I. ABOUT SOURCEWELL

A. SOURCEWELL

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that facilitates a competitive public solicitation and master agreement award process for the benefit of its 50,000+ participating entities across the United States and Canada. Sourcewell's solicitation process complies with State of Minnesota law and policies, conforms to Canadian trade agreements (including Canadian Free Trade Agreement, Ontario-Quebec Trade and Cooperation Agreement, and Canada-European Union Comprehensive Economic and Trade Agreement, as applicable), and results in cooperative purchasing solutions from which Sourcewell's Participating Entities procure equipment, products, and services.

Cooperative purchasing provides participating entities and suppliers increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and master agreement expanding the reach of awarded suppliers' potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

B. USE OF RESULTING MASTER AGREEMENTS

In the United States, Sourcewell's master agreements are available for use by:

- Federal and state government entities;
- Cities, towns, and counties/parishes;
- Education service cooperatives;
- K-12 and higher education entities;
- Tribal government entities;
- Some nonprofit entities; and
- Other public entities.

The following entities are listed in this solicitation to satisfy the procurement requirements of Oregon, Utah, and Virginia [[Political Subdivision List - Oregon, Utah, and Virginia](#)].

In Canada, Sourcewell's master agreements are available for use by current and future members including:

- Federal, provincial, and territorial government departments, ministries, agencies, boards, councils, committees, commissions, and similar agencies;
- Indigenous self-governing bodies;

- Regional, local, district, and other forms of municipal government, municipal organizations, school boards, and publicly funded academic, health, and social service entities referred to as MASH sector (this should be construed to include but not be limited to the cities of Calgary, Edmonton, Toronto, Ottawa, and Winnipeg), as well as any corporation or entity owned or controlled by one or more of the preceding entities;
- Crown corporations, government enterprises, and other entities that are owned or controlled by these entities through ownership interest; and
- Canoe procurement group of Canada’s current and future members. Canoe members include:
 - Federal, provincial and territorial government departments, ministries, agencies, boards, councils, committees, commissions, and similar agencies;
 - Crown corporations, government enterprises, and other entities that are owned or controlled by these entities through ownership interest;
 - Indigenous self-governing bodies;
 - Airport authorities;
 - Regional, local, district, and other forms of municipal government, municipal organizations, school boards, and publicly funded academic, health, and social service entities referred to as MASH sector (this should be construed to include but not be limited to the cities of Calgary, Edmonton, Toronto, Ottawa, and Winnipeg), as well as any corporation or entity owned or controlled by one or more of the preceding entities; and
 - Canoe procurement group of Canada’s current and future partner associations, including Saskatchewan Association of Rural Municipalities, Association of Manitoba Municipalities, Local Authorities Services/Association of Municipalities Ontario, Nova Scotia Federation of Municipalities, Federation of Prince Edward Island Municipalities, Municipalities Newfoundland Labrador, Union of New Brunswick Municipalities, Northwest Territories Association of Communities, Association of Yukon Communities, CivicInfo BC, Association and their current and future members.

For a listing of current United States and Canadian Participating Entities visit Sourcewell’s website (note: there is a tab for each country): <https://www.sourcewell-mn.gov/sourcewell-for-vendors/agency-locator>.

Participating Entities typically access master agreements for equipment, products, or services through a purchase order issued directly to the awarded supplier. A Participating Entity may request additional terms or conditions related to a purchase. Use of Sourcewell master agreements is voluntary and Participating Entities retain the right to obtain similar equipment, products, or services from other sources.

To meet Participating Entities’ needs, Sourcewell broadly publishes public notice of all solicitation opportunities, including this RFP. In addition, where applicable, other purchasing cooperatives and procurement officials receive notice and are encouraged to re-post the solicitation opportunity.

Proof of publication will be available at the conclusion of the solicitation process.

