

**MASTER AGREEMENT #081524****CATEGORY: Aboveground Fuel and Fluid Storage with Related Hardware, Software, and Services****SUPPLIER: Syn-Tech Systems, Inc.**

This Master Agreement (Agreement) is between Sourcewell, a Minnesota service cooperative located at 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Syn-Tech Systems, Inc., 100 Four Points Way, Tallahassee, FL 32305 (Supplier).

Sourcewell is a local government and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) offering a Cooperative Purchasing Program to eligible participating government entities.

Under this Master Agreement entered with Sourcewell, Supplier will provide Included Solutions to Participating Entities through Sourcewell's Cooperative Purchasing Program.

**Article 1:
General Terms**

The General Terms in this Article 1 control the operation of this Master Agreement between Sourcewell and Supplier and apply to all transactions entered by Supplier and Participating Entities. Subsequent Articles to this Master Agreement control the rights and obligations directly between Sourcewell and Supplier (Article 2), and between Supplier and Participating Entity (Article 3), respectively. These Article 1 General Terms control over any conflicting terms. Where this Master Agreement is silent on any subject, Participating Entity and Supplier retain the ability to negotiate mutually acceptable terms.

- 1) **Purpose.** Pursuant to Minnesota law, the Sourcewell Board of Directors has authorized a Cooperative Purchasing Program designed to provide Participating Entities with access to competitively awarded cooperative purchasing agreements. To facilitate the Program, Sourcewell has awarded Supplier this cooperative purchasing Master Agreement following a competitive procurement process intended to meet compliance standards in accordance with Minnesota law and the requirements contained herein.
- 2) **Intent.** The intent of this Master Agreement is to define the roles of Sourcewell, Supplier, and Participating Entity as it relates to Sourcewell's Cooperative Purchasing Program.
- 3) **Participating Entity Access.** Sourcewell's Cooperative Purchasing Program Master Agreements are available to eligible public agencies (Participating Entities). A Participating Entity's authority to access Sourcewell's Cooperative Purchasing Program is determined through the laws of its respective jurisdiction.
- 4) **Supplier Access.** The Included Solutions offered under this Agreement may be made available to any Participating Entity. Supplier understands that a Participating Entity's use of this Agreement is at the Participating Entity's sole convenience. Supplier will educate its sales and service forces about

Sourcewell eligibility requirements and required documentation. Supplier will be responsible for ensuring sales are with Participating Entities.

- 5) **Term.** This Agreement is effective upon the date of the final signature below. The term of this Agreement is four (4) years from the effective date. The Agreement expires at 11:59 P.M. Central Time on November 18, 2028, unless it is cancelled or extended as defined in this Agreement.
 - a) **Extensions.** Sourcewell and Supplier may agree to up to three (3) additional one-year extensions beyond the original four-year term. The total possible length of this Agreement will be seven (7) years from the effective date.
 - b) **Exceptional Circumstances.** Sourcewell retains the right to consider additional extensions as required under exceptional circumstances.
- 6) **Survival of Terms.** Notwithstanding the termination of this Agreement, the obligations of this Agreement will continue through the performance period of any transaction entered between Supplier and any Participating Entity before the termination date.
- 7) **Scope.** Supplier is awarded a Master Agreement to provide the solutions identified in RFP 081524 to Participating Entities. In Scope solutions include: Aboveground Fuel and Fluid Storage with Related Hardware, Software, and Services including, but not limited to:
 - A. Aboveground Storage Tanks (AST's) for fuels, fluids, and gases, including gasoline, diesel, AVGAS, Jet fuel, Diesel Exhaust Fluid (DEF), bulk lubricants, propane, natural gas, and used fluids;
 - B. Mobile fuel, fluid, and gas storage solutions;
 - C. Hardware related to the aboveground storage tanks and mobile storage solutions described in subsections 1. a. and b. above, including pedestals, gauges, access or security hardware, monitoring equipment and devices, RFID solutions, dispensers, and accessories;
 - D. Fuel and fluid management software related to the aboveground storage tanks and mobile storage solutions described in subsections 1. a. - c. above. However, this solicitation should NOT be construed to include "software-only" solutions. Proposers may include related fuel and fluid management software to the extent that the solutions are complementary to the offering of the equipment and products being proposed; and,
 - E. Services related to the solutions described in subsections 1.a. – d. above, including design, site assessment, site preparation, installation, monitoring or testing, maintenance or repair, and warranty programs. However, this solicitation should NOT be construed to include "service-only" solutions. Proposers may include related services to the extent that these solutions are complementary to the offering of the equipment and products being proposed.
- 8) **Included Solutions.** Supplier's Proposal to the above referenced RFP is incorporated into this Master Agreement. Only those Solutions included within Supplier's Proposal and within Scope (Included Solutions) are included within the Agreement and may be offered to Participating Entities.

- 9) **Indefinite Quantity.** This Master Agreement defines an indefinite quantity of sales to eligible Participating Entities.
- 10) **Pricing.** Pricing information (including Pricing and Delivery and Pricing Offered tables) for all Included Solutions within Supplier's Proposal is incorporated into this Master Agreement.
- 11) **Not to Exceed Pricing.** Suppliers may not exceed the prices listed in the current Pricing List on file with Sourcewell when offering Included Solutions to Participating Entities. Participating Entities may request adjustments to pricing directly from Supplier during the negotiation and execution of any transaction.
- 12) **Open Market.** Supplier's open market pricing process is included within its Proposal.
- 13) Supplier Representations:**
- i) **Compliance.** Supplier represents and warrants it will provide all Included Solutions under this Agreement in full compliance with applicable federal, state, and local laws and regulations.
 - ii) **Licenses.** As applicable, Supplier will maintain a valid status on all required federal, state, and local licenses, bonds, and permits required for the operation of Supplier's business with Participating Entities. Participating Entities may request all relevant documentation directly from Supplier.
 - iii) **Supplier Warrants.** Supplier warrants that all Included Solutions furnished under this Agreement are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Solutions are suitable for and will perform in accordance with the ordinary use for which they are intended.
- 14) **Bankruptcy Notices.** Supplier certifies and warrants it is not currently in a bankruptcy proceeding. Supplier has disclosed all current and completed bankruptcy proceedings within the past seven years within its Proposal. Supplier must provide notice in writing to Sourcewell if it enters a bankruptcy proceeding at any time during the term of this Agreement.
- 15) **Debarment and Suspension.** Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota, the United States federal government, or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Agreement. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time during the term of this Agreement.
- 16) **Provisions for non-United States federal entity procurements under United States federal awards or other awards (Appendix II to 2 C.F.R. § 200).** Participating Entities that use United States federal grant or other federal funding to purchase solutions from this Agreement may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or

conditions. Within this Section, all references to “federal” should be interpreted to mean the United States federal government. The following list applies when a Participating Entity accesses Supplier’s Included Solutions with United States federal funds.

- i) **EQUAL EMPLOYMENT OPPORTUNITY.** Except as otherwise provided under 41 C.F.R. § 60, all agreements that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

- ii) **DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148).** When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must comply with all applicable Davis-Bacon Act provisions.

- iii) **CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708).** Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies, materials, or articles ordinarily available on the open market, or

contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Agreement. Supplier certifies that during the term of an award for all Agreements by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

iv) **RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT.** If the federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all Agreements by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

v) **CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387).** Contracts and subgrants of amounts in excess of \$150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Agreement it will comply with applicable requirements as referenced above.

vi) **DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689).** A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. § 180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

vii) **BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352).** Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

viii) **RECORD RETENTION REQUIREMENTS.** To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further

certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

ix) **ENERGY POLICY AND CONSERVATION ACT COMPLIANCE.** To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

x) **BUY AMERICAN PROVISIONS COMPLIANCE.** To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

xi) **ACCESS TO RECORDS (2 C.F.R. § 200.336).** Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Agreement for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

xii) **PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322).** A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

xiii) **FEDERAL SEAL(S), LOGOS, AND FLAGS.** The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

xiv) **NO OBLIGATION BY FEDERAL GOVERNMENT.** The U.S. federal government is not a party to this Agreement or any purchase by a Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Agreement or any purchase by an authorized user.

xv) **PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS.** The Contractor acknowledges that 31 U.S.C. § 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Agreement or any purchase by a Participating Entity.

xvi) **FEDERAL DEBT.** The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

xvii) **CONFLICTS OF INTEREST.** The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Agreement or any aspect related to the anticipated work under this Agreement raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

xviii) **U.S. EXECUTIVE ORDER 13224.** The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

xix) **PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT.** To the extent applicable, Supplier certifies that during the term of this Agreement it will comply with applicable requirements of 2 C.F.R. § 200.216.

xx) **DOMESTIC PREFERENCES FOR PROCUREMENTS.** To the extent applicable, Supplier certifies that during the term of this Agreement, Supplier will comply with applicable requirements of 2 C.F.R. § 200.322.

Article 2: Sourcewell and Supplier Obligations

The Terms in this Article 2 relate specifically to Sourcewell and its administration of this Master Agreement with Supplier and Supplier's obligations thereunder.

- 1) **Authorized Sellers.** Supplier must provide Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers which may complete transactions of Included Solutions offered under this Agreement. Sourcewell may request updated information in its discretion, and Supplier agrees to provide requested information within a reasonable time.
- 2) **Product and Price Changes Requirements.** Supplier may request Included Solutions changes, additions, or deletions at any time. All requests must be made in writing by submitting a Sourcewell Price and Product Change Request Form to Sourcewell. At a minimum, the request must:
 - Identify the applicable Sourcewell Agreement number;
 - Clearly specify the requested change;
 - Provide sufficient detail to justify the requested change;
 - Individually list all Included Solutions affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
 - Include a complete restatement of Pricing List with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Included Solutions offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Agreement and will be incorporated by reference.

