Service/Help Desk	
Description	Price
Hourly rates for Service/ Help Desk Integration	Notes: Pricing has general ROM pricing for integration, however, this really requires an appropriate SOW and is a complex project. Bids should have content on this as this is not an uncommon request.
Include cost of outright purchase, monthly cost, or per device	GOLD desk services are included in our pricing, however, if customers want true Software integration, onsite Help Desk or queue management then the pricing would be different based on a SOW and project plan. Any integration beyond the scope for standard GOLD desk would be priced based on SOW.