C. INTERGOVERNMENTAL SUPPORT AGREEMENTS

Pursuant to 10 U.S.C. § 2679, United States Department of Defense authorized installations may access Sourcewell's awarded cooperative purchasing master agreements through an Intergovernmental Support Agreement with Sourcewell. All transactions completed through this Intergovernmental Support program are directly facilitated by Sourcewell and may be subject to additional terms and conditions.

II. SOLICITATION DETAILS

A. SOLUTIONS-BASED SOLICITATION

This RFP and contract award process is a solutions-based solicitation; meaning that Sourcewell is seeking equipment, products, or services that meet the general requirements of the scope of this RFP and are commonly desired or are required by law or industry standards.

B. REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES

It is expected that proposers will offer a wide array of equipment, products, or services at lower prices and with better value than what they would ordinarily offer to a single government entity, school district, or regional cooperative.

1. Sourcewell is seeking proposals for JOC or IDIQ Program Management Consulting Services, including services for the development, design, implementation, management, oversight, and direction of job order contracting (JOC) or indefinite delivery, indefinite quantity construction contracting (IDIQ) programs for Sourcewell Participating Agencies, such as:
 - a. Consulting with Participating Agencies in the development and design of a JOC or IDIQ program that aligns with the goals and objectives of the Participating Agency;
 - b. Identification and selection of the program platform or resource materials necessary to implement the Participating Agencies JOC or IDIQ program, such as technical specifications, general terms and conditions, pricing index or catalogs, reference materials, bidding methodology, procedure manuals, and contract forms;
 - c. Support for Participating Agency performance of procurement-related processes and tasks (contractor outreach and development, solicitation drafting, pre-bid conference, bid evaluation, contract award, etc.);

d. Technology, software, application, or platform solutions related to the offering of the solutions described in Sections 1. a. – c. above, including resources for cost proposal development, project documentation and tracking, and reporting tools; and,

e. Services related to the offering of the solutions described in Sections 1. a. – d. above, including training, program adoption and administration, technical and contractor support, issue tracking, management and escalation, report preparation, and customization.

Proposers may include related equipment, accessories, and services to the extent that these solutions are ancillary or complementary to the equipment, products, or services being proposed.

2. The primary focus of this solicitation is on JOC or IDIQ Program Management Consulting Services for Sourcewell Participating Agencies, and the related delivery of services. This solicitation should NOT be construed to include services for the management of the Sourcewell IDIQ program.
3. This solicitation does not include equipment, products, or services covered under categories included in pending or planned Sourcewell solicitations, or in master agreements currently maintained by Sourcewell, identified below:
 - a. Software Solutions and Related Services for Public Sector and Education Administration (RFP #060624);
 - b. Facility Assessment and Planning with Related Services (RFP #102424); and
 - c. IT Managed Service and Staff Augmentation Solutions (RFP #071321).

Generally, the solutions for Participating Entities are turn-key solutions, providing a combination of equipment, products and services, delivery, and installation to a properly operating status. However, equipment-only or products-only solutions may be appropriate for situations where Participating Entities possess the ability, either in-house or through local third-party contractors, to properly install and bring to operation the equipment or products being proposed.

Sourcewell prefers suppliers that provide a sole source of responsibility for the equipment, products, and services provided under a resulting master agreement. If proposer is including the equipment, products, and services of its subsidiary entities, the proposer must also identify all included subsidiaries in its proposal. If proposer requires the use of distributors, dealers, resellers, or subcontractors to provide the equipment, products, or services, the proposal must address how the equipment, products or services will be provided to Participating Entities, and describe the network of distributors, dealers, resellers, and/or subcontractors that will be available to serve Participating Entities under a resulting master agreement.

Sourcewell encourages suppliers to offer the broadest possible selection of equipment, products, and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and future Participating Entities.

C. REQUIREMENTS

It is expected that proposers have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the equipment, products, or services to Participating Entities.