- 3) **Authorized Representative.** Supplier will assign an Authorized Representative to Sourcewell for this Agreement and must provide prompt notice to Sourcewell if that person is changed. The Authorized Representative will be responsible for:
- Maintenance and management of this Agreement;
 - Timely response to all Sourcewell and Participating Entity inquiries; and
 - Participation in reviews with Sourcewell.

Sourcewell's Authorized Representative is its Chief Procurement Officer.

- 4) **Performance Reviews.** Supplier will perform a minimum of one review with Sourcewell per agreement year. The review will cover transactions to Participating Entities, pricing and terms, administrative fees, sales data reports, performance issues, supply chain issues, customer issues, and any other necessary information.
- 5) **Sales Reporting Required.** Supplier is required as a material element to this Master Agreement to report all completed transactions with Participating Entities utilizing this Agreement. Failure to provide complete and accurate reports as defined herein will be a material breach of the Agreement and Sourcewell reserves the right to pursue all remedies available at law including cancellation of this Agreement.
- 6) **Reporting Requirements.** Supplier must provide Sourcewell an activity report of all transactions completed utilizing this Agreement. Reports are due at least once each calendar quarter (Reporting Period). Reports must be received no later than 45 calendar days after the end of each calendar quarter. Supplier may report on a more frequent basis in its discretion. Reports must be provided regardless of the amount of completed transactions during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Sourcewell Participating Entity Account Number;
- Transaction Description;
- Transaction Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Transaction was invoiced/sale was recognized as revenue by Supplier.

If collected by Supplier, the Report may include the following fields as available:

- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;

- 7) **Administrative Fee.** In consideration for the support and services provided by Sourcewell, Supplier will pay an Administrative Fee to Sourcewell on all completed transactions to Participating Entities utilizing this Agreement. Supplier will include its Administrative Fee within its proposed pricing. Supplier may not directly charge Participating Entities to offset the Administrative Fee.
- 8) **Fee Calculation.** Supplier's Administrative Fee payable to Sourcewell will be calculated as a stated percentage (listed in Supplier's Proposal) of all completed transactions utilizing this Master Agreement within the preceding Reporting Period. For certain categories, a flat fee may be proposed. The Administrative Fee will be stated in Supplier's Proposal.
- 9) **Fee Remittance.** Supplier will remit fee to Sourcewell no later than 45 calendar days after the close of the preceding calendar quarter in conjunction with Supplier's Reporting Period obligations defined herein. Payments should note the Supplier's name and Sourcewell-assigned Agreement number in the memo; and must be either mailed to Sourcewell above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions.
- 10) **Noncompliance.** Sourcewell reserves the right to seek all remedies available at law for unpaid or underpaid Administrative Fees due under this Agreement. Failure to remit payment, delinquent payments, underpayments, or other deviations from the requirements of this Agreement may be deemed a material breach and may result in cancellation of this Agreement and disbarment from future Agreements.
- 11) **Audit Requirements.** Pursuant to Minn. Stat. § 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by Sourcewell and the Minnesota State Auditor for a minimum of six years from the end of this Agreement. Supplier agrees to fully cooperate with Sourcewell in auditing transactions under this Agreement to ensure compliance with pricing terms, correct calculation and remittance of Administrative Fees, and verification of transactions as may be requested by a Participating Entity or Sourcewell.
- 12) **Assignment, Transfer, and Administrative Changes.** Supplier may not assign or otherwise transfer its rights or obligations under this Agreement without the prior written consent of Sourcewell. Such consent will not be unreasonably withheld. Sourcewell reserves the right to unilaterally assign all or portions of this Agreement within its sole discretion to address corporate restructurings, mergers, acquisitions, or other changes to the Responsible Party and named in the Agreement. Any prohibited assignment is invalid. Upon request Sourcewell may make administrative changes to agreement documentation such as name changes, address changes, and other non-material updates as determined within its sole discretion.
- 13) **Amendments.** Any material change to this Agreement must be executed in writing through an amendment and will not be effective until it has been duly executed by the parties.
- 14) **Waiver.** Failure by Sourcewell to enforce any right under this Agreement will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right.

- 15) **Complete Agreement.** This Agreement represents the complete agreement between the parties for the scope as defined herein. Supplier and Sourcewell may enter into separate written agreements relating specifically to transactions outside of the scope of this Agreement.
- 16) **Relationship of Sourcewell and Supplier.** This Agreement does not create a partnership, joint venture, or any other relationship such as employee, independent contractor, master-servant, or principal-agent.
- 17) **Indemnification.** Supplier must indemnify, defend, save, and hold Sourcewell, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell, arising out of any act or omission in the performance of this Agreement by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in design, condition, or performance of Included Solutions under this Agreement. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.
- 18) **Data Practices.** Supplier and Sourcewell acknowledge Sourcewell is subject to the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13. As it applies to all data created and maintained in performance of this Agreement, Supplier may be subject to the requirements of this chapter.
- 19) **Grant of License.**
- a) **During the term of this Agreement:**
 - i) **Supplier Promotion.** Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising, promotional materials, and informational sites for the purpose of marketing Sourcewell's Agreement with Supplier.
 - ii) **Sourcewell Promotion.** Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising, promotional materials, and informational sites for the purpose of marketing Supplier's Agreement with Sourcewell.
 - b) **Limited Right of Sublicense.** The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers, resellers, marketing representatives, partners, or agents (collectively "Permitted Sublicensees") in advertising, promotional, or informational materials for the purpose of marketing the Parties' relationship. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this section by any of their respective sublicensees.
 - c) **Use; Quality Control.**
 - i) Neither party may alter the other party's trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.

- ii) Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with such party's use of the trademarks. Each party may make written notice to the other regarding misuse under this section. The offending party will have 30 days of the date of the written notice to cure the issue or the license/sublicense will be terminated.
- d) **Termination.** Upon the termination of this Agreement for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.
- 20) **Venue and Governing law between Sourcewell and Supplier Only.** The substantive and procedural laws of the State of Minnesota will govern this Agreement between Sourcewell and Supplier. Venue for all legal proceedings arising out of this Agreement between Sourcewell and Supplier will be in court of competent jurisdiction within the State of Minnesota. This section does not apply to any dispute between Supplier and Participating Entity. This Agreement reserves the right for Supplier and Participating Entity to negotiate this term to within any transaction documents.
- 21) **Severability.** If any provision of this Agreement is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Agreement is capable of being performed, it will not be affected by such determination or finding and must be fully performed.
- 22) **Insurance Coverage.** At its own expense, Supplier must maintain valid insurance policy(ies) during the performance of this Agreement with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:
- a) **Commercial General Liability Insurance.** Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Agreement.
- \$1,500,000 each occurrence Bodily Injury and Property Damage
 - \$1,500,000 Personal and Advertising Injury
 - \$2,000,000 aggregate for products liability-completed operations
 - \$2,000,000 general aggregate
- b) **Certificates of Insurance.** Prior to execution of this Agreement, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Agreement. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or provided to in an alternative manner as directed by Sourcewell. The certificates must be signed by a person

authorized by the insurer(s) to bind coverage on their behalf. Failure of Supplier to maintain the required insurance and documentation may constitute a material breach.

- c) **Additional Insured Endorsement and Primary and Non-contributory Insurance Clause.** Supplier agrees to list Sourcewell, including its officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.
- d) **Waiver of Subrogation.** Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Agreement or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.
- e) **Umbrella/Excess Liability/SELF-INSURED RETENTION.** The limits required by this Agreement can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

23) **Termination for Convenience.** Sourcewell or Supplier may terminate this Agreement upon 60 calendar days' written notice to the other Party. Termination pursuant to this section will not relieve the Supplier's obligations under this Agreement for any transactions entered with Participating Entities through the date of termination, including reporting and payment of applicable Administrative Fees.

24) **Termination for Cause.** Sourcewell may terminate this Agreement upon providing written notice of material breach to Supplier. Notice must describe the breach in reasonable detail and state the intent to terminate the Agreement. Upon receipt of Notice, the Supplier will have 30 calendar days in which it must cure the breach. Termination pursuant to this section will not relieve the Supplier's obligations under this Agreement for any transactions entered with Participating Entities through the date of termination, including reporting and payment of applicable Administrative Fees.

Article 3: Supplier Obligations to Participating Entities

The Terms in this Article 3 relate specifically to Supplier and a Participating Entity when entering transactions utilizing the General Terms established in this Master Agreement. Article 1 General Terms control over any conflict with this Article 3. Where this Master Agreement is silent on any subject, Participating Entity and Supplier retain the ability to negotiate mutually acceptable terms.

- 1) **Quotes to Participating Entities.** Suppliers are encouraged to provide all pricing information regarding the total cost of acquisition when quoting to a Participating Entity. Suppliers and Participating Entities are encouraged to include all cost specifically associated with or included within the Suppliers proposal and Included Solutions within transaction documents.

