stage is to confirm the order details, ensure all specifications are correct, and begin the process of vehicle assembly preparation; if additional questions are had, and clarification on customization is required, the dealer will schedule a</p>

preconstruction conference to work out any details.

This web-based approach to quoting and order placement not only expedites the entire process but also allows for greater transparency and communication between REV Ambulance Group, our dealers, and our customers. It exemplifies our commitment to leveraging technology to enhance customer experience and operational efficiency

**Manufacturing and Customization:** REV Ambulance Group brands take charge of manufacturing and customization. Our skilled workforce and state-of-the-art facilities ensure that every ambulance meets the highest standards of quality and craftsmanship. Throughout this phase, we communicate with the dealer to provide updates on the order's progress.

**Delivery and Handover:** Upon completion, an onsite or virtual inspection is scheduled with the dealer and customer, as the contract indicates. After the dealer and customer have approved the order, the ambulance is delivered to the dealer or directly to the customer, based on the agreed terms; the dealer plays a crucial role in this stage, facilitating the final inspection, handover, and any required on-site training for the customer.

**After-Sales Support:** After the delivery, both REV Ambulance Group brand and our dealers remain available to provide after-sales support, including service, maintenance, and any additional training or assistance required.

In summary, while our dealers and distributors play a significant role in customer interaction, proposal preparation, and delivery, REV Ambulance Group is closely involved in every step to ensure quality control, order accuracy, and customer satisfaction. This collaborative approach between REV Ambulance Group and our dealers ensures that our customers receive the best possible service from the moment they inquire until after their ambulance is delivered and beyond.

**Wheeled Coach:** Wheeled Coach manages the quarterly reporting to Sourcewell for our dealer network. Customers should notify their dealership of their Sourcewell membership. Within our order system, dealerships will select a dedicated option, confirming the customer's Sourcewell association. Following this, Wheeled Coach will notify Sourcewell with the pertinent details: Member ID, Application Name, Address, Ambulance Type, order reception date, and an estimated completion date. Upon vehicle delivery, our finance team will administer the relevant fee for the order.

**Road Rescue:** For our dealer network, Road Rescue Emergency Vehicles handles the quarterly Sourcewell report. Customers are to communicate their Sourcewell membership to the dealership. An option in our ordering system allows dealerships to confirm this membership. Subsequently, Road Rescue will relay key details to Sourcewell, from Member ID and Address to Ambulance Type and tentative completion dates. Once the vehicle is delivered, our finance section processes the necessary administrative fee.

**Horton:** Our sales team actively engages with potential clients in their designated regions, employing demonstration vehicles, parts samples, brochures, and more to elucidate product benefits. Collaboratively, the salesperson and customer craft the vehicle's specifications. This design is digitally crafted using our online sales configurator, where standard options are selected, and unique requests are made. A collaborative team, including engineers and procurement experts, reviews these specifications for feasibility and accurate pricing, also providing visual drawings for clarity. The refined quote is then sent to the customer for verification. As changes might arise, this process is iterative. Once the customer's purchase order is received, the manufacturing commences. Customers receive regular updates via progress photos and can opt for inspections. Once the ambulance is complete, a final check is scheduled. Depending on customer preference, the vehicle can be picked up, delivered by a hired driver, or transported on a flatbed.

**AEV:** American Emergency Vehicles handles Sourcewell's quarterly reporting for our dealer network. To benefit from this arrangement, customers should indicate their Sourcewell membership when engaging with our dealership. Within our ordering system, the designated option number verifies this membership. Consequently, AEV communicates essential details to Sourcewell, including Member ID, Application Name, Address, Ambulance Type, order reception date, and an estimated delivery date. Upon the vehicle's delivery, AEV's financial team ensures the administration of the Sourcewell-associated fee for each order.

**Leader:** handles Sourcewell's quarterly reporting for our dealer network. To benefit from this arrangement, customers should indicate their Sourcewell membership when engaging with our dealership. Within our ordering system, the designated option number verifies this membership. Consequently, Leader communicates essential details to Sourcewell, including Member ID, Application Name, Address, Ambulance Type, order reception date, and an estimated delivery date. Upon the vehicle's

		<p>delivery, Leaders financial team ensures the administration of the Sourcewell-associated fee for each order.</p> <p>REV Remount Centers similarly handles all reporting to Sourcewell as the above brands.</p> <p>see attachment Table 10 New Order Sales Forms</p>