1. Safety Requirements. All items proposed must comply with current applicable safety or regulatory standards or codes.
2. Deviation from Industry Standard. Deviations from industry standards must be identified with an explanation of how the equipment, products, and services will provide equivalent function, coverage, performance, and/or related services.
3. New Equipment and Products. Proposed equipment and products must be for new, current model; however, proposer may offer certain close-out equipment or products if it is specifically noted in the Pricing proposal.
4. Delivered and operational. Unless clearly noted in the proposal, equipment and products must be delivered to the Participating Entity as operational.
5. Warranty. All equipment, products, supplies, and services must be covered by a warranty that is the industry standard or better.

D. PROSPECTIVE MASTER AGREEMENT TERM

The term of any resulting master agreement(s) awarded by Sourcewell under this solicitation will be four years. Sourcewell and supplier may agree to up to three additional one-year extensions based on the best interests of Sourcewell and its Participating Entities. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

E. ESTIMATED MASTER AGREEMENT VALUE AND USAGE

Based on past volume of similar master agreements, the estimated annual value of all transactions from master agreements resulting from this RFP are anticipated to be USD 250 Million; therefore, proposers are expected to propose volume pricing. Sourcewell anticipates considerable activity under the master agreement(s) awarded from this RFP; however, sales and sales volume from any resulting master agreement are not guaranteed.

F. MARKETING PLAN

Proposer's sales force will be the primary source of communication with Participating Entities. The proposer's Marketing Plan should demonstrate proposer's ability to deploy a sales force or

dealer network to Participating Entities, as well as proposer's sales and service capabilities. It is expected that proposer will promote and market any master agreement award.

G. ADDITIONAL CONSIDERATIONS

1. Master agreements will be awarded to proposers able to best meet the need of Participating Entities. Proposers should submit their complete line of equipment, products, or services that are applicable to the scope of this RFP.
2. A proposer may submit only one proposal. If related, affiliated, or subsidiary entities elect to submit separate proposals, rather than a single parent-entity proposal, each such proposal must be prepared independently and without cooperation, collaboration, or collusion.
3. If a proposer works with a consultant on its proposal, the consultant (an individual or company) may not assist any other entity with a proposal for this solicitation.
4. Proposers should include all relevant information in its proposal, since Sourcewell cannot consider information that is not included in the proposal. Sourcewell reserves the right to verify proposer's information and may request clarification from a proposer, including samples of the proposed equipment or products.
5. Depending upon the responses received in a given category, Sourcewell may need to organize responses into subcategories in order to provide the broadest coverage of the requested equipment, products, or services to Participating Entities. Awards may be based on a subcategory.
6. A proposer's documented negative past performance with Sourcewell or its Participating Entities occurring under a previously awarded Sourcewell master agreement may be considered in the evaluation of a proposal.

4. PRICING

A. REQUIREMENTS

All proposed pricing must be:

1. Either Line-Item Pricing or Percentage Discount from Catalog Pricing, or a combination of these:
 - a. **Line-item Pricing** is pricing based on each individual product or service. Each line must indicate the proposer's published "List Price," as well as the "Master Agreement Price."
 - b. **Percentage Discount from Catalog or Category** is based on a percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services. Individualized percentage discounts can be applied to any number of defined product groupings. Proposers will be responsible for providing and maintaining current published MSRP with Sourcewell, and this pricing must be included in its proposal and provided throughout the term of any master agreement resulting from this RFP.

2. The proposer's not to exceed price. A not to exceed price is the highest price for which equipment, products, or services may be billed to a Participating Entity. However, it is permissible for suppliers to sell at a price that is lower than the agreed upon price.
3. Stated in U.S. and Canadian dollars (as applicable).
4. Clearly understandable, complete, and fully describe the total cost of acquisition (e.g., the cost of the proposed equipment, products, and services delivered and operational for its intended purpose in the Participating Entity's location).

Proposers should clearly identify any costs that are NOT included in the proposed product or service pricing. This may include items such as installation, set up, mandatory training, or initial inspection. Include identification of any parties that impose such costs and their relationship to the proposer. Additionally, proposers should clearly describe any unique distribution and/or delivery methods or options offered in the proposal.