- 2) **Shipping, Delivery, Acceptance, Rejection, and Warranty.** Supplier's proposal may include proposed terms relating to shipping, delivery, inspection, and acceptance/rejection and other relevant terms of tendered Solutions. Supplier and Participating Entity may negotiate final terms appropriate for the specific transaction relating to non-appropriation, shipping, delivery, inspection, acceptance/rejection of tendered Solutions, and warranty coverage for Included Solutions. Such terms may include, but are not limited to, costs, risk of loss, proper packaging, inspection rights and timelines, acceptance or rejection procedures, and remedies as mutually agreed include notice requirements, replacement, return or exchange procedures, and associated costs.
- 3) **Applicable Taxes.** Participating Entity is responsible for notifying supplier of its tax-exempt status and for providing Supplier with any valid tax-exemption certification(s) or related documentation.
- 4) **Ordering Process and Payment.** Supplier's ordering process and acceptable forms of payment are included within its Proposal. Participating Entities will be solely responsible for payment to Supplier and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.
- 5) **Transaction Documents.** Participating Entity may require the use of its own forms to complete transactions directly with Supplier utilizing the terms established in this Agreement. Supplier's standard form agreements may be offered as part of its Proposal. Supplier and Participating Entity may complete and document transactions utilizing any type of transaction documents as mutually agreed. In any transaction document entered utilizing this Agreement, Supplier and Participating Entity must include specific reference to this Master Agreement by number and to Participating Entity's unique Sourcewell account number.
- 6) **Additional Terms and Conditions Permitted.** Participating Entity and Supplier may negotiate and include additional terms and conditions within transaction documentation as mutually agreed. Such terms may supplant or supersede this Master Agreement when necessary and as solely determined by Participating Entity. Sourcewell has expressly reserved the right for Supplier and Participating Entity to address any necessary provisions within transaction documents not expressly included within this Master Agreement, including but not limited to transaction cancellation, dispute resolution, governing law and venue, non-appropriation, insurance, defense and indemnity, force majeure, and other material terms as mutually agreed.
- 7) **Subsequent Agreements and Survival.** Supplier and Participating Entity may enter into a separate agreement to facilitate long-term performance obligations utilizing the terms of this Master Agreement as mutually agreed. Such agreements may provide for a performance period extending beyond the full term of this Master Agreement as determined in the discretion of Participating Entity.
- 8) **Participating Addendums.** Supplier and Participating Entity may enter a Participating Addendum or similar document extending and supplementing the terms of this Master Agreement to facilitate adoption as may be required by a Participating Entity.

Specifications

Table 1: Proposer Identity & Authorized Representatives (Not Scored)

General Instructions (applies to all Tables) Sourcewell prefers a brief but thorough response to each question. Do not merely attach additional documents to your response without also providing a substantive response. Do not leave answers blank; respond “N/A” if the question does not apply to you (preferably with an explanation).

Table 1 Specific Instructions. Sourcewell requires identification of all parties responsible for providing Solutions under a resulting master agreement(s) (Responsible Supplier). Proposers are strongly encouraged to include all potential Responsible Suppliers including any corporate affiliates, subsidiaries, D.B.A., and any other authorized entities within a singular proposal. All information required under this RFP must be included for each Responsible Supplier as instructed. Proposers with multiple Responsible Supplier options may choose to respond individually as distinct entities, however each response will be evaluated individually and only those proposals recommended for award may result in a master agreement award. Unawarded entities will not be permitted to later be added to an existing master agreement through operation of Proposer’s corporate organization affiliation.

Line Item	Question	Response *	
1	Provide the legal name of the Proposer authorized to submit this Proposal.	Syn-Tech Systems, Inc.	*
2	In the event of award, is this entity the Responsible Supplier that will execute the master agreement with Sourcewell? Y or N.	Yes	*
3	Identify all subsidiaries, D.B.A., authorized affiliates, and any other entity that will be responsible for offering and performing delivery of Solutions within this Proposal (i.e. Responsible Supplier(s) that will execute a master agreement with Sourcewell).	N/A	*
4	Provide your CAGE code or Unique Entity Identifier (SAM):	56672	*
5	Provide your NAICS code applicable to Solutions proposed.	334514	
6	Proposer Physical Address:	100 Four Points Way Tallahassee, FL 32305	*
7	Proposer website address (or addresses):	www.myfuelmaster.com	*
8	Proposer's Authorized Representative (name, title, address, email address & phone) (The representative must have authority to sign the “Proposer’s Assurance of Compliance” on behalf of the Proposer):	D. Shane Smith Vice President, Sales & Marketing shane.smith@myfuelmaster.com 850-878-2558 x1003	*
9	Proposer's primary contact for this proposal (name, title, address, email address & phone):	Sara Dunlap Fletcher Marketing/Operations Manager sara.dunlap@myfuelmaster.com 850-878-2558 x1311	*
10	Proposer's other contacts for this proposal, if any (name, title, address, email address & phone):	Dave Landoch Regional Sales Director Dave.Landoch@myfuelmaster.com 303-345-3046	

Table 2: Financial Viability and Marketplace Success (50 Points)

Line Item	Question	Response *	
-----------	----------	------------	--

11	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested Solutions.	<p>Syn-Tech Systems (STS) was formed in 1989 to purchase its predecessor company HCI Inc. which had pioneered the deployment of the Automated Fuels Accounting System for the U.S. Air Force beginning in 1979. Its overwhelming success led to entry into the commercial market in 1987 by successfully responding to an RFP issued by North Carolina DOT. Today the company supplies 28 State DOT's among its 9,000 customers. Its reputation as the premier supplier in its market segment is evidenced by its ability to acquire, maintain, and satisfy its customers over many decades.</p> <p>The achievements of Syntech and its success in its market space is fostered by SEVEN core values listed in the EMPLOYEE HANDBOOK. A brief explanation of each is as follows:</p> <ol style="list-style-type: none"> 1. The company exists to SERVE its customers exceptional value and if successful entitled to a REASONABLE (not excessive) profit. 2. The company is based around successful LONG-TERM relationships with its customers. 3. The company is based around successful LONG-TERM relationships with its employees, vendors, and professionals. 4. All personnel must understand the value of HONEST and ETHICAL dealings with all entities and the need to establish and maintain TRUST in all relationships. 5. The company strives for long-term financial stability but must effectively manage itself such that ANNUAL FINANCIAL LOSSES are not incurred. (Income Statement) 6. The company must maintain a strong FINANCIAL CONDITION such that it can overcome unexpected financial stress. (Balance Sheet) (COVID-19 example) 7. The company and all its employees, agents, and associates understand the destructive nature of ARROGANCE/SELF IMPORTANCE and the effort to recognize and eliminate this behavior. 	*
12	What are your company's expectations in the event of an award?	<p>Syntech (STS) was first awarded a National Joint Powers Alliance (NJPA) contract in 2011 and has been extraordinarily successful in serving the Sourcewell Governmental client base. This success is reflected in the following statistics:</p> <ol style="list-style-type: none"> 1. Since its inception in 2011 STS has delivered over \$20 million in goods & services to Sourcewell member agencies through over 3,500 transactions. 2. STS estimates the above include approximately 700 individual Sourcewell end-users with this increasing by about 130-150 per year. 3. With a customer base of over 9,000, many of which are member agencies, the potential to assist them with acquiring the latest technology (FMLive) is substantial. 	*
13	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response. DO NOT PROVIDE ANY TAX INFORMATION OR PERSONALLY IDENTIFIABLE INFORMATION	<p>Syntech has had outstanding operational and financial success through its 30 years of existence. This is demonstrated by the following facts:</p> <ul style="list-style-type: none"> • The company has never incurred an annual financial loss in its 30 year history. • The company enjoys a very high credit rating score (either a AAAA1 or AAAA2) as rated by Dun & Bradstreet • The company has over 9,000 current customers and has installed over 22,000+ Island Computer Systems. • The company has an independent audit performed by PricewaterhouseCoopers for 30 consecutive years with no audit qualifications. • The company has accumulated net worth of \$19,821,789 thru 12/31/2023, and has extinguished all long-term debt. 	*
14	What is your US market share for the solutions that you are proposing?	In the Fuel Island Controller space, Syntech maintains a market penetration of ~35%. In the Passive Island Controller Systems (AIM) this is estimated to be ~76% and among Real Time Cloud Support is believed to be over 80%.	*
15	What is your Canadian market share for the solutions that you are proposing?	In the Fuel Island Controller space, Syntech maintains a market penetration of ~22%. In the Passive Island Control Systems (AIM) this is estimated to be ~40%.	*
16	Disclose all current and completed bankruptcy proceedings for Proposer and any included possible Responsible Party within the past seven years. Proposer must provide notice in writing to Sourcewell if it enters a bankruptcy proceeding at any time during the pendency of this RFP evaluation.	Syntech has never petitioned for bankruptcy protection.	*

