1. TERM OF CONTRACT

A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires March 27, 2028, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. **SALES TAX.** Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. **HOT LIST PRICING.** At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;

- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

Typically, a Participating Entity will issue an order directly to Supplier or its authorized

subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted

price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. <p>10</p>	<p>Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.</p>	<p>VIKING Life-Saving Equipment is a global corporation that has long since conquered the world's oceans and whose name is synonymous with safety at sea. As the VIKING company grew so did its product offerings; from Liferrafts to Lifeboats and DAVITS to MFS and Fire PPE. When you think of safety, Think VIKING.</p> <p>VIKING is also the story of the Sørensen family, whose generations have made their mark on the small town of Esbjerg in Denmark and its harbor. Tage Sørensen (1915-2016) founded Nordisk Gummibådsfabrik, now known as VIKING Life-Saving Equipment A/S, in 1960. He remained the company's active chairman until 2010, when he retired at the age of 95.</p> <p>Tage Sørensen was influenced by the Boy Scout movement and its ideals: honesty, responsibility, helpfulness and respect for others. His values still shape the culture of our company and define its character, helping to guide us as we grow.</p> <p>Core Values and Business Philosophy:</p> <p>VIKING Life-Saving Equipment has been committed to a set of core values and a business philosophy that revolves around protecting human lives all over the world. Some of the key values and philosophies include:</p> <ul style="list-style-type: none"> • Safety First: The primary focus of VIKING is on providing innovative and reliable safety solutions to protect lives at sea and while fighting fires. This commitment is reflected in the design, manufacturing, and servicing of all our products. • Quality and Reliability: VIKING emphasizes the importance of quality and reliability in all aspects of its operations. This commitment is crucial as our safety equipment must perform under challenging conditions. • Customer-Centric Approach: VIKING strives to understand the unique needs and challenges of its customers in the maritime, offshore, and fire industries. This customer-centric approach has led to the development of tailored solutions to meet specific safety requirements. • Innovation: The company has a history of investing in research and development to stay at the forefront of technological advancements. Innovation plays a key role in the continuous improvement of safety products and services. • Sustainability: Our purpose in this world is to protect and save lives. A natural extension of this mission is to make our contribution to protecting the planet from global warming and other human impacts on our environment. Efforts in support of a sustainable environment are a natural extension of the values the company has stood for since our founding in 1960. We are responsible, engaged and globally oriented in everything we do, including when doing our part to reduce climate change. <p>Industry Longevity and Fire PPE Products or Services:</p> <p>VIKING Life-Saving Equipment has gained industry longevity by consistently adapting to the evolving needs of the maritime and offshore sectors. In the context of Fire PPE, VIKING is one of the world's leading manufacturers with the majority market share in most of Europe, and the fastest growing provider of turn-out gear in North America.</p>
<p>11</p>	<p>What are your company's expectations in the event of an award?</p>	<p>If honored with an award, VIKING Life Saving-Equipment would be thrilled to extend its unwavering commitment to serving Sourcewell's US and Canadian members by providing an enhanced range of Personal Protective Equipment and Accessories. VIKING Life Saving-Equipment pledges to consistently surpass Member expectations, offering an extensive and evolving product portfolio that adapts to market dynamics through continuous innovation and development.</p> <p>To ensure seamless support for the mission of Sourcewell's Members, VIKING Life Saving-Equipment has assembled a dedicated and growing team of 6 US Fire PPE Regional Managers, a Key Account and Product Manager and 3 support personnel. This highly skilled and technically sound team is tasked to closely collaborate with local and regional Fire Departments, Industrial Corporations and Sourcewell Members.</p> <p>Building on Sourcewell's marketing strategies and Member database, VIKING Life Saving-Equipment is committed to promptly and effectively communicating the advantages of our new program upon contract award. We anticipate collaborating with Sourcewell's cross-functional partners to gain insights into fire departments and other agencies within Sourcewell's footprint. This understanding will enable us to provide Members with our top-tier, nationally leveraged solutions to meet their evolving requirements.</p> <p>Recognizing the pivotal role of this focused and dedicated contract implementation process, VIKING Life Saving-Equipment underscores its commitment to ensuring the success of Sourcewell contracts. While celebrating past successes, we acknowledge that a new award necessitates special attention to both existing and new participating Members. Our approach will be calculated and focused, aligning with an expanded offering of Personal Protective Equipment and Accessories, in response to the ever-changing and dynamic Firefighting PPE market.</p>

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