B. ADMINISTRATIVE FEES

Proposers awarded a master agreement are expected to pay to Sourcewell an administrative fee in exchange for Sourcewell facilitating the resulting master agreements. The administrative fee is normally calculated as a percentage of the total sales to Participating Entities for all equipment, products, or services made during a calendar quarter, and is typically one percent (1%) to two percent (2%). In some categories, a flat fee may be an acceptable alternative.

5. MASTER AGREEMENT

Proposers awarded a master agreement will be required to execute a master agreement with Sourcewell (see attached template). Only those modifications the proposer indicates in its proposal will be available for discussion. Much of the language in the Master Agreement reflects Minnesota legal requirements and cannot be altered. Numerous and/or onerous exceptions that contradict Minnesota law may result in the proposal being disqualified from further review and evaluation.

To identify any exception, or to request any modification, to Sourcewell's standard master agreement terms, conditions, or specifications, a proposer must submit the proposed exception(s) or requested modification(s) via redline in the Master Agreement Template provided in the "Documents" section of the "Bid Details" page on the Sourcewell Procurement Portal and uploaded as part of its response. Only those exceptions noted at the time of the proposal submission will be considered.

Exceptions must:

1. Clearly identify the affected article and section.
2. Clearly note the requested modification; and as applicable, provide requested alternative language.

Unclear requests will be automatically denied.

Only those exceptions that have been accepted by Sourcewell will be included in the master agreement document provided to the awarded supplier for signature.

If a proposer receives a master agreement award resulting from this solicitation it will have up to 30 days to sign and return the master agreement. After that time, at Sourcewell's sole discretion, the master agreement award may be revoked.

6. RFP PROCESS

A. PRE-PROPOSAL CONFERENCE

Sourcewell will hold an optional, non-mandatory pre-proposal conference via webcast on the date and time noted in the Solicitation Schedule for this RFP and on the Sourcewell Procurement Portal. The purpose of this conference is to allow potential proposers to ask questions regarding this RFP and Sourcewell's competitive procurement process. Information about the webcast will be sent to all entities that have registered for this solicitation opportunity through their Sourcewell Procurement Portal Vendor Account. Pre-proposal conference attendance is optional.

B. QUESTIONS REGARDING THIS RFP AND ORAL COMMUNICATION

All questions regarding this RFP must be submitted through the Sourcewell Procurement Portal. The deadline for submission of questions is found in the Solicitation Schedule and on the Sourcewell Procurement Portal. Answers to questions will be issued through an addendum to this RFP. Repetitive questions will be summarized into a single answer and identifying information will be removed from the submitted questions.

All questions, whether specific to a proposer or generally related to the RFP, must be submitted using this process. Do not contact individual Sourcewell staff to ask questions or request information as this may disqualify the proposer from responding to this RFP. Sourcewell will not respond to questions submitted after the deadline.

C. ADDENDA

Sourcewell may modify this RFP at any time prior to the proposal due date by issuing an addendum. Addenda issued by Sourcewell become a part of the RFP and will be delivered to potential proposers through the Sourcewell Procurement Portal. Sourcewell accepts no liability in connection with the delivery of any addenda.

Before a proposal will be accepted through the Sourcewell Procurement Portal, all addenda, if any, must be acknowledged by the proposer by checking the box for each addendum. It is the responsibility of the proposer to check for any addenda that may have been issued up to the solicitation due date and time.

If an addendum is issued after a proposer submitted its proposal, the Sourcewell Procurement Portal will WITHDRAW the submission and change the proposer's proposal status to INCOMPLETE. The proposer can view this status change in the "MY BIDS" section of the Sourcewell Procurement Portal Vendor Account. The proposer is solely responsible to check the "MY BIDS" section of the Sourcewell Procurement Portal Vendor Account periodically after submitting its proposal (and up to the Proposal Due Date). If the proposer's proposal status has changed to INCOMPLETE, the proposer is solely responsible to:

1. make any required adjustments to its proposal;
2. acknowledge the addenda; and
3. ensure the re-submitted proposal is received through the Sourcewell Procurement Portal no later than the Proposal Due Date and time shown in the Solicitation Schedule above.