17	<p>How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization.</p> <p>a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned?</p> <p>b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?</p>	<p>Syntech is best described as an Engineering Development & manufacturing enterprise. Syntech is unique to its market segment by employing a large direct sales force to assist distributors and accurately communicate directly with end users of our products. Due to the highly technical nature of the products, this results in a much better customer understanding of the products and their benefits, and how to be successful using them. This approach consistently leads to an exceedingly high Customer Satisfaction Index of around 95%, which has been measured for twenty-two consecutive years using the same survey methodology.</p> <p>See attached "2024 SALES MAP with Canada" document for a complete breakout of sales regions across the United States and Canada. In addition to our internal sales force, Syntech has cultivated a network of over 500 active distributors. These distributors are system installation, repair and maintenance companies who have been factory certified to work on FuelMaster equipment, to include fuel management systems, Fuel Management Units (FMU), AIM systems and read/write key devices and associated systems or units. As members of the Petroleum Equipment Institute (PEI) these distributors have on-staff personnel who are certified to install, maintain and repair bulk fuel level monitoring systems or Automated Tank Gauges (ATG) systems, fuel pumps/dispensers (to include hoses and nozzles), electrical/mechanical systems, information technology systems, environmental compliance systems and to perform project/program management in their geographic areas of operation. Syntech employs these local area FuelMaster certified distributors to render expertise in the aforementioned areas of knowledge to provide installation services and to provide rapid response to maintenance and repair needs reducing cost to the customer. Our Internal sales force are all Direct Syntech Employees, and the distributor network are independent companies that sell our products and services.</p>	*
18	<p>If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.</p>	<p>Syntech maintains safety certifications, ensuring our products are safe to operate within a hazardous fueling zone. Additionally, our products which emit a wireless signal are certified for Electromagnetic Interference and Electromagnetic Compatibility (EMI/EMC)</p> <p>See attached "Safety-EMC-EMI Certifications" document for a complete listing of hardware certifications.</p> <p>In addition, Syntech also maintains information security certifications for Payment Application Data Security Standard (PA DSS), Payment Card Industry Data Security Standard (PCI DSS), Europay Mastercard Visa (EMV), Federal Information Processing Standard (FIPS) 140-2. Finally, our systems have been assessed and have received the Authority to Operate (ATO) on the Department of Homeland Security internal network.</p> <p>Finally, individual certifications for Security+, Certified Information System Security Professional (CISSP), Windows Operating System Fundamentals (MTA 98-349), HDI Support Center Manager, and AWS Certified Cloud Practitioner, are held by our employees.</p>	*
19	<p>Disclose all current and past debarments or suspensions for Proposer and any included possible Responsible Party within the past seven years. Proposer must provide notice in writing to Sourcwell if it enters a debarment or suspension status any time during the pendency of this RFP evaluation.</p>	<p>Syntech has never been suspended, debarred, or punished for any reason over its entire 30 year history.</p>	*
20	<p>Describe any regulatory infractions or sanctions against your products or completed projects within the past 5 years.</p>	<p>None</p>	
21	<p>Describe any relevant industry awards or recognition that your company has received in the past five years</p>	<p>2018 - Highest Credit Rating (AAAA1) Syntech retired its remaining long-term debt to become completely debt-free. The company continues to be recognized by 'Dun & Bradstreet' with a very high credit rating score (either a AAAA1 or AAAA2) for a business its size.</p> <p>2017 - Florida State University College of Business Hall of Fame Syntech Systems CEO, Douglas Dunlap inducted in the Florida State University College of Business Hall of Fame for exceptional professional and personal achievements.</p> <p>2016 - Made in Tallahassee Awarded the 'Made in Tallahassee' award by the Economic Development Council for companies who are headquartered in Tallahassee and whose products are marketed nationally.</p> <p>2015 - Innovation and Technology Business of the Year Awarded the 'Innovation and Technology Business of the Year' by the Greater Tallahassee Chamber of Commerce</p>	*
22	<p>What percentage of your sales are to the governmental sector in the past three years</p>	<p>78% of sales were made to customers in the governmental sector over the past three years.</p>	*
23	<p>What percentage of your sales are to the education sector in the past three years</p>	<p>15% of Syntech's sales were made to customers in the education sector over the past three years.</p>	*

24	List any state, cooperative purchasing agreements that you hold. What is the annual sales volume for each of these agreement over the past three years?	Syntech has state, provincial, or cooperative purchasing contracts with the following entities: sales volume for each over the past three years is also listed: Sourcewell - \$6,634,683 Texas Buy Board - \$315,318	*
25	List any GSA contracts or Standing Offers and Supply Arrangements (SOSA) that you hold. What is the annual sales volume for each of these contracts over the past three years?	Syntech does not currently hold any of the referenced contracts or agreements.	*

Table 2A: References/Testimonials

Line Item 26. Supply reference information from three customers who are eligible to be Sourcewell participating entities.

Entity Name *	Contact Name *	Phone Number *	
US Customs and Border Protection	Wendy Neighbours	317-628-7153	*
City of Tallahassee	Jason Ford	850-556-3242	*
City of Berkeley, CA	Greg Ellington	510-981-6469	*
City of Winter Park, FL	Luke Bryan	407-599-3593	
Arkansas Department of Transportation	Mark Holloman	501-569-2667	

Table 3: Ability to Sell and Deliver Solutions (150 Points)

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
27	Sales force.	Syntech Systems employs a direct sales force divided into ten regions across the US and Canada, each headed by a Regional Sales Manager (RSM), and is the largest in the industry dedicated to Fuel Management. The RSM is responsible for management of the distributors in the region and meeting directly with end users to provide a professional presentation of our products. Additionally the company employs eight sales specialists who support the RSM's for aftermarket sales & upgrades, commercial aviation, maintenance & repair and national accounts. The Sales Force is further supported by a staff of five project managers and six support personnel including senior management for a total of 31 in the department. See attached "2024 SALES MAP with Canada" document for complete breakout of sales regions across the United States and Canada.	*
28	Describe the network of Authorized Sellers who will deliver Solutions, including dealers, distributors, resellers, and other distribution methods.	As detailed in Table 2, question 13, Syntech has cultivated a network of over 500 active distributors. These distributors are selected based on their dedication to customer support, their technical ability and staff, and their financial stability. This distributor base has complete coverage across the U.S. and Canada including more remote areas of Alaska, Hawaii, Puerto Rico, and the Caribbean. All distributors receive extensive technical and sales training and must be certified and recertified every two years. As members of the Petroleum Equipment Institute (PEI) these distributors have on-staff personnel who are certified to install, maintain and repair bulk fuel level monitoring systems or Automated Tank Gauges (ATG) systems, fuel pumps/dispensers (to include hoses and nozzles), electrical/mechanical systems, information technology systems, environmental compliance systems and to perform project/program management in their geographic areas of operation. Syntech employs these local area FuelMaster certified distributors to render expertise in the aforementioned areas of knowledge to provide installation services and to provide rapid response to maintenance and repair needs reducing cost to the customer.	*
29	Service force.	Syntech employs an in-house team of six Field Service Representatives to support and augment our distributor base, particularly with the more technical projects requiring additional expertise. Syntech distributors employ at least one FuelMaster certified technician on staff. With more than 2,000 FuelMaster-certified technicians across the U.S. and Canada, Syntech can provide world-class service wherever needed. Syntech also employs a Customer service/support team in a call-center format with 31 technicians including 2nd-level support for highly technical inquiries, as well as dedicated Distributor support and an in-house Engineering team of approximately 75 Engineers.	*

30	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Our dedicated and extensive sales force promotes, trains, and educates our Distributor base on the Sourcewell program. Syntech typically sells exclusively through our dedicated and certified Distributor base. Orders are typically placed by our Distributors with an order form and PO indicating if an order is designated Sourcewell. All orders go to our sales-order desk with a resolute staff that inputs the order into our order/accounting system. Generally, the RSM and/or aftermarket sales team participate in most orders to manage the sales process along with product details/options.	*
31	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	When Syntech made the decision to enter the commercial market in 1987, we realized the distributors and technicians in the industry at that time supported mechanical equipment and were not familiar with complex computer equipment. This required that Syntech (1) develop modular hardware which could be easily repaired (2) employ sophisticated remote diagnostics to identify issues from Tallahassee, and (3) engage a highly responsive and competent support staff to maintain a 99% operational status for all equipment. This has led to the Syntech Customer Satisfaction Center which currently receives about 80,000 calls per year and maintains a customer satisfaction rating of about 95%. The single most important job is to RESTORE A DOWN FUEL SITE TO AN OPERATING CONDITION AS QUICKLY AS POSSIBLE AND IN HOURS AND NOT DAYS! Its operational parameters to achieve this and other services are as follows: (1) CSC includes a staff of 31 support personnel. (2) Four levels of support including 1st Level, 2nd Level, Applications Engineering, and Engineering Developers (3) 24/7 service, (4) Operational time goal of 99.5% (5) Call waiting time of not more than 5 min. (6) All calls be closed within three days (5) Special expedited call line for Distributors and technicians actively on a job site.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities.	Syntech has customers and distributors in all fifty states, and is currently providing products and services to all Sourcewell entities within the United States.	*
33	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	Syntech has customers and distributors across all Canadian Provinces and Territories. Syntech is willing and able to provide our products and services to all Sourcewell entities throughout North America.	*
34	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed agreement.	There is no geographical areas of the United States or Canada that Syntech Systems cannot provide service to.	*
35	Identify any account type of Participating Entity which will not have full access to your Solutions if awarded an agreement, and the reasoning for this.	There are no entity sectors that Syntech will not be servicing through the proposed contract. Syntech provides the opportunity to use the Sourcewell contracts to all eligible customers.	*
36	Define any specific requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	There are no specific contract requirements or restrictions that would apply to Sourcewell participating entities in Hawaii, Alaska, or US Territories.	*
37	Will Proposer extend terms of any awarded master agreement to nonprofit entities?	Syntech is willing to examine and consider modified terms on a limited case-by-case basis. Terms outside our standard terms would go through a thorough risk analysis and a decision made based on the merits of the opportunity	*

Table 4: Marketing Plan (100 Points)

