

Dimonoff | SCMS

Pricing Overview – Sourcewell Contract #041525

Pricing Structure

Pricing for the Dimonoff SCMS solution is project-based and established through a formal quotation at the time of award, based on project scope, configuration, and deployment requirements.

Sourcewell Member Discount

A standard Sourcewell member discount of up to 15% off Dimonoff's standard fixed pricing may apply to eligible material orders of 10,000 nodes or more, subject to project scope and validation, under the Sourcewell contract.

Included Offerings

- Smart lighting IoT control hardware
- Gateways and network infrastructure
- SCMS cloud software platform (licensing and hosting)
- Professional services including support and training (as applicable)

Notes

- Pricing may vary depending on project size, technical requirements, and contract duration.
- Additional discounts may be considered for multi-year commitments.
- Final pricing is subject to technical validation and approval in accordance with the Sourcewell contract.
- All pricing is indicative until confirmed through a formal written quotation.
