CUSTOM EQUIPMENT:

*Custom equipment can be provided by Little Tikes however due to the nature and additional work that is involved, discounts do not apply. Once an order has been released for production, we do not accept returns, and we cannot accept cancellations or changes to the order. Little Tikes takes great pride in delivering high quality recreational equipment that exceeds industry standards. Our products undergo rigorous quality control measures to ensure they meet or exceed customer expectations. In the unlikely event that there is a manufacturing defect or an issue with the products, please email reach out to us right away at <https://response.littletikescommercial.com/contactus>. Our products are backed by a warranty against manufacturing defects or material faults so if you encounter any issues that the warranty covers, please take a look at our warranty policy for more instructions on how to proceed. It is essential for customers to understand Tikes terms and conditions prior to placing an order for custom Tikes equipment. Customers agree to abide by these policies upon proceeding with their purchase, therefore it is crucial for customers to review their order details carefully before finalizing their purchase.

Planning & Design Services												
Engineered Wood Fiber Surfacing												
Poured in Place Rubber Surfacing												
Playground Turf												
Rubber Tile Surfacing												
Community Build Layout & Supervision												
Maintenance & Repairs												
Bonding may be provided by local Tikes Representatives.												

Notes:

1) All equipment to be installed in accordance with specifications by PlayPower factory-certified professional installers

2) Equipment shall be installed within four (4) weeks of product delivery, unless requested by agency to be delayed

3) Customer shall receive, unload and inspect goods upon arrival, noting any discrepancies on the Delivery Receipt prior to written acceptance of the shipment unless other arrangements have been made

4) Customer shall be responsible for providing a clear, level site and for coordinating the scheduling of all deliveries and installation

5) Site should permit installation equipment access. Purchaser shall be responsible for unknown conditions such as buried utilities, tree stumps, bedrock or any concealed materials or conditions that may result in additional costs

6) Equipment installation pricing excludes all site work and landscaping; removal of existing equipment; storage of goods prior to installation; and drainage provisions. Call local representative for an estimate for site services

7) Building Permits, if required, shall be charged at the provider's cost

Color

Why Little Tikes Commercial

Plastic Colors

Produced with a compound resin, UV stabilizers, and anti-static guard for superior color fastness, strength, and durability.

Compression Molded Plastic Color Combinations

Belt Swing Seat Colors

Tire Swing Colors

Vinyl Coating Colors

Available coating colors for decks, steps, ramps, and bridges are shown below. Some colors are not available on certain structures—see your representative for details.

Post and Accent Colors

Achieved with a multi-layer paint application process that combats rust/corrosion and ensures a long-lasting finish.

Rope Colors

Shade Fabric Colors

Shade Fire Retardant Fabric Colors

Rated the best fire retardant shade fabrics in the industry and they tolerate exposure to harsh and extreme outdoor elements. These fabrics also conform to and exceed California's State Fire Marshall Flame - RETARDENCY Test and the NFPA701 Standard Methods of Fire tests for Flame Propagation.

Colors are subject to change without notice. The color swatches are for reference only, and are an approximation that do not reflect the properties of physical materials, and can vary when printed. For more information on color samples and the most up-to-date specifications consult your local representative. Little Tikes Commercial uses high quality materials and state of the art manufacturing processes. Commercial playgrounds and products are subjected to years of environmental and solar exposure. Such extreme exposure takes its toll on paints and pigments, and all colors will fade over time. Little Tikes Commercial does not warrant against color fading or discoloration. It is important to properly maintain your playground to ensure its longevity. Depending on environmental conditions at your location, the installation of fabric shade structures may help to delay fading and discoloration.

Color

Why Little Tikes Commercial

Reds and Yellows and Blues—Oh My!

From the brightest of blues to the hottest of reds, Little Tikes Commercial’s color palettes help you achieve the intended narrative for your project. Maybe you’re looking to design a jungle-themed playground with sunlit greens and blossoming lavender, or maybe you’re aiming even higher, searching for sky-rocketing silvers and extraterrestrial purples. Color choice can make the difference between an aquatic adventure and a trek across the Sahara. It also can set the tone, establishing either an active adventure space or a soothing quiet zone. Color impacts the playground in as many ways as there are shades—luckily, we have the tools to help you find the best

Tropical Yellow
Teal
Lime

Sunny Days

To choose your palette, pick a color for the main structure, and then post and accent colors to complement your main choice.

Differentiating the details by choosing specific shades, vinyl, ropes, and even belt swings can also help your play space look and feel more cohesive. Contact your representative to learn more about how your choices of color and material can make an impact.