Line Item	Question	Response *	
38	Describe your marketing strategy for promoting this opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	<p>Syntech (STS) has utilized a marketing strategy built around the acquisition of NEW customers and maintaining existing customers by assuming a large degree of responsibility for user success with our products. This concept is built around the following elements:</p> <p>This concept is built around the following elements:</p> <ol style="list-style-type: none"> 1. Robustly engineered products capable of maximum operational up-time through climatic conditions from arctic to tropical environments. 2. Product Support through its Customer Satisfaction Center for 24/7 support through phone, computer, and internet communication, worldwide. 3. Competitive pricing within all elements of the Fuel Data Automation Market and a direct technical sales staff to help the customer through the complicated acquisition process. 4. Developing and maintaining the latest technology through maximum use of Research & Development efforts. (R&D as a % of Sales is thought to be the highest in our market segment by a wide margin.) <p>This has led to the following results.</p> <p>STS has managed to acquire over 9,000 customers and maintain a continuing relationship with each of them.</p> <ol style="list-style-type: none"> 1. FMLive technology, which represents State of the Art communications and transaction management worldwide in real time was developed with an initial investment of ~ \$30 Million, and subsequent R&D of ~ \$40 million and which is continuing. 2. A world class Customer Satisfaction Center which accepts ~ 80,000 customer calls per year on a variety of subjects and maintains a customer satisfaction rating of 94%. 3. The marketing strategy is to continue to acquire as many new customers through outstanding performance at competitive prices as possible, while upgrading the existing customer base to the latest technology. 4. This opportunity represents a staggering revenue potential in the hundreds of millions of dollars over the next ten to fifteen years. The opportunity to upgrade the 9,000-customer base to the latest technologies is several hundred million dollars in revenue alone. 	*
39	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	<p>Syntech utilizes digital media to connect with a diverse audience through our website, Facebook, Instagram, and LinkedIn by featuring our products, services, and sales force. Engagement statics are analyzed then strategies are updated and deployed accordingly. Quarterly communication updates for customers and distributors are executed with Constant Contact to allow evaluation of open rates, engagement appraisals, and campaign comparisons. Digital marketing and communication can be co-branded with Sourcewell to further communicate the awarded contract.</p>	*
40	In your view, what is Sourcewell's role in promoting agreements arising out of this RFP? How will you integrate a Sourcewell-awarded agreement into your sales process?	<p>Sourcewell provides a valuable asset by offering training to our sales force arming them with the knowledge to bring cost-savings to our current and potential customer base. Syntech continues to benefit from Sourcewell's legislative initiatives in advocating cooperative purchasing avenues across the U.S. and Canada. Sourcewell's mission is seamlessly woven into conversations and presentations that our staff conduct daily. Syntech attends over 100 tradeshow annually across the U.S. and Canada where we display Sourcewell-provided table flags in addition to our co-branded marketing literature. (SEE ATTACHED). Additionally, the majority of Syntech sales personnel have attended Sourcewell University and are well versed in the program. We commonly describe and utilize the Sourcewell program in discussions with potential public customers. We attend many relevant trade shows and display the Sourcewell flag. We provide regular emails to all sales personnel regarding new Sourcewell members and any other relevant info received by them. We have had Sourcewell representatives present at our annual sales conference and therefore, the use of the Sourcewell program is a key component of our overall sales process.</p>	*
41	Are your Solutions available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	<p>E-procurement is a priority and with the launch of our new ERP-CRM platform, we are implementing various e-procurement options for both our customers and distributors which is scheduled to be launched Q4-2024.</p>	*

Table 5: Value-Added Attributes (100 Points)

Line Item	Question	Response *	
-----------	----------	------------	--

42	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	<p>Syntech uses its sound training experience to transfer knowledge to selected personnel on all systems, software, hardware, equipment and other technology installed in response to all objectives. We will institute a "train the trainer" program in every training evolution. Additionally, User, Operational, and Troubleshooting Manuals will be provided for all systems, software, hardware, equipment and other technologies. It has been our experience that training reinforcement is the best method by which individuals learn and retain knowledge. Our diverse education methods, perfected over decades by training over 9,000 customers, ensure maximum learning retention. The following proven training scenarios are available:</p> <p>On-Site Training - Training shall be provided on site immediately after system startup on each type of hardware/software component, directly with individuals responsible for each functional area: software, maintenance and vehicles.</p> <p>Webinars - Subsequently, a two-hour webinar conference will be scheduled after installation. This training is used to maximize retention of previously learned skills and to answer any questions personnel may have after using the systems.</p> <p>Online Customer Training Course (accessible online) - A self-paced customer class accessible online with a library of manuals, guides, and other technical and operational reference material will be available. This course provides users with the basic information needed to operate the FuelMaster FMU and FMLive software at the customer's own pace.</p> <p>Classroom Training - Syntech offers a quarterly customer training at our corporate office in Tallahassee, Florida. This three-day course covers system software and hardware operations including common troubleshooting techniques. Classroom training mimics real world exercises (using actual dispensers, tank gauges and FuelMaster equipment) as closely as possible within the confines of a classroom. At the end of each training session, individuals attending the training will be given an exam to demonstrate their mastery of the training subject matter. Training data and test results will be maintained by Syntech and made available upon request. The training program is continually reviewed via attendee exams and surveys. Improvements are made to the training program when required. Data on training attendees, dates, curriculum, and test results will be maintained by Syntech and made available upon request.</p>	*
43	Describe any technological advances that your proposed Solutions offer.	<p>FMLive's customer facing application programming interface (API) allows for the quick import of user and vehicle data, as well as export of transactional data to third party fleet and asset management systems. Coupled with Business Intelligence (BI) and reporting technology, users may define custom reports to meet specific business needs. All reports are exportable into multiple flat file formats including Excel, PDF, Word, and CSV. Reports can be scheduled to run on a periodic or as-needed basis. Furthermore, the reporting BI tool can be configured to automatically generate email notifications allowing for real-time system-generated alerts based on data, such as: sales, inventory, vehicle telematics and any other data required by operational and functional managers.</p>	*
44	Describe any "green" initiatives that relate to your company or to your Solutions, and include a list of the certifying agency for each.	<p>A reduction of Carbon Emissions from the transportation sector is the key component of our nation's goal to reduce greenhouse gas emissions 40% by the year 2030. This would put our greenhouse gas levels below the 1990 mark and continue to drive progress towards our climate and clean air goals. Within the transportation sector, government programs have created initiatives to accelerate the management of carbon emissions with new technology for vehicles and heavy equipment. The fleet and transportation segments will continue to see more regulation in the future to ensure the use of clean technologies, especially along primary freight corridors. The Automotive Information Module (AIM Device) is the connected receiver to the vehicle's on-board diagnostic system (OBD). With AIM connected to the OBD, and Radio Frequency Identification (RFID) communication from the vehicle's AIM device to the Fuel Management Unit (FMU), vehicle data can be recorded and reported through the fuel management platform. The OBD is a computer-based system designed to aid in the monitoring and management of major engine components. In addition to Engine Diagnostic Codes and indicators like Check Engine Light, dozens of other engine performance and driver behavior data points can be collected and reported. AIM reports such metrics as Engine Idle Time and Maximum Engine Oil Temperature. Additional data related to Oxygen Sensors, Exhaust Gas, and Fuel/Air Ratio are also available through an OBD via AIM.</p> <p>Syntech Systems is working with greenhouse gas conscience fleet managers to determine the bundle of data points desired to assist in managing their fleet to new clean air standards. The AIM technology is a true asset in collecting this data. We are eager to work with a local firm to tailor the system to provide the right data through AIM. With over 400 parameters available through the OBD, we can focus on the most important data needs for our customers. Advancements in technology, like AIM, will be a catalyst in our ability to achieve 80% reduction in greenhouse gas emissions by 2050.</p> <p>Syntech fuel management systems are designed to significantly reduce or even eliminate misappropriation of fuel. Customers typically realize a significant reduction in fuel usage and waste following implementation.</p> <p>Syntech has developed an EV (electric vehicle) charging management system. This system is unique in that it connects to and manages the charging/fueling by controlling access to and recording transactions from the customers' chargers. A single pedestal can control multiple chargers as opposed to the common competitors' systems that charge a single vehicle with a pedestal.</p>	*

45	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the Solutions included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	<p>At Syntech, we understand the harmful effects that discarded electronics can have on the environment. With that in mind, Syntech has taken large strides in its effort to reduce the amount of heavy metals included in our products using the 2011/65/EU directive as our guide. This ensures RoHS compliance as we develop our products. Meaning there is a Maximum Concentration Value (MCV) for heavy metals and flame retardants covered by RoHS are as follows:</p> <ul style="list-style-type: none"> • Lead (0.1 %) • Mercury (0.1 %) • Cadmium (0.01 %) • Hexavalent chromium (0.1 %) • Polybrominated biphenyls (PBB) (0.1 %) • Polybrominated diphenyl ethers (PBDE) (0.1 %) <p>Syntech fuel management systems are designed to be rugged and long lasting. We have many customers with 20–30-year-old systems that continue to operate. Generally, the extreme durability of our products reduces the frequency of replacement and disposal. Our upgrade philosophy and practice allow for the bulk of our equipment to remain installed, with only portions replaced to bring an older system to our latest technology; again, greatly reducing the need for disposal.</p>
46	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	<p>Syntech is a highly qualified and responsive commercial vendor that has forged a comprehensive and technically competent team. Syntech is the most capable company within the fueling and fleet data management arena as evidenced by the vast experience it has obtained over the forty (40) years within the industry, as well as the demonstrated breadth and depth of its technical staff. Currently the company can cite the following experience in the government space, a quality unique to Syntech:</p> <p>The company has ~9,000 individual customers worldwide operating ~3.9 million vehicles daily. The company supports over 22,500 fueling locations worldwide, including ~897 units within the Department of Defense at 340 separate military installations.</p> <p>Syntech has the most comprehensive technical support team in the fueling automation industry with ~10,000 units under active maintenance support at ~3,800 unique locations. Included among the customer base are 28 State Departments of Transportation utilizing our Fuel Management Systems.</p> <p>The company has sold and supports ~550,000 AIM Units (Automotive Information Modules) among ~616 different customers including ~18,000 by the Department of Homeland Security.</p> <p>Syntech has the most robust customer support center in the fuel management space with 31 technicians. This department is supported by a team of approximately 75 degreed engineers. This engineering staff is the largest in the industry dedicated solely to fuel management systems.</p>

