EXPIRATION DATE AND EXTENSION. This Contract expires July 15, 2028, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

C. **HOT LIST PRICING.** At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

Typically, a Participating Entity will issue an order directly to Supplier or its authorized

subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

Table 2: Company Information and Financial Strength

Line Item	Question	Response *
10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	Riddell has been producing protective sports equipment for 94 years. We began as a shoe manufacturer in the 1920's and moved into helmets in the 1930's. During the War Riddell was approached by the government about our suspension football helmet. This was a revolutionary design for its time, and we switched from Football helmets to Army helmets. Ever since we moved back to football helmets have lived by our philosophy of "Play Smarter, Not Harder". We do this in the office as well as on the field. This idea is what has kept us a leader in our industry, both in new equipment sales and in reconditioning services.
11	What are your company's expectations in the event of an award?	Riddell looks forward to working closely with Sourcwell to drive sales for both our companies. We will provide your members with a product most of them want and they'll also have the benefit of your expertise of working with local, state and national governments. We have built a dedicated sales force of over 270 reps that are trained and certified exclusively to consult with and maintain a professional relationship with our customers. Describe your company’s capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *
26	Sales force.	Riddell has 270 dedicated sales force members. We provide a highly trained factory direct sales force able to solve all our customers' needs. We can help them select the right new equipment and help to identify their reconditioning needs. Our reps do a thorough inventory of each's schools' equipment, determine what piece of equipment needs to be repaired & recertified and then will produces an accurate quote.
27	Dealer network or other distribution methods.	Riddell has no formal relationship with any team sporting goods dealers or distributors that are certified or trained to carry our Riddell line of products. No other reconditioners are authorized to recondition our equipment, we use genuine original manufacturers' replacement parts. We also supply new Riddell helmets & shoulder pads for any that are rejected during the recon process.
28	Service force.	Riddell's sales force is our service force. All reps are taught how to go over equipment with coaching staff and show them what each item needs to be reconditioned to meet the NEARA and NOCSAE guidelines.
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	There are 2 ways to order from Riddell, one is to use an online store or our website, the other is to go thru a Riddell sales rep. We actually prefer the sales rep approach; it may take more time, but experience has taught us the customer is happier using this process. No Riddell order will ever be handled by a distributor, dealer or any other entity outside Riddell.
30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Our customer service department is open from 7am to 5pm (EST), Monday thru Friday. Customers can call 800-275-5338 x 8641 and get help for any issue they are having. Most issues are solved with one call, but if necessary either a manager or a rep will get back to the customer within 24 hours. Riddell does not use any outside providers for sales or for customer service calls, everyone is a Riddell employee. We offer no incentive to our reps other than their normal salaries (Riddell does not use outside providers) .
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	By providing a professional, dedicated, factory direct sales force to all schools in the US, we are able to maintain the high level of service that our customers have come to expect from our company. All certified representatives are continually educated on the unique performance and protection features of our entire product line. Another great feature of our sales staff is their willingness to get in the "trenches" with the coaching staff. We have spent days in hot, dirty locker rooms going over dirty, smelly equipment to do inventories that will show what each school may need in the way of new equipment & in recon services.
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	We are looking to expanding our presence in Canada in the next 2 years. This was a goal in 2020, but the health crisis put a stop to that. We will serve our Canadian neighbors in the same professional manner we take care of the US schools.
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	Riddell services all the areas of the United States and the eastern part of Canada. We will be expanding our presence in Canada this year and in 2025.
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	Riddell will offer ALL your members the same expert representation that we offer everyone. Riddell does not promote one Co-Op over another and none of our contracts limit our ability to accept other co-op contracts.
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	There are no restrictions for your Hawaiian members. We have three reps in the state now and are planning to add more. Our Alaska customers are served by Lynn Langum in Everett, WA. Riddell is in the process of getting reps in the US Territories at this time we are limited to online orders and online stores.

Table 7: Marketing Plan

Line Item	Question	Response *
36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Riddell's marketing plan would entail adding your logo to our booths at all coaches' conference & meetings to let them know we are a new vendor for you. Our marketing department has expanded considerably in the last three years. Your contact will be Kelsey Ping, she is our Director of Marketing Strategic Initiatives. I spoke to her this week about Sourcewell and she is ready to join the team. Another step will be to inform all our reps nationwide and in Canada that we are now an awarded vendor with Sourcewell. Our reps ask all members of the coaching staff if they are interested in using a co-op contract for their purchase and we let them know about ALL our co-op contracts.
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Riddell had added 5 new team members to our Marketing Dept. Three of these are assigned to the media outlets such as Facebook, X (formerly known as Twitter), You Tube & Instagram We also send out email blast to existing and prospective customers at the beginning of each season to let them know about our specials for each sport. Another job of our Media Dept. is to go to all conventions and athletic meeting to tell people about our new products and our new associations with our co-ops and OSV partners. Our booths are filled with data images & facts showing Riddell is an industry leader,
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Riddell would appreciate Sourcewell letting your members know they can now purchase Riddell products thru your contract. Also, Riddell would encourage you to please send us tips about members interested in Riddell products. You can direct those tips to me via email or telephone, I will then contact the school and get them set up with our sales rep & a regional manager and send them all pertinent documents associated with the contract. This technique is a proven way to boost sales.
39	Are your products or services available through an e-procurement ordering process? If so, please describe your online ordering process, purchase approvals/tracking, payment options, reporting and monitoring (For example, can a participating entity track spending by staff members, can a participating entity put limits on purchases, can they be invoiced, etc.)	Riddell customers may purchase items online at www.riddell.com or thru one of our online stores. These stores are dedicated to a particular school, so all helmets and other items will be shown with that particular schools' logos. This is also a proven sales booster. We do not have the ability to track school staff members expenditures at this time. All members will have access to orders online after it's processed and access to their invoices after the order is delivered. We encourage all schools to email the purchase orders with the Sourcewell contract number on them emailed to me at dcampbell@riddellsalews.com