Our ability and willingness to meet the needs of these entities are rooted in our extensive infrastructure, broad product range, and customer-centric approach. Here's an overview of our capabilities in this area:</p> <p>Wheeled Coach operates via a dealer network and stands out as a top-tier custom ambulance manufacturer. We are currently negotiating with a potential dealership in Canada to expand our reach. Meanwhile, direct sales remain an option for us.</p> <p>Road Rescue conducts its operations through a dealer network and is recognized for crafting premium custom ambulances. Specifically, we have an independent dealership representing us in Canada.</p> <p>At the moment, Horton is focusing on the U.S. market and will not be providing sales to Canada through this contract.</p> <p>AEV has not completed the necessary testing to supply units to the Canadian market yet.</p> <p>Leader has not completed the necessary testing to supply units to the Canadian market yet.</p> <p>REV Remount Centers can provide services in Canada through the Road Rescue independent dealer and Wheeled Coach direct sales.</p>

These brands have either established dealer networks and service centers across various Canadian provinces or provide direct sales and service, ensuring they can effectively meet the needs of Canadian clients. However, our other brands, Horton, AEV, and Leader, currently do not have a sales or service presence in Canada. As such, they will not be serving Canadian areas through this proposed contract. How will you integrate a Sourcewell-awarded contract into your sales process?</p>	<p>From the perspectives presented REV Ambulance Groups brands, Wheeled Coach, Road Rescue, Horton, AEV, Leader, and the REV Remount Centers, it is evident that Sourcewell's role in promoting contracts arising from this RFP is primarily centered around ensuring vendor qualification and adherence to quality standards, as well as facilitating the alignment of member needs with the most suitable vendor. Sourcewell's role is perceived as impartial and focused on creating a level playing field for all vendors involved.</p> <p>In the context of REV Ambulance Group, we share the belief that Sourcewell's role should indeed be impartial and geared toward the following key responsibilities:  <b>Vendor Qualification:</b> Sourcewell's foremost duty should be to thoroughly assess and validate each vendor's capabilities to fulfill the commitments made in response to the RFP. This includes ensuring that the goods or services offered meet the quality benchmarks stipulated in the RFP.</p> <p><b>Member Needs Alignment:</b> Sourcewell's unique position as a cooperative purchasing organization allows it to understand the diverse needs of its members. This involves acting as a facilitator in the vendor-selection process.</p> <p><b>Impartiality:</b> It is crucial for Sourcewell to maintain strict impartiality and avoid any favoritism towards any vendor, ensuring that all vendors have an equal opportunity to serve Sourcewell members. This ensures fair competition and helps in securing the best possible value for Sourcewell members.</p> <p><b>Promotion of Partnerships:</b> On our part as REV Ambulance Group, we are committed to actively promoting our partnership with Sourcewell. 56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcwell participating entities for using this process?	<p>Regarding part orders placed directly with our dealers for parts purchases, some of our dealer distributors may accept P-cards (Purchase Cards) as a payment method. However, it's important to note that accepting P-cards may vary among individual dealers within the REV Ambulance Group network.</p> <p>We recommend that members who are interested in using P-cards for their parts purchases directly confirm this payment option with the specific dealer they are working with. Each dealer may have its own policies and procedures regarding payment methods, including whether or not P-cards are accepted.</p> <p>It's also worth mentioning that, as a general policy, REV Ambulance Group itself does not accept P-cards as a payment method. Therefore, any inquiries or arrangements related to P-card usage should be directed to the respective dealer with whom the member is conducting their parts purchase transactions. We are committed to facilitating a smooth and convenient purchasing experience for our customers, and our dealers are here to assist with any specific payment inquiries or preferences.</p>

Moreover, we're pleased to offer an unparalleled 10% discount on our diverse options list. Enclosed, you will find a comprehensive breakdown showcasing the list price juxtaposed with the Sourcewell member-exclusive discount rate and our most competitive price offering.</p> <p>Road Rescue Emergency Vehicles is committed to delivering value to Sourcewell members. As such, we are granting a 3% off our list price on our elite base model chassis and conversion models. Further sweetening the deal, we're providing a generous 10% discount on our options list. In addition to this, we're offering a substantial 10% discount on our comprehensive range of published options. The attached document provides a detailed insight into our competitive pricing structure tailored for our valued Sourcewell members.</p>
59	Describe any quantity or volume discounts or rebate programs that you offer.	<p>We actively provide chassis rebates, leveraging the benefits available from chassis OEMs. At this time, we have chosen not to offer volume discounts, as our thorough analysis indicates that the operational savings for our clients would be minimal. Our focus remains on delivering substantial value through other means and avenues.</p>
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	<p>Every brand within the REV Ambulance Group is committed to offering detailed quotations tailored to the specific items required by our clients. Our quotations meticulously factor in the associated costs, anticipated labor, and a strategic margin to ensure sustained profitability. This margin is fine-tuned based on critical variables such as product availability, intricacy, and operational implications. For specialized requirements, we have a process where a written request is sent to the designated teams of the respective brands for thorough review and expedited approval.</p>