D. PROPOSAL SUBMISSION

Proposer's complete proposal must be submitted through the Sourcewell Procurement Portal no later than the date and time specified in the Solicitation Schedule. Any other form of proposal submission, whether electronic, paper, or otherwise, will not be considered by Sourcewell. **Late proposals will not be considered.** It is the proposer's sole responsibility to ensure that the proposal is received on time.

It is recommended that proposers allow sufficient time to upload the proposal and to resolve any issues that may arise. The time and date that a proposal is received by Sourcewell is solely determined by the Sourcewell Procurement Portal web clock.

In the event of problems with the Sourcewell Procurement Portal, follow the instructions for technical support posted in the portal. It may take up to 24 hours to respond to certain issues.

Upon successful submission of a proposal, the Sourcewell Procurement Portal will automatically generate a confirmation email to the proposer. If the proposer does not receive a confirmation email, contact Sourcewell's support provider at support@bidsandtenders.ca.

To ensure receipt of the latest information and updates via email regarding this solicitation, or if the proposer has obtained this solicitation document from a third party, the onus is on the proposer to create a Sourcewell Procurement Portal Vendor Account and register for this solicitation opportunity.

Within the Sourcewell Procurement Portal, all proposals must be digitally acknowledged by an authorized representative of the proposer attesting that the information contained in the proposal is true and accurate. By submitting a proposal, proposer warrants that the information provided is true, correct, and reliable for purposes of evaluation for potential master agreement award. The submission of inaccurate, misleading, or false information is grounds for disqualification from a master agreement award and may subject the proposer to remedies available by law.

E. GENERAL PROPOSAL REQUIREMENTS

Proposals must be:

1. In substantial compliance with the requirements of this RFP or it will be considered nonresponsive and be rejected.
2. Complete. A proposal will be rejected if it is conditional or incomplete.
3. Submitted in English.
4. Valid and irrevocable for 150 days following the Proposal Due Date.

Any and all costs incurred in responding to this RFP will be borne by the proposer.

F. PROPOSAL WITHDRAWAL

Prior to the proposal deadline, a proposer may withdraw its proposal.

G. OPENING

The Opening of proposals will be conducted in the Sourcewell Procurement Portal immediately following the proposal due date and time. To view the list of proposers resulting from the opening, verify that the Sourcewell Procurement Portal opportunities list search is set to "All" or "Closed."

Members of the public may attend the Opening at Sourcewell's office located at 202 12th Street NE, Staples, MN to hear the results.

7. EVALUATION AND AWARD

A. EVALUATION

It is the intent of Sourcewell to award one or more master agreements to responsive and responsible proposers offering the best overall quality, selection of equipment, products, and services, and price that meet the commonly requested specifications of Sourcewell and its Participating Entities. The award(s) will be limited to the number of proposers that Sourcewell determines is necessary to meet the needs of its Participating Entities.

Factors to be considered in determining the number of master agreements to be awarded in any category may include the following:

1. Total evaluation scores (giving consideration to natural breaks in the scoring of responsive proposals);
2. The number and geographic location of highest-scoring proposers that offer:
 - a. A comprehensive selection of the requested equipment, products, or services;
 - b. A sales and service network ensuring availability and coverage for Participating Entities' use; and

- c. Other attributes of the proposer or contents of its proposal that assist Participating Entities in achieving environmental and social requirements, and goals.

Information submitted as part of a proposal should be as specific as possible when responding to the RFP. Do not assume Sourcewell has any knowledge about a specific supplier or product.

B. AWARD(S)

Award(s) will be made to the highest-scoring proposer(s) whose proposal conforms to all conditions and requirements of the RFP, and consistent with the award criteria defined in this RFP.

Sourcewell may request written clarification of a proposal at any time during the evaluation process.