47	Describe the security system in place for protecting and controlling access to your solutions.	<p>User accounts are created with unique usernames that then become the account identifier throughout the system. The account also requires a first and last name be entered which allows the administrator to correlate the unique identifier with the proper name of the individual. Additionally, the accounts are assigned roles and organization during creation. Role-based access ensures that the account is created using the least privilege principle while the organization assignment determines whose data the account is authorized to view. By default, FMLive institutes single-factor authentication with a username and password. Accounts are required to use complex passwords, meeting the requirements of the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-638 (June 2017) or NIST SP 800-63-2 (August 2013) based on the customer's preference.</p> <p>NIST 800-638 Requirements</p> <ul style="list-style-type: none"> - Contain at least 8 characters. - Not be identical to any of the user's last 4 passwords. - Not contain 4 of the same character in a row. - Not be a dictionary word. - Not be a password which has appeared in publicly documented data breaches of other applications. - Not contain personal information such as names, telephone numbers, account names, or birth dates. - Not contain FUELMaster, FMLive, or Syntech. <p>NIST 800-63-2 Requirements</p> <ul style="list-style-type: none"> - Contain at least 15 characters. - Contain a mix of upper case letters, lower case letters, numbers, and special characters. - Not be identical to any of the user's last 10 passwords. - Not contain personal information such as names, telephone numbers, account names, birth dates, or dictionary words. - Differ from the previous password by at least four consecutive characters. <p>If multifactor authentication is desired, the application also supports Personal Identifiable Verification (PIV) credentials, providing two-factor authentication using a hardware token. PIV credentials allow for a high level of assurance in the individuals that access FMLive because they are only issued by trusted providers to individuals that have been verified in person. PIV credentials are highly resistant to identity fraud, tampering, counterfeiting, and exploitation. When using PIV credentials FMLive maps the authenticated identity to an individual system account using the certificate name. If the user accessing the system has entered the correct PIN, the certificate name is valid in the application database to which the user will be granted access. FMLive system and application logs are configured to log enough information to determine what type of event occurred, the date and time of the event, the location of the event, the source of the event, the outcome (success or failure) of the event, and the identity of the user/subject associated with the event and are monitored by the Syntech application administration team. The Application generates time stamps for all recorded events; all hosts and devices utilize Coordinated Universal Time (UTC) to ensure all events are correlated with a single authoritative source regardless of time zone. FMLive instances are built to meet the requirements of the most security-sensitive organizations. Amazon EC2 works in conjunction with Amazon Virtual Private Cloud (VPC) to provide security and robust networking functionality for your FMLive deployment. The VPC environment provides layered protection of the application and system resources. The first layer is the environment, which employs a deny-by-default firewall, only allowing access to whitelisted IP addresses/range provided by the customer and only for the ports required for HTTPS communication between the customer network and FMLive application server. Access to FMLive servers in AWS requires Multi-Factor Authentication (MFA) in addition to a whitelisted IP address. MFA is a simple best practice that adds an extra layer of protection on top of the username and password. When Syntech Operations administrators attempt to sign into an AWS website, they will be prompted for their username and password (the first factor-what they know), as well as for an authentication response from their AWS MFA device (the second factor-what they have). Taken together, these multiple factors provide increased security for your AWS account settings and resources.</p> <p>Auditable events are captured and stored at every layer within the system, recording and storing actions made within the environment. Capitalizing on the AWS CloudTrail provides increased visibility into user and resource activity by recording actions and API calls. This allows for identification of users and accounts that have called AWS, the source IP address from which the calls were made, and when the calls occurred. Next, the host virtual machines maintain audit logs for operating system level events. After the operating system level log, the system audit log tracks TLS authentication attempts and configuration changes, recording the username or hostname, time/date, event type, category (successful/unsuccessful) and source IP address of the machine where the attempt was made. Finally, the application log records the identity of the users and devices that attempt to authenticate to the FMLive application. The application records user authentication attempts and account modifications (password changes, expired passwords, dormant account expiration, and account creation). Application audit data is stored in the FMLive database, and access is restricted to users with the 'Security' role assigned to their user account.</p> <p>Audit logs are reviewed for signs of unauthorized access and elevation of information system privileges, unauthorized access to files, changes in access patterns, and repeated failed access attempts.</p>
----	--	--

48	Describe how you will secure any participating entities' data captured during transactions.	The FMLive system is designed and developed to be compliant with NIST 800-53r4 security controls, meeting the threshold of a moderate baseline with many controls being compliant to the requirements of a high baseline. Communication between the FMU(s) and FMLive relies on a public key infrastructure (PKI), providing encryption of data using the TLS 1.2 (Transport Layer Security version 1.2) standard. Capitalizing on the use of the Federal Information Processing Standard 140-2 (FIPS 140-2) validated Bouncy Castle Java API, the system encrypts data to Department of * Defense requirements, ensuring protection of all data in-transit. The recommended communication medium is cellular modem, providing the system with the flexibility, reliability, and security of a private cellular network. Thus, the Syntech 4000 series FMU delivers the technology that will reduce the requirement for costly infrastructure upgrades and provide the network security protocols necessary to combat emerging cybersecurity threats.
49	Describe how your solutions can improve efficiency of fuel and fluid storage and dispensing.	The main purpose of Syntech fuel management systems is to account for fuel. Our systems are capable of and used to identify where every drop of purchased fuel goes, with a full accounting of who fueled, what equipment the fuel went into, as well as the time, date and quantity dispensed. This reduces, and can even eliminate, the loss and/or misuse of fuel, whereby reducing waste and misappropriation. One method for improving fuel efficiency is by monitoring driver behavior, our telematics systems report on vehicle speed, rapid acceleration and hard braking, all behaviors that negatively impact fuel efficiency. Studies show that fuel economy decreases at a rate of \$0.20 per gallon for every five MPH increase in vehicle speed. Our systems identify vehicle speeding and harsh braking events. This information helps you understand and support good driving across your fleet. Fleet managers can also use the data provided by our system to analyze Vehicle- specific data on idling and driving behavior allowing them to accurately identify inefficient or abnormal activity by measuring changes over time with fuel and trend reports. Rather than trusting manual systems for tracking vehicle maintenance requirements, our system tracks engine run time and mileage, allowing Fleet Managers take the guesswork out of maintenance, reducing vehicle down time and optimizing fuel efficiency. Finally, the lack of a fuel management system often leads to theft, as has often been witnessed by employees filling their personal vehicle from the company's fuel tanks. The FuelMaster Fuel Management Unit (FMU) prevents theft requiring company issued authorization devices for fuel transaction authorizations. Our Automotive Information Module can also prevent other cases of fuel theft ensuring that every drop of fuel makes it into the vehicle.
50	Describe how you work with participating entities to ensure all relevant environmental regulations and environmental best practices are followed.	Syntech works with its partners to ensure Sourcewell participating entities operate fuel stations that are compliant with all local, state, and federal environmental regulations including but not limited to applicable parts and subparts of 40 CFR, 33 CFR, 32 CFR, 49 CFR, 29 CFR, NEC and NFPA 30. Syntech and its partners perform site assessments pre and post installation to identify, communicate and remediate all potential issues that may impact compliance with environmental best practices. Syntech fuel management systems meet or exceed building, fire, and environmental codes in the locations in which our products are deployed.
51	Describe your capabilities and processes for design, site assessment, site preparation, installation, and SPCC planning. (Spill, Prevention, Control, Containment)	From a fuel management perspective, site assessments are performed to optimize the safety and use of our products in the most effective manner per the site design provided by the end user or their representatives, including proper installation and training specific to the site and the customer requirements. Syntech fuel management systems are designed to connect to tank monitor systems and can provide real-time access to the status of tank levels and the communications of alarms and/or related conditions that are important to the end user to ensure issues are identified in a timely manner.
52	Describe any regulatory infractions or sanctions against your products or completed projects within the past 5 years.	Syntech has never been subjected to any regulatory infractions.

Table 5A: Value-Added Attributes

Line Item	Question	Certification	Offered	Comment
53	Select any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation and a listing of dealerships, HUB partners or re-sellers if available. Select all that apply.		<input type="radio"/> Yes <input checked="" type="radio"/> No	
54		Minority Business Enterprise (MBE)	<input type="radio"/> Yes <input checked="" type="radio"/> No	
55		Women Business Enterprise (WBE)	<input type="radio"/> Yes <input checked="" type="radio"/> No	Syntech is partially owned by women. Syntech also partners with Distributors that are women owned.
56		Disabled-Owned Business Enterprise (DOBE)	<input type="radio"/> Yes <input checked="" type="radio"/> No	
57		Veteran-Owned Business Enterprise (VBE)	<input checked="" type="radio"/> Yes <input type="radio"/> No	Greater than 51% of ownership are Veterans. Syntech also partners with several Veteran-owned Distributors and Market partners. Additionally, Syntech employs 25 Veterans at our corporate office.
58		Service-Disabled Veteran-Owned Business (SDVOB)	<input type="radio"/> Yes <input checked="" type="radio"/> No	
59		Small Business Enterprise (SBE)	<input type="radio"/> Yes <input checked="" type="radio"/> No	
60		Small Disadvantaged Business (SDB)	<input type="radio"/> Yes <input checked="" type="radio"/> No	
61		Women-Owned Small Business (WOSB)	<input type="radio"/> Yes <input checked="" type="radio"/> No	

Table 6: Pricing (400 Points)

Provide detailed pricing information in the questions that follow below.

