The findings of the Proposal Evaluation Committee are summarized as follows:

The Proposal Evaluation Committee applied the Sourcewell RFP evaluation criteria and determined that all proposal responses met the scope and mandatory submittal requirements and were evaluated.

Elgin Sweeper Company, doing business as Vactor Manufacturing, offers an extensive range of sewer cleaners, excavation units, and jetters in various sizes. Its dealer network spans the United States and Canada, providing sales and service support to Sourcewell participating entities. The company's pricing reflects strong discounts from list price on equipment, along with competitive rates for rental units.

GapVax Inc. offers specialty solutions including sewer cleaning, hydro excavation, jetter and rodder along with parts. They maintain a network of authorized dealers and factory-authorized service and repair facilities to serve Sourcewell participating entities throughout the United States and Canada. They are providing sizeable discounts from MSRP on their products.

Gradall Industries, Inc., is under the Vacall brand a manufacturer of sewer vacuum, hydro-excavation, municipal pumping equipment and related heavy equipment. Their dealer network supports Sourcewell participating entities across the United States and Canada. They are offering a solid discount from MSRP, with available financing options.

Hi-Vac Corporation has been a global leader in vacuum and environmental cleaning technology for over five decades. Hi-Vac designs and produces their core line of equipment with a nationwide dealer network, they can provide equipment in all 50 states, US Territories, and Canada. They are offering a solid discount off list price to Sourcewell participating entities.

Holland Pump Company offers a range of dewatering, mud, trash, and centrifugal pumps. Through its dealer service model, Holland Pump will support Sourcewell participating entities across the United States and Canada. Its pricing proposal includes substantial discounts on equipment and related products.

Ring-O-Matic, Inc., provides a wide range of hydro-excavation equipment, pumps, jetter and rodders along with replacement parts. Their sales and service network can serve Sourcewell participating entities in the United States and Canada. They provide a standard warranty with an option to extend and transferrable. Ring-O-Matic pricing reflects a considerable discount from MSRP for Sourcewell participating entities.

Sewer Equipment Co. of America provides a comprehensive portfolio of sewer vacuum, hydro-excavation, combination units, and related equipment. The Sewer Equipment Co. of America is supported through a network of 22 distributors that provides coverage throughout the United States, Canada, and Mexico, along with technical support. Their pricing reflects substantial discounts off MSRP for Sourcewell participating entities.

Thompson Pump and Manufacturing Company, Inc., is a full-service pump manufacturer and provider of high-quality bypass, dewatering, and general construction pumps. They are recognized as a leading supplier in the U.S. municipal and industrial pump market. Their sales force is structured to provide nationwide coverage in the U.S. (and support in Canada) through a combination of direct company sales representatives and authorized distributor sales personnel. Thompson is offering significant discounts off list price across the categories offered.

Vac-Con, Inc. manufactures jet and vacuum machines in a wide range of configurations and feature combinations, supported by an extensive catalog of supplies and accessories. Its dealer network is prepared to serve Sourcewell participating entities throughout the United States and Canada. The company is offering competitively discounted pricing across product categories and models.