Proposal evaluation will be based on the following scoring criteria and the Sourcewell Evaluator Scoring Guide (a copy is available in the Sourcewell Procurement Portal):

Conformance to RFP Requirements	Pass/Fail
Financial Viability and Marketplace Success	50
Ability to Sell and Deliver Solutions	150
Marketing Plan	100
Value Added Attributes	100
Depth and Breadth of Offered Solutions	200
Pricing	400
TOTAL POINTS	1000

C. PROTESTS OF AWARDS

Any protest made under this RFP by a proposer must be in writing, addressed to Sourcewell’s Executive Director, and delivered to the Sourcewell office located at 202 12th Street NE, P.O. Box 219, Staples, MN 56479. All documents that comprise the complete protest package must be received, and time stamped at the Sourcewell office by 4:30 p.m., Central Time, no later than 10 calendar days following Sourcewell’s notice of master agreement award(s) or non-award. A protest must allege a procedural, technical, or legal defect, with supporting documentation. A protest that merely requests a re-evaluation of a proposal’s content will not be entertained.

A protest must include the following items:

- The name, address, and telephone number of the protester;
- Identification of the solicitation by RFP number;
- A precise statement of the relevant facts;
- Identification of the alleged procedural, technical, or legal defect;

- Analysis of the basis for the protest;
- Any additional supporting documentation;
- The original signature of the protester or its representative; and
- Protest bond in the amount of \$20,000 (except where prohibited by law or treaty).

Protests that do not address these elements will not be reviewed.

D. RIGHTS RESERVED

This RFP does not commit Sourcewell to award any master agreement, and a proposal may be rejected if it is nonresponsive, conditional, incomplete, conflicting, or misleading. Proposals that contain false statements or do not support an attribute or condition stated by the proposer may be rejected.

Sourcewell reserves the right to:

- Modify or cancel this RFP at any time;
- Reject any and all proposals received;
- Reject proposals that do not comply with the provisions of this RFP;
- Select, for master agreements or for discussion, a proposal other than that with the lowest cost;
- Independently verify any information provided in a proposal;
- Disqualify any proposer that does not meet the requirements of this RFP, is debarred or suspended by the United States or Canada, State of Minnesota, Participating Entity's state or province; has an officer, or other key personnel, who have been charged with a serious crime; or is bankrupt, insolvent, or where bankruptcy or insolvency are a reasonable prospect;
- Waive or modify any informalities, irregularities, or inconsistencies in the proposals received;
- Clarify any part of a proposal and discuss any aspect of the proposal with any proposer; and negotiate with more than one proposer;
- Award a master agreement if only one responsive proposal is received if it is in the best interest of Participating Entities; and
- Award a master agreement to one or more proposers if it is in the best interest of Participating Entities.

E. DISPOSITION OF PROPOSALS

All materials submitted in response to this RFP will become property of Sourcewell and will become public record in accordance with Minnesota Statutes Chapter 13, after negotiations are complete, including pricing and financial data. Sourcewell considers negotiations complete upon execution of a resulting master agreement.

Proposers are explicitly cautioned not to submit any data that they consider to be confidential, proprietary, or trade secret, as such data will not be treated as confidential and will be subject to public disclosure in accordance with Minnesota law.

Solicitation Number: RFP 010626

Solicitation Name: JOC or IDIQ Program Management Consulting Services

Consider the following Question(s) and Answer(s) to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

If an offeror is awarded a contract under this solicitation for JOC or IDIQ Program Management Consulting Services—and Sourcewell later issues a separate solicitation for JOC or IDIQ construction services—would the Program Management contractor be restricted from competing on those future solicitations due to its involvement in providing program support, development, or advisory functions? We respectfully request clarification on whether participation as a Program Management contractor would limit eligibility to pursue any subsequent JOC or IDIQ construction solicitations released by Sourcewell.

Answer 1:

Proposers can respond and be awarded for multiple RFPs that Sourcewell advertises.