Line Item	Question	Response *	
62	Describe your payment terms and accepted payment methods.	Standard Payment Terms are NET 30 but we are flexible with customers and distributors when circumstances require. The nature of the industry is often long lead times between ordering and final completion causing cash flow problems for distributors, and pressure on Sourcewell Members to make advance or progress payments. We collaborate with both parties to assure contracts are executed and completed satisfactorily and payments are as timely as possible.	*
63	Describe any leasing or financing options available for use by educational or governmental entities.	Syntech can arrange with leasing organizations to provide financing proposals to customers, depending on credit & financial qualifications. Syntech is always willing to work with any Government or Education Agency in creating a leasing plan and finding the best financial institution. Florida DOT is currently planning to utilize this option.	*

64	Describe any standard transaction documents that you propose to use in connection with an awarded agreement (order forms, terms and conditions, service level agreements, etc.). Upload all template agreements or transaction documents which may be proposed to Participating Entities.	When Syntech receives an order through Sourcewell, the Customer ID is created with a distinct code, which identifies the order as a Sourcewell Contract order. This both ensures the customer receives the negotiated Sourcewell Contract discount and provides a method for reporting to Sourcewell. Syntech's accounting department runs a monthly activity report to specifically identify Sourcewell Contract orders. Every quarter, the monthly reports are consolidated into a spreadsheet that is provided to Sourcewell along with the 2.5% administrative fee for all Sourcewell Contract orders.	*
65	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Syntech does accept purchases using the P-card procurement and payment process, there are no additional fees for using this process.	*
66	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	In past submissions STS incorrectly stated it was offering a 10% discount from MSRP, which should have indicated a MINIMUM 10% Discount. STS has analyzed all of its ~ 3500 transactions beginning in 2011 and estimates its actual discount applied to customers was approximately 15%. Product categories that do not receive discounts are identified in the Syntech Equipment and Services Catalog under the following headings: FMLive SERVICES EXTENDED WARRANTY MAINTENANCE PLANS TRAINING SERVICES CUSTOMER SUPPORT SERVICES SHIPPING AND HANDLING COSTS STS is pleased to offer additional Discounts from MSRP well beyond 10-15% as further delineated below.	*
67	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Pricing to Sourcewell participating agencies is represented as a 20% discount from the manufacturer's suggested retail price (MSRP) on all hardware included in the attached Equipment and Services Catalog. Additional volume discounts are available as referenced in Q68 response and listed in Table 7-Pricing Offered.	*
68	Describe any quantity or volume discounts or rebate programs that you offer.	For Quantity purchases STS often extends 28% discounts to all customers. STS also offers additional Volume discounts as noted below: Volume Discounts from MSRP Additional 1% on orders over \$50,000 to \$100,000. Additional 2% on orders over \$100,000 to \$200,000. Additional 3% on orders over \$200,000 to \$400,000. Additional 4% on orders over \$400,000 to \$800,000. Additional 5-8% on orders over \$800,000.	*
69	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "non-contracted items". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Open market items or equipment not listed in Syntech's Product and Services Catalog are typically provided at cost plus a markup % of generally 15%. In some cases, based on general need of the open market item, the item may be added to the Product and Services Catalog, at which point Syntech will provide an updated copy to Sourcewell.	*
70	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	The most common costs beyond Syntech equipment are site preparation and installation. It is typical for a customer to have an existing fuel island with operational fuel tanks, pumps, and dispensers. However, if the customer has never had a fuel management system, additional hardware such as mechanical pulsers or digital pulse output circuit boards may need to be added to their existing equipment. Additionally, installation material like conduit and cabling prices vary based on the location, and quantity required is determined by physical layout of the fueling site(s). In some cases, installation may require underground conduit, which in turn may require trenching. Furthermore, a large fueling site may require multiple Fuel Management Units (FMUs) increasing the volume of installation material and labor required to complete the installation, all of which impacts on the total installation cost. In some scenarios, Syntech may be replacing a competitor's system, which does generally lower the overall cost, as the required conduit, for the most part, is already in place. However, every installation varies. Quotes for installation are best when an onsite assessment can be completed by a local certified installer or Syntech Field Service Representative. A major component of our services is to guide the Sourcewell Member through this process to facilitate a successful project at the lowest practical cost!	*

71	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Syntech offers fixed fee handling and freight (ground) charges for several items within the Continental United States, including: FMU/Satellite Unit Legacy Mobile Upgrade (Upper Cabinet Components) PowerVar Three Line Display Pedestal Receipt Printer Ligowave Electronic Interface Dispenser Kit AIM Kit Additionally, when customers use their own freight accounts, Syntech offers handling only options. All other orders will use a handling and freight fee based on the total dollar value of the order. Finally, freight charges for any location outside the Continental United States is based on estimates provided by the carrier using the weight and dimensions of packages to be shipped. Please reference the attached "Syntech Equipment and Services Catalog.	*
72	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	With customers all over the globe, Syntech regularly ships items to areas outside of the Continental United States. Delivery terms are based on customer requirements and project timelines. Freight charges for locations outside the Continental United States are based on estimates provided by the carrier, using the weight and dimensions of packages to be shipped.	*
73	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Syntech has cultivated a network of over 500 active distributors. These distributors are FuelMaster certified installation, repair and maintenance companies who have been factory certified to work on FuelMaster equipment, to include fuel management systems, Fuel Management Units (FMU), AIM systems and read/write key devices and associated systems or units. As members of the Petroleum Equipment Institute (PEI) these distributors have on-staff personnel who are certified to install, maintain and repair bulk fuel level monitoring systems or Automated Tank Gauges (ATG) systems, fuel pumps/dispensers (to include hoses and nozzles), electrical/mechanical systems, information technology systems, environmental compliance systems and to perform project/program management in their geographic areas of operation. Syntech employs these local area FuelMaster certified distributors to render expertise in the aforementioned areas of knowledge to provide installation services and to provide rapid response to maintenance and repair needs reducing cost to the customer.	*
74	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed agreement with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing.	Our self-audit process begins with the receipt of new purchase orders, the order is first evaluated to determine if the customer is a Sourcewell participating entity. If identified as such, purchase orders are validated to ensure the entity is receiving the negotiated Sourcewell contract pricing. Once confirmed, the order is processed. Each customer has a unique Customer ID within our order system, Sourcewell participating entities receive a distinct contract code embedded in their customer ID. This allows us to quickly identify the participating entity, and guarantees they receive contract pricing on all subsequent/future orders. Syntech's accounting department generates weekly and monthly reports, providing them to Sales and Marketing, for use in evaluating contract performance metrics. Additionally, a quarterly report is generated to calculate the Sourcewell administrative fee, the report is reviewed for accuracy and when approved by the CFO, a check is issued and delivered to Sourcewell along with the quarterly report	*
75	If you are awarded an agreement, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the agreement.	Syntech reports all Sourcewell transactions on a monthly basis in its Monthly Sales Report including Customer, Sales Volume, transaction count and totals for the month and Year to Date and comparison to the prior year. These values are compared to historical totals beginning in 2011 and evaluated for adequate growth. Additionally, individual Regional Sales Managers use of Sourcewell is reported and evaluated for effectivity of use and meeting objectives.	*
76	Provide a proposed Administration Fee payable to Sourcewell. The Fee is in consideration for the support and services provided by Sourcewell. The propose an Administrative Fee will be payable to Sourcewell on all completed transactions to Participating Entities utilizing this Agreement. The Administrative Fee will be calculated as a stated percentage, or flat fee as may be applicable, of all completed transactions utilizing this Master Agreement within the preceding Reporting Period defined in the agreement.	Syntech proposes a 2.5% administrative fee to be paid to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract. The 2.5% fee is calculated as a percentage of sales under the contract, it is not a line-item addition to the participating member's cost of goods.	*

Table 7: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
77	The pricing offered is consistent with standard market pricing typically offered to individual municipalities, universities, or school districts.	<p>Note: Cumulative beginning in 1st Quarter 2011 thru 7-31-2024, STS has processed 3122 (funded) Sourcewell Member transactions averaging \$7,530 per transaction. Most of these were smaller individual transactions but also included larger multi-million dollar orders such as Arkansas DOT.</p> <p>Standard Discounts from MSRP: 20% Discount from MSRP on all equipment & services except Maintenance and Cloud related Services</p> <p>Pricing offer: Volume Discounts from MSRP:</p> <p>Additional 1% on orders over \$50,000 to \$100,000.</p> <p>Additional 2% on orders over \$100,000 to \$200,000.</p> <p>Additional 3% on orders over \$200,000 to \$400,000.</p> <p>Additional 4% on orders over \$400,000 to \$800,000.</p> <p>Additional 5% on orders over \$800,000.</p> <p>Product categories that do not receive discounts are identified in the Syntech Equipment and Services Catalog under the following headings:</p> <p>FMLive SERVICES, EXTENDED WARRANTY MAINTENANCE PLANS, TRAINING SERVICES, CUSTOMER SUPPORT SERVICES, and SHIPPING AND HANDLING COSTS</p>

Table 8A: Depth and Breadth of Offered Solutions (200 Points)

