4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises. 37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Doron's training simulators are purchased because of a training need and not because of a social desire or experience. Hence all buyers are directed to Doron's established and professional web site, www.doronprecision.com . This direction can be via email, text, and other sites such as Linked-In and youtube. https://www.youtube.com/channel/UCi1Pj32YLcoptSSAJCy7N7A is Doron's youtube channel . 38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	In my view Sourcewell is a similar agency to the government GSA. Sourcewell promotes, markets and advertises Doron's products which are then ordered with Doron via Sourcewell. A Sourcewell awarded contract is integrated into Doron's ordering process just like any other order.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	All of Doron's products and services are available via a purchase order process or on line agencies such as GSA. Doron does not have it's own e-procurement web site.

Table 13: Audit and Administrative Fee

68	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcwell. This process includes ensuring that Sourcwell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcwell. Provide sufficient detail to support your ability to report quarterly sales to Sourcwell as described in the Contract template.	Doron's has been under the Federal GSA Advantage program for 20 years and has a well proven process for proper pricing and reporting quarterly sales in this program. It will use the same processes for Sourcwell.
69	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Production Schedule. Test and QA. Delivery Schedule. Installation and Training Schedule. Doron uses the Acumatica ERP system to track, maintain and measure all orders to completion.
70	Identify a proposed administrative fee that you will pay to Sourcwell for facilitating, managing, and promoting the Sourcwell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	This is TBD but it will be similar to the Federal GSA program (0.75% of the contract value)

4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