Addendum No. 4

Solicitation Number: RFP 010626

Solicitation Name: JOC or IDIQ Program Management Consulting Services

Consider the following Question(s) and Answer(s) to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

For questions that are clearly oriented toward physical products/equipment distribution (e.g., Table 3 questions about freight to Alaska or dealer networks), is a response of N/A – Service provider; proposed solutions are consulting services and software access, not physical equipment requiring freight considered sufficient and compliant?

Answer 1:

Do not leave answers blank; respond N/A if the question does not apply to you (preferably with an explanation).

Question 2:

For an IT service provider, should the sales force be interpreted as our business development and account management team, and the service force as our delivery consultants, project managers, and technical support staff? Should the network of Authorized Sellers be described as our internal regional offices and any authorized implementation partners, rather than a product dealer network?

Answer 2:

The Sourcewell RFP is an open and competitive solicitation process. Each proposer, in its discretion, will determine the information necessary to best demonstrate its sales and service force to Sourcewell.

Question 3:

For software and consulting services, how should these questions be addressed? Are you seeking information on the sustainability of our corporate operations (e.g., cloud hosting powered by renewable energy), the capability of our software to help clients track sustainability metrics in their construction projects, or both?

Answer 3:

See Answer 2.

Question 4:

Is the incumbent eligible to submit a proposal under this Solicitation?

Answer 1:

Yes.

Solicitation Name: JOC or IDIQ Program Management Consulting Services

Consider the following Question(s) and Answer(s) to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

In Table 2A, questions 14 and 15 ask about market share but how does Sourcewell define market share? Total construction market share or JOC or IDIQ Program Management?

Answer 1:

These two questions ask about market share for the solutions that you are proposing.

Sourcewell has received many questions regarding the technology component of this RFP.

Answer 1:

Technology is a complementary item on this RFP and a respondent **must** be offering something in RFP II. B. Requested Equipment, Products, or Services, a-c. to provide technology. Further, Sourcewell does not have SLAs or specific requirements for that technology. It is up to each participating agency. Refer to the RFP, the Master Agreement, and the FAQ in the portal.

Question 2:

What governance structure does Sourcewell expect for program oversight (steering committee, monthly status meetings, escalation path, acceptance/approval gates)?

Answer 2:

Cadence of your awarded contract meetings will be discussed after award with your Supplier Development Administrator at Sourcewell. Participating Agencies decide that themselves for each individual contract.

Question 3:

What are the required reporting cadence and content for program performance (KPIs, utilization metrics, financial reporting to Sourcewell), and are there standard report templates?

Answer 3:

See Answer 2.

Question 4:

Will Sourcewell require named key personnel and resumes in the proposal? What are the substitution policies and approval process for proposed key team members during the agreement term?

Answer 4:

See the Questionnaire for what Sourcewell is asking for in this RFP response.

Question 5:

Are subcontractors or reseller networks permitted and if so what approval process and transparency is required (disclosure of subcontractors, roles, geographic coverage)?

Answer 5:

They are permitted, details about this are asked in the Questionnaire Tables.

Question 6:

How will change orders or scope changes be handled under master agreements between Sourcewell, the supplier, and Participating Entities? Is there a standard change control process?

Answer 6:

See Master Agreement, Article 2, 2. Product and Price Change Requirements.

Question 7:

Are there required insurance, bonding or financial reporting requirements (e.g., evidence of financial viability) to be submitted with the proposal or prior to award?

Answer 7:

See the RFP, the Master Agreement, and the Questionnaire Tables.

Question 8:

Does Sourcwell expect supplier-provided branded templates for procurement documents, catalogs, and marketing collateral that will be co-branded for Participating Entities? Are there branding guidelines to follow?

Answer 8:

Marketing Questions are in the Questionnaire Tables.

Question 9:

Will the supplier be required to develop sample catalogs, price index materials or line-item descriptions for approval as part of proposal evaluation or post-award onboarding?

Answer 9:

Pricing is asked for in the Questionnaire Tables and in the documents.

Question 10:

The RFP indicates administrative fees to Sourcwell (normally 1–2%); please confirm the expected percentage for this category and the billing/reconciliation process for that fee.