Line Item	Question	Response *
-----------	----------	------------

78	<p>Provide a detailed description of all the Solutions offered, including used, offered in the proposal.</p>	<p>Syntech offers a host of hardware and software products that work together to meet a broad variety of needs in the fuel, fleet, and energy management space. Additionally, we offer a wide range of industry-leading support services to aid product adoption, third-party integration, installation, connectivity, continuous system health monitoring, security monitoring, part-replacement, and customer support. These services ensure a comprehensive, dependable, and streamlined experience to our customers and set us apart in the industry.</p> <p>Our flagship fuel management product, Fuelmaster (FMU), manages fuel (gas, diesel, cng, lp, etc) at fixed fuel sites. It is offered in a variety of configurations to meet unique customer needs, and can support a multitude of transaction-initiation media including keypad, ProKee, smart card, credit card (including EMV), fleet cards, proximity cards/fobs, RFID, and barcodes. These units are offered in a variety of connectivity options (including cellular as well as satellite) and are continuously connected to our cloud-based software solution (FMLive).</p> <p>The same hardware technologies that drive our FMU are also available in mobile fueling options. We offer two unique solutions in mobile fuel control: FlowFT is targeted for small, single-tank applications and leverages our mobile app (FMLink) for user-interface control. FlexFD is our more robust mobile product, supporting more tanks, as well as additional connectivity and access-device options. These products are also cloud-connected to our software, FMLive.</p> <p>In the fleet tracking & telematic space, we offer a car-connected RFID device (AIM Titanium) that both secures fuel (directly at the fuel port of the vehicle), as well as collects telematics data (odometer/trouble codes/hard-braking, etc). This data is collected over wireless radio communications by our fixed fueling system (FMU) or our mobile fueling system (FlexFD). Additionally, we offer a stand-alone product (FlexDC) that can be installed as a data-collection point for parking lots or garages.</p> <p>In the alternative energy space, Syntech offers electric charge monitoring & control via FuelmasterEV. Much like the FuelMaster FMU, the FuelmasterEV acts as a kiosk, allowing the operator to use the same authorization media (i.e., PROKEE, Prox Card, Keypad) to enable charging as they would for a fuel-operated vehicle -- identifying operators, equipment, job numbers, etc.</p> <p>All of these products are seamlessly integrated into our cloud-based software, FMLive, which provides operational insight to our fuel & fleet managers, with detailed transitional data on all of the above as well as robust reports, alerts, and overall system control. Working in concert with FMLive and our fuel management hardware is our cloud-based payments solution, Syntech Payment Bridge. The bridge serves as a PCI-certified, secure connection point to route payment requests to multiple potential end points. Syntech supports a wide array of (EMV) bank and fleet cards, as well as the unique payments needs in the Aviation space.</p> <p>In addition to all of the above hardware and supporting software products, Syntech offers a comprehensive range of support services. We offer connectivity plans leveraging multiple cellular partners (Verizon & AT&T) as well as satellite options (Starlink). We offer administrative support services such as project management, site survey, and site upgrade & migration. We offer system customization and third-party integration services.</p> <p>In addition, Syntech stands behind their products in multiple ways. Syntech designs and produces all of its own hardware and offers unparalleled supply and support of their hardware components. The DevOps group within Syntech's Engineering department serves to monitor and maintain the health and support of all cloud-based software systems as well as continuously monitor the security of those systems. The Training and Customer Service departments serve the end customer directly, offering help and training to ensure we meet the needs of our customers.</p> <p>Syntech Systems offers a comprehensive, world class suite of fuel management products, which have been long trusted by the Department of Defense, the Department of Homeland Security, and countless other government and commercial entities. For a more detailed description of our products and services, please review the attached Equipment and Services Catalog.</p>

Table 8B: Depth and Breadth of Offered Solutions

Indicate below if the listed types or classes of Solutions are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments	
80	Aboveground Storage Tanks (AST's) for fuels, fluids, and gases, including gasoline, diesel, AVGAS, Jet fuel, Diesel Exhaust Fluid (DEF), bulk lubricants, propane, natural gas, and used fluids	<input type="radio"/> Yes <input checked="" type="radio"/> No	Syntech partners with entities offering aboveground fuel and fluid storage tanks, providing fuel and fleet management hardware, software, and other ancillary services.	*
81	Mobile fuel, fluid, and gas storage solutions	<input type="radio"/> Yes <input checked="" type="radio"/> No	Syntech market partners (certified distributors) offer many of these products and services.	*
82	Hardware related to the aboveground storage tanks and mobile storage solutions described in 80 and 81 above, including pedestals, gauges, access or security hardware, monitoring equipment and devices, RFID solutions, dispensers, and accessories	<input checked="" type="radio"/> Yes <input type="radio"/> No	Our products and services include pedestals, access and security hardware, we tie into monitoring equipment and devices; we offer RFID solutions and connect to and control access to dispensers. For more information, please see our Equipment and Services Catalog.	*
83	Fuel and fluid management software related to the aboveground storage tanks and mobile storage solutions described in 80-82 above. However, this solicitation should NOT be construed to include "software-only" solutions. Proposers may include related fuel and fluid management software to the extent that the solutions are complementary to the offering of the equipment and products being proposed	<input checked="" type="radio"/> Yes <input type="radio"/> No	Yes - See Equipment and Services Catalog for additional information. At the heart of the system is Syntech's Software as a Service (SaaS) solution. FMLive is a web-hosted application--developed with industry-standard architecture and protocols to ensure stability and performance. Developed with state-of-the-art technology, FMLive offers a future-proof application platform, a secure and intuitive user experience, and maximal opportunities for integration. The FMLive system creates a 360-degree data view that will increase the end-user's ability to support daily operations. The application also complies with Section 508 of the Americans with Disability	

			<p>Act.</p> <p>FMLive cloud-based software is developed in-house by Syntech engineers. Unlike many fuel management competitors, our platform is not dependent on other popular operating systems that go end-of-life, requiring a complete, new system when an existing version becomes unsupported. System software updates are performed internally and are invisible to customers.</p> <p>The technology built into FMLive resides in geographically dispersed data centers and provides the methodology for real-time centralization and storage of all fuel transactions, bulk fuel tank levels, and vehicle data collected by Syntech's full suite of fuel management products. Data in-transit between the FMU(s) and the database is encrypted using modules validated to comply with the Federal Information Processing Standard (FIPS 140-2) utilizing Transport Layer Security (TLS 1.2) combined with PKI (Public Key Infrastructure) authentication.</p> <p>FMLive is highly configurable and customizable to support our diverse user base and their changing business requirements. FMLive's built-in technology resides within the Amazon Elastic Cloud Compute (EC2) environment. Furthermore, the application can be configured to auto-generate email notifications, allowing for real-time system-generated alerts based on FMU messages, fuel inventory and deliveries as required by operational and functional managers. FMLive aggregates data produced by the end user's fueling stations to allow for centralized management of invoicing, inventory, and maintenance resources. These real-time capabilities also permit the lockout of access media much like a bank card can be immediately cancelled by a financial institution, preventing fraudulent use and pilferage.</p> <p>FMLive's customer-facing application programming interface (API) allows for the quick import of user and vehicle data, as well as export of transactional data to third-party fleet and asset management systems. Coupled with Business Intelligence (BI) and reporting technology, users may define custom reports to meet specific business needs. All reports are exportable into multiple flat file formats including, Excel, PDF, Word, and CSV. Reports can be scheduled to run on a periodic or as-needed basis.</p>

84	Services related to the solutions described in 80-83 above, including design, site assessment, site preparation, installation, monitoring or testing, maintenance or repair, and warranty programs. However, this solicitation should NOT be construed to include "service-only" solutions. Proposers may include related services to the extent that these solutions are complementary to the offering of the equipment and products being proposed.	<input checked="" type="radio"/> Yes <input type="radio"/> No	Yes - See Equipment and Services Catalog. Syntech employs a robust team of Customer Support Technicians, Project Managers, Engineers, and Field Service Technicians that work together with customers, certified distributors, contractors, architects, and Trade organizations to assist with the administrative and technical details as well as proper installation, operation and monitoring of our Fuel Management Equipment; where appropriate, assisting with information related to design, installation, etc.

Table 9: Exceptions to Terms, Conditions, or Specifications Form

Line Item 85. NOTICE: To identify any exception, or to request any modification, to Sourcewell standard Master Agreement terms, conditions, or specifications, a Proposer must submit the proposed exception(s) or requested modification(s) via redline in the Master Agreement Template provided in the "Bid Documents" section. Proposer must upload the redline in the "Requested Exceptions" upload field. All exceptions and/or proposed modifications are subject to review and approval by Sourcewell and will not automatically be included in the Master Agreement.

Do you have exceptions or modifications to propose?	Acknowledgement *

Documents

Ensure your submission document(s) conforms to the following:

- 1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.
 - 2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.
 - 3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.
 - 4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT OF COMPLIANCE

I certify that I am an authorized representative of Proposer and have authority to submit the foregoing Proposal:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for award.
3. The Proposer certifies that:
 - (1) The prices in this Proposal have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other Proposer or competitor relating to-
 - (i) Those prices;
 - (ii) The intention to submit an offer; or
 - (iii) The methods or factors used to calculate the prices offered.
 - (2) The prices in this Proposal have not been and will not be knowingly disclosed by the Proposer, directly or indirectly, to any other Proposer or competitor before award unless otherwise required by law; and
 - (3) No attempt has been made or will be made by Proposer to induce any other concern to submit or not to submit a Proposal for the purpose of restricting competition.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest is created when a current or prospective supplier is unable to render impartial service to Sourcewell due to the supplier's: a. creation of evaluation criteria during performance of a prior agreement which potentially influences future competitive opportunities to its favor; b. access to nonpublic and material information that may provide for a competitive advantage in a later procurement competition; c. impaired objectivity in providing advice to Sourcewell.
5. Proposer will provide to Sourcewell Participating Entities Solutions in accordance with the terms, conditions, and scope of a resulting master agreement.
6. The Proposer possesses, or will possess all applicable licenses or certifications necessary to deliver Solutions under any resulting master agreement.
7. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
8. Proposer its employees, agents, and subcontractors are not:
 1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: <https://www.treasury.gov/ofac/downloads/sdnlist.pdf>;
 2. Included on the government-wide exclusions lists in the United States System for Award Management found at: <https://sam.gov/SAM/>; or
 3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☒ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Shane Smith, VP, Sales and Marketing, SYN-TECH SYSTEMS, INC

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the obligations contemplated in the solicitation proposal.

☒ Yes ☐ No

The Bidder acknowledges and agrees that the addendum/addenda below form part of the Bid Document.
