

## Heil Environmental #110223-THC

Pricing for contract #110223-THC offers Sourcewell participating agencies the following discounts:

- A discount of 4% off MSRP as well as any associated surcharges for all products and services which would represent the ceiling price a member would pay to a Heil dealer. The exception to this would be the chassis.
- This discount does not apply to equipment rentals through those various entities as rental pricing has already taken this discount.