Answer 10:

An admin fee is proposed in the Questionnaire Tables.

Question 11:

Are Participating Entities required to use the Sourcwell master agreement as-is with only limited exceptions, or is there room for negotiation of specific commercial terms with individual Participating Entities post-award?

Answer 11:

See RFP I. B. Use of Resulting Master Agreements. Participating Entities typically access

master agreements for equipment, products, or services through a purchase order issued directly to the awarded supplier. A Participating Entity may request additional terms or conditions related to a purchase. Use of Sourcewell master agreements is voluntary and Participating Entities retain the right to obtain similar equipment, products, or services from other sources.

Question 12:

The RFP indicates the master agreement term is four years with optional extensions; what are the renewal decision criteria and any required notice periods for exercising extensions?

Answer 12:

Refer to the Master Agreement in the portal.

Question 13:

How will the award be structured geographically — single national award, multiple regional awards, or multiple suppliers per category/subcategory? Are there likely subcategories that Sourcewell may create post-submission?

Answer 13:

It is the intent of Sourcewell to award one or more master agreements to responsive and responsible proposers offering the best overall quality, selection of equipment, products, and services, and price that meet the commonly requested specifications of Sourcewell and its Participating Entities. The award(s) will be limited to the number of proposers that Sourcewell determines is necessary to meet the needs of its Participating Entities.

Question 14:

If the proposal contains multiple subsidiaries or reseller relationships, is a single proposal preferred or will separate affiliated proposals be accepted (the RFP restricts coordinated submissions — please confirm the recommended approach)?

Answer 14:

A proposer may submit only one proposal. If related, affiliated, or subsidiary entities elect to submit separate proposals, rather than a single parent-entity proposal, each such proposal must be prepared independently and without cooperation, collaboration, or collusion.

Question 15:

Please define “state,” and how would you like us to show sales volume?

Answer 15:

A state is a state in the United States, a state-wide agreement. List volume in dollars.

Question 16:

Please define “GSA,” and how would you like us to show sales volume?

Answer 16:

General Services Administration. List volume in dollars.

Question 17:

Due to the limited timeframe available for proposal development due to the holidays, would Sourcwell consider extending the submission deadline to allow for a more thorough and complete response?

Answer 17:

With the availability of the Sourcwell Procurement Portal allowing for 24/7 remote access, extensions are not typically approved or deemed necessary.

Question 18:

Is there a character count limit per answer box on the portal?

Answer 18:

This was answered in the Pre-Proposal. Each text box can hold 32,000 characters.

Addendum No. 8

Solicitation Number: RFP 010626

Solicitation Name: JOC or IDIQ Program Management Consulting Services

Consider the following Question(s) and Answer(s) to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

Regarding the estimated master agreement value, the RFP notes an anticipated annual transaction volume of approximately \$250 million based on historical usage. Can Sourcewell provide insight into how many master agreements were awarded under comparable past solicitations?

Answer 1:

Master Agreements are with Sourcewell. Participating Agencies can add additional terms and conditions when using a Sourcewell contract. Approximately 53 participating agencies were served under the last master agreement.

Question 2:

Is there a maximum contract value associated with any individual master agreement awarded under this solicitation?

Answer 2:

The RFP refers to an estimated master agreement value; we do not get more granular than that estimate.

Question 3:

The RFP indicates that administrative fees are typically assessed at 1%–2% of

total quarterly sales, with a flat-fee option applied in certain categories. Can Sourcewell clarify the anticipated administrative fee structure for this solicitation?

Answer 3:

See Addendum 6, Question 10.

Question 4:

Are Participating Entities generally expecting on-site support, or is remote program administration acceptable for the majority of services under this master agreement?

Answer 4:

This is up to the participating entity.

Question 5:

Regarding the public data statute, can Sourcewell direct us to a list of previously/recently awarded contracts for construction contracting?

Answer 5:

This can be found on the Sourcewell website, www.sourcewell-mn.gov, click “explore contracts” on the top, then “browse contracts” to see all of our awarded contracts.
