

Public Sector OnStar® Plans Guide

How can OnStar assist your government fleet?

OnStar can meet your public sector fleet needs with flexibility to support any size or scale, providing data, actionable insights and connectivity solutions to help optimize fleet management and vehicle security. From factory-installed telematics hardware and diagnostic services to customizable add-ons, there are plan options to choose from to help optimize any fleet for public service.

OnStar Benefits

- Simplified billing with one-time purchase invoicing
- Potential tax-exempt tax benefits*
- OnStar hardware integration with established telematic partners at no additional fee

*Upon providing satisfactory documentation regarding tax-exempt status.

Utilizing OnStar built-in hardware, you can take advantage of a wide range of plans that connect your fleet with OnStar Vehicle Insights^{®1} for diagnostics, remote commands and more on one intuitive platform. You can even help protect your drivers with proactive and reactive safety features, like Automatic Crash Response Notifications, Drive Block or OnStar DualCam capabilities.

OnStar Vehicle Insights can provide you with access to vehicle information and billing in one convenient location, but built-in OnStar hardware can also seamlessly connect to our telematic partner's platforms – at no additional cost. Qualifying public agencies may be able to take advantage of tax-exempt savings to stretch their budget further, while option code-based and monthly purchasing options make it easy to apply these tax savings directly to their account.²

Choose an OnStar Plan for your GM Fleet

OnStar plans can be purchased individually or bought as one cost-saving bundle. Here are the available plans in addition to the OnStar Fleet Basics³ plan that comes standard with MY25, MY26 and MY27 fleet vehicles.

OnStar Fleet Basics

OnStar Fleet Basics includes the foundational services that give drivers control inside and outside of their vehicles, as well as prioritizing protection on each drive.

¹Terms Apply. Available on select properly equipped 2015 model year and newer GM vehicles. Requires a connected services plan. Fees, services, and availability subject to change without notice. Does not include emergency or security services. Diagnostics capabilities vary by vehicle model. Not all issues will deliver alerts. See gmfleet.com for details and limitations. ² Eligibility, scope and limitations on motor vehicle tax exemptions for public agencies vary widely between states. Check with your tax advisor for details. ³ OnStar Basics is standard for 8 years; working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Service coverage varies with conditions and location. Service availability, features and functionality vary by device and software version. Includes available audio apps only. Third-party services may require separate subscription. Subject to user terms. See onstar.com for details and limitations.

OnStar Protect³

This package helps provide drivers with confidence through its proactive and reactive safety features.

- Stolen Vehicle Assistance – including Vehicle Slow-down
- Turn-by-Turn Navigation
- Advisor Remote Unlock
- Emergency Services
- Roadside Assistance
- Drive Block*
- On-Demand Diagnostics⁴

*Through OnStar Vehicle Insights.

OnStar Telematics⁵

This package enables users to maximize their fleet through real-time vehicle information and actionable insights, which may drive efficiency and reduced costs.

- Vehicle location and geofencing
- Trip history
- Driver behavior monitoring
- Vehicle health alerts
- Fueling and charging data
- Remote commands

OnStar Connect Plus⁶

This package helps transform your vehicle into a mobile office, with seamless data connectivity for improved app access and audio and video streaming to stay engaged from almost anywhere.

- In-Vehicle Wi-Fi® Hotspot
- Wi-Fi connectivity for up to 7 devices
- Connectivity ranging up to 50 ft.*
- Video streaming

*Vehicle must be running or in Accessory mode.

Super Cruise⁷ (if equipped)

Super Cruise utilizes advanced technologies to provide the ease and convenience of hands-free driving on compatible roads.

- Available on equipped vehicles
- Hands-free driving
- Automatic Lane Change
- Hands-free driving with trailering

³ OnStar® plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Stolen Vehicle Assistance requires armed GM factory-installed theft-deterrent system. Services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss. Roadside Assistance services provided by a third party provider. Subject to user terms. See onstar.com for details and limitations.

⁴ Diagnostics capabilities vary by model and plan. See onstar.com for details and limitations. ⁵ Terms Apply. Available on select properly equipped 2015 model year and newer GM vehicles. Requires active service plan. Fees, services, and availability subject to change without notice. Does not include emergency or security services. Diagnostics capabilities vary by vehicle model. Not all issues will deliver alerts. See gmfleet.com for details and limitations.

⁶ OnStar Connect Plus does not include emergency or security services. Service availability, features and functionality vary by device and software. Coverage and service not available everywhere. Third-party services may require separate subscription. Subject to user terms. See onstar.com for details and limitations. ⁷ Always pay attention while driving and when using Super Cruise. Always use Super Cruise in accordance with local laws. Do not use a hand-held device. Terms apply. Visit cadillac.com/super-cruise, chevrolet.com/super-cruise, buick.com/explore/technology/super-cruise or gmc.com/connectivity-technology/super-cruise for compatible roads and full details.

OnStar One Fleet⁸

This package offers our OnStar services all in one convenient package. Fleet professionals can help promote the safety of drivers and vehicles, maximize efficiencies and stay connected and informed.

- OnStar Protect
- OnStar Telematics