61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	The prices outlined in this RFP are exclusively F.O.B. and do not encompass any expenses related to inspection trips, training, or transportation. It's imperative to note that neither the REV Ambulance Group brands nor its affiliated dealer network levy any of the aforementioned additional costs.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	For Wheeled Coach and Road Rescue, distributors can submit a written request for shipping. Upon review, a quotation will be furnished. Should any transportation-related issues arise with the vehicle, our distributors are to liaise directly with our delivery manager for claims processing. Regarding Horton, AEV, Leader and the REV Remount Centers freight or shipping is initiated upon customer request and is priced based on the quotes procured from transport companies. It's essential to understand that this is a pass-through expense; we bill the customer precisely what the shipping company charges us. Typically, shipping logistics are overseen by the dealer.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	For all REV Ambulance Group brands, shipping arrangements are typically managed by our dealer distributor. Vehicles can be transported via flatbed or driven directly by the distributor. Often, dealers or customers choose to drive the vehicle on their own, bearing the associated costs. When flatbed transport is essential, we collaborate with a network of trucking companies to secure the most favorable rates and timely availability for our clients. On the rarest of occasions, for international destinations, we've facilitated air shipments of completed vehicles, should a customer prefer that approach.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	For all REV Ambulance Group brands, shipping arrangements are jointly managed by our dealer distributors and our factories. Vehicles can either be transported via flatbed or driven directly by the distributor. For offshore destinations, we can make the necessary arrangements as required.	*

**Table 13: Audit and Administrative Fee**

Line Item	Question	Response *

<p>66</p>	<p>Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.</p>	<p>REV Ambulance Group has a robust system in place to ensure compliance with our proposed Contract with Sourcewell. Our process begins at the customer's point of contact with their local REV Ambulance brand dealer, identified through the brand dealer locator on our website. Upon notifying the dealership of their Sourcewell membership, an option in our order entry system is selected to confirm this membership. Following this, we notify Sourcewell with key details such as the customer's Member ID, Application Name, Address, Ambulance Type, order receipt date, and estimated completion date. Once the vehicle is delivered, our accounting department processes the necessary administrative fee for the order. This systematic approach ensures accurate pricing for Sourcewell members and proper fee remittance. Furthermore, we prioritize education and communication, informing both dealers and customers about our partnership with Sourcewell. For non-member customers, we promote the benefits of Sourcewell membership, which streamlines their purchasing process and secures optimal pricing. To facilitate easy tracking and reporting, we've instituted an option code specifically for Sourcewell-associated orders. This enables seamless communication with Sourcewell, efficient report generation, and precise administrative fee calculation. Our brands come equipped with a full accounting staff and have established protocols and policies to meticulously capture all sales. Furthermore, we have mechanisms in place to conduct any necessary audits, ensuring that all transactions remain transparent and compliant.</p>
<p>67</p>	<p>If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.</p>	<p>Within the REV Ambulance Group, our approach to order processing is meticulously systematic. As we handle each order, we specifically segregate and monitor Sourcewell orders using a specialized accounting spreadsheet. This process is further bolstered by the use of corporate-wide tools such as SAP and Salesforce. Our precise tracking methods not only guarantee the accuracy and efficiency of our order processing but also enable us to identify new customer acquisitions and analyze any increases in sales volume by state.</p> <p>To ensure a comprehensive overview of our sales performance, we maintain a dedicated team of accounting professionals at each brand, including experienced controllers. This team plays a crucial role in managing and reviewing all financial aspects of our operations. They are instrumental in tracking inbound orders monthly, providing an additional layer of scrutiny and ensuring utmost financial accuracy.</p> <p>Every quarter, our robust accounting infrastructure facilitates the generation of an extensive report detailing our total sales under the Sourcewell contract. This report, meticulously compiled and submitted to the Sourcewell Contract Administrator, includes essential information such as the customer's name, full physical and mailing addresses, contact details, Sourcewell's assigned entity/participation number, detailed descriptions of purchased items, purchase prices, and dates of invoicing and revenue recognition.</p> <p>Our commitment to transparency and integrity in our business practices is unwavering. We consistently strive to uphold the highest standards in all our transactions. As part of this commitment, we pledge full cooperation with Sourcewell in auditing all transactions under the contract. This ensures that the administrative fee is accurately calculated and remitted for every purchase made under the contract's scope, reflecting our dedication to maintaining trust and reliability in our partnership with Sourcewell.</p> <p>See attachment Table 13 Sales Report Line 67</p>

68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Every brand under the umbrella of the REV Ambulance Group firmly commits to forwarding an administrative fee of \$800.00 to Sourcewell for each vehicle order. This obligation will be unequivocally borne by the individual brand involved. *

## Addenda, Terms and Conditions

### PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.
5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.
6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.
7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.
8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
  1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: <https://www.treasury.gov/ofac/downloads/sdnlist.pdf>;
  2. Included on the government-wide exclusions lists in the United States System for Award Management found at: <https://sam.gov/SAM/>; or
  3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Holly Russell, Manager Sales, REV Group Inc.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.