More info is in the document upload section.

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
47	Do your warranties cover all products, parts, and labor?	Yes.
48	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Riddell treats each warranty case individually. The only thing that could adversely affect our warranty is if the customer did not follow our advice about paint or adding aftermarket products to a helmet. These instructions are clearly outlined and come with each helmet and other equipment..
49	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	This would not be an issue for Riddell as any visit to a school to resolve a problem would be done by a Riddell employee and would not incur any additional costs to your members.
50	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	All regions of the US and Canada are covered by Riddell reps. Any warranty issues would be handled either in person by our rep. or the school may return the warranted item to us via Fed Ex, at no cost to the school, if they prefer
51	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Most warranties for manufacturers other than Riddell are dealt with by that manufacturer. We have a great relationship with all our outside vendors & work closely with them to ensure the customers satisfaction.
52	What are your proposed exchange and return programs and policies?	We prefer a school return a product within 30-45 days of purchase and unused. But each rep makes his/her own decision about return or exchanges. If the return is Riddell's fault (wrong color, size, etc.) then the school will not be charged a shipping or restocking fee.
53	Describe any service contract options for the items included in your proposal.	Riddell does require a service contract from our customers.

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
54	Describe your payment terms and accepted payment methods.	Riddell payments terms are Net 30
55	Describe any leasing or financing options available for use by educational or governmental entities.	Riddell does not offer any leasing of athletic equipment or financing options. However, we will work with any customer who may have a problem making the Net 30 deadline.
56	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Riddell will use order forms, invoices & possibly statements to bill our customers. Examples are in the document upload section.
57	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Yes, Riddell accepts the P-Card procurement process at no additional costs to our customers.

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
58	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Riddell will discount our products by 1% to 40% from our catalog prices for new equipment & supplies and 1% to 23% from catalog price for reconditioning. Our Catalog price list the discount is taken from is included in the document upload section.
59	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Riddell is offering a discount of 1% to 40% off our catalog prices for all new equipment & supplies and a discount of 1% to 23% for reconditioning.
60	Describe any quantity or volume discounts or rebate programs that you offer.	Riddell offers sport specific specials throughout the year. We also offer BOGO (buy One Get One) programs, and a Buy 12 get 2 free on helmets & shoulder pads.
61	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Riddell works with many OSV partners. Our Out Side Vendors items will be offered at the same discount as Riddell products, 1% to 40% off their catalog prices.
62	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	The only charges Riddell would add to a purchase would be a screening or logo fee. We do not charge for pre-delivery inspection, installation, set up, mandatory training, or initial inspection.
63	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Riddell will prepay and then add the freight charges to your members orders and/or invoices. We evaluate each order individually and use the lowest rates available. We do not add any fees or surcharges to the freight.
64	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Riddell uses Fed Ex freight for shipping to Hawaii, Alaska and to Canada. We will request a freight quote from the carrier for all orders to your members in these areas and it will be presented to your members on a quote form BEFORE shipping.
65	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Riddell does offers expedited delivery service. Depending on the situation either Riddell or the requesting customer will pay the additional charges.

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
66	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Riddell offers all co-ops the same discount of 1% to 40% from our catalog prices for new equipment & supplies and a discount of 1% to 23% for reconditioning services.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
67	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	While Riddell prefers to be invoiced by each co-op we do work with all co-ops and are very familiar with reporting the proper number of sales to our Co-Ops. We stress to your members to please put your contract # on their purchase order so we can distinguish the Sourcewell orders from others & be certain they get the proper discount. I am in charge of this process and am always available for questions. We have trained our reps to ask the coaching staff in charge of orders if they are using a co-op and if so, which one. Riddell reps are instructed to send all co-op POs to me and as they come in, I move the email to each co-op's computer file. At the end of the month, or quarter, I pull them to make my various sales reports.
68	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Riddell believes the best measure of a successful contract will be our sales reports. Riddell attaches the entire order to our sales reports, these show each item purchased by your members and can give us both an idea of where our sales are great or where they could improve.
69	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Riddell will pay Sourcewell a 2% Administrative fee. Riddell will NOT add this amount to your members orders or invoices, we pay it out of our pocket.

Table 14A: Depth and Breadth of Offered Equipment Products and Services

We also offer a variety of items for flag football such as: padded under garments, flag belts & flag football caps/soft sided helmets.
